1. Description of the Plan

The following brief description of the Laser Holdings, LLC 401(k) P/S Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by Laser Holdings, LLC (the Company) effective January 1, 2018, to provide deferred tax benefits to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers all active employees of the Company who are at least 18 years of age and have completed one month of service, excluding employees covered by a collective bargaining agreement and non-resident aliens. Enrollment is allowed on the day coinciding with or subsequent to completion of the eligibility requirements. Participants who have completed 1000 hours of service and are employed on the last day of the applicable Plan year are eligible to receive profit-sharing Company contributions and Company matching contributions.

Contributions

Each year, participants may contribute up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the Plan year. Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions are subject to certain limitations. Newly hired employees who become eligible to participate in the Plan are automatically enrolled at 2% of their compensation, unless another option is selected by them, with no automatic annual increases.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

The Company may make matching contributions and/or profit-sharing contributions (collectively Company contributions), which is determined annually by the Company; however, these contributions are not required. There were no Company contributions in 2019.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

1. Description of the Plan (cont.)

Vesting

Participants are 100% vested in their deferrals, their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company contributions is based on years of credited service. The Plan document allows crediting for years of service for participants who terminate and are rehired, subject to certain rules. Based on years of credited service, the vesting schedule is as follows:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participants become 100% vested in their account upon termination of employment due to death or disability.

Payment of Benefits

A participant's account may be withdrawn upon termination of employment, disability, or death. Participants may elect to have distributions paid as a lump-sum or rollover to an eligible retirement plan. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan.

Forfeitures

Forfeited account balances may be utilized to reduce future Company contributions or pay Plan fees. There were no unallocated forfeited funds as of December 31, 2019 and 2018. Additionally, no forfeitures were used during the year ended December 31, 2019.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade-date-basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Summary of Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, PAi Trust Company, Inc. (PAi), has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2019 and 2018, and for the year ended December 31, 2019 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2019 and 2018, and for the year then ended December 31, 2019 is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

4. Fair Value Measurements (cont.)

Basis of Fair Value Measurement (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 436,154**	**$ -**	**$ -**	**$ 436,154**
Total investments at fair value	**$ 436,154**	**$ -**	**$ -**	**$ 436,154**

December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual funds	$ 185,264	$ -	$ -	$ 185,264
Total investments at fair value	$ 185,264	$ -	$ -	$ 185,264

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA (Volume Submitter Plan) of Plan Administrators, Inc. which received an opinion letter from the IRS dated March 31, 2014, stating that the Volume Submitter Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become fully vested in their Company contributions.

7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

8. Related Parties and Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

9. Subsequent Events

The Plan has evaluated, for consideration of recognition or disclosure, subsequent events that have occurred through the date of issuance, October 06, 2020, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2019, but prior to the issuance of these financial statements, that would have a material impact on these financial statements.

The 2019 novel coronavirus (or COVID-19) has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2019 statement of net assets cannot be predicted at this time.

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted on March 27, 2020. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.
