DEFENDERS INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of Defenders, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 2009, as a defined contribution retirement savings plan covering all eligible employees of Defenders, Inc. (the Employer) who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 100% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Employer may elect to make discretionary matching and profit-sharing contributions to the Plan. In 2019, the Employer made matching contributions equal to 50% of the first 6% of compensation that each participant contributed to the Plan. No Employer profit-sharing contributions were made to the Plan in 2019.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service.

At December 31, 2019 and 2018, forfeited nonvested accounts of terminated participants totaled \$1,172 and \$205, respectively. These accounts will be used to pay Plan expenses or to reduce future Employer contributions. In 2019, forfeited nonvested accounts of \$402,198 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, substantially equal installments or partial withdrawals. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except a fully benefit-responsive investment contract is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The 401(k) Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and insurer. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Tax Status: The Plan has adopted a volume submitter plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the volume submitter plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors utilizing the applicable correction program available under the Employee Plans Compliance Resolution System (EPCRS). Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 7, 2020, the date the financial statements were available to be issued. See Note 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodology used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodology used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the unit price reported by the sponsoring insurance company. The underlying investments owned can include money market funds, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other pooled separate accounts, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of the underlying investments owned, less any accrual of fees and expenses borne by the account, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no significant redemption restrictions on these investments.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018:

2019	Level 2	Total
Pooled separate accounts	<u>\$33,033,581</u>	<u>\$33,033,581</u>
Total Investments at Fair Value	<u>\$33,033,581</u>	<u>\$33,033,581</u>
2018		
Pooled separate accounts	<u>\$26,550,977</u>	<u>\$26,550,977</u>
Total Investments at Fair Value	<u>\$26,550,977</u>	<u>\$26,550,977</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S INSURER (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Transamerica Life Insurance Company, the Plan's insurer, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed periodically for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Plan investments are managed by Transamerica Life Insurance Company, the Insurer of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Insurer also receives indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Insurer and/or its affiliate totaled \$52,366 in 2019.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions (and participant loan repayments) to the Plan as soon as they can be segregated from the Employer's general assets. While the Employer remitted all participant contributions (and participant loan repayments) to the Plan, contributions (and loan repayments) totaling \$305,596 were not remitted within the required time period for the year ended December 31, 2019 as reported on the attached Schedule of Delinquent Participant Contributions. The Employer corrected the delinquent contributions and loan repayments, including remitting the lost earnings related to the delinquent contributions and loan repayments to the Plan for the year ended December 31, 2019. In addition, the Employer corrected the late remittances related to the December 31, 2018 Plan year during 2019, as reported on the supplemental schedule.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 9 - SUBSEQUENT EVENTS

Effective January 6, 2020, the Employer was acquired by and became an indirect wholly-owned subsidiary of ADT Inc.

NOTE 9 - SUBSEQUENT EVENTS (CONTINUED)

In connection with the above described acquisition, a resolution dated April 15, 2020 was approved appointing ADP LLC Administrative Committee as the named fiduciary and administrator of the Plan, effective as of the acquisition date. The Employer and ADT LLC, an indirect wholly-owned subsidiary of ADT Inc., are currently working on various post-acquisition activities in which employees of the Employer will become employees of ADT LLC effective January 1, 2021. On July 29, 2020, the Employer notified the Plan's service providers that the Plan is anticipated to be merged into the ADT Security Corporation Retirement Savings and Investment Plan (the ADT Plan) effective December 31, 2020. Accordingly, all Plan assets and liabilities are anticipated to be transferred to the ADT Plan at which time the Plan and its related trust will cease to exist.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization (the "COVID-19 Pandemic"). The COVID-19 Pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect the Plan's assets. While the potential economic impact and the duration of the COVID-19 Pandemic may be difficult to assess or predict, the COVID-19 Pandemic could result in significant disruption of global financial markets. The extent to which the COVID-19 Pandemic impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (the "CARES Act") was passed by the U.S. Senate on March 25, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to the COVID-19 Pandemic. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan due to the COVID-19 Pandemic.

The Employer has elected to implement certain provisions under the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2019 and the Coronavirus Aid, Relief and Economic Security Act (CARES Act) of 2020 and intends to formally amend the Plan Agreement prior to the applicable due date as set forth under each Act.
