INDEPENDENT AUDITOR’S REPORT

Plan Administrator and Plan Participants
Rogers Group, Inc. and Its Affiliates
Retirement Plan
Nashville, Tennessee

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the “Plan”), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

MANAGEMENT’S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Prudential Retirement Insurance and Annuity Company (“Prudential”), the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Prudential holds the Plan’s investment assets and executes investment transactions. The Plan Administrator has obtained certifications from Prudential as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by Prudential is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplementary information on pages 15 and 16 as of and for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION

The following brief description of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information on the Plan’s provisions.

General

The Plan, which was adopted effective August 1, 1985, is a non-contributory defined benefit pension plan. The Plan covers all non-collective bargaining employees of Rogers Group, Inc. and certain of its affiliated companies (collectively, the “Employer” or “Plan Administrator”) who were employed prior to January 1, 2004. The purpose of the Plan is to provide retirement, disability, death and certain other benefits to such employees as specified in the Plan. The Plan has been subsequently amended and/or restated to reflect certain changes in the tax law and/or Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plan Investment and Administration Committee (the “Committee”) is responsible for oversight of the Plan. The Committee determines the appropriateness of the investments and monitors investment performance. Prudential Retirement Insurance and Annuity Company (“Prudential”) is the Plan Trustee who receives all funds and assumes responsibility for the investment and distributions of funds.

Eligibility

All employees hired prior to January 1, 2004, who are at least 21 years old and actively employed at Plan year end, who are not covered by a collective bargaining agreement, and who have completed at least one year of full-time service, participate in the Plan.

Funding Policy

The Plan’s funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2019, the Employer made a contribution of \$2,107,136. The Employer’s contribution for 2019 exceeded the minimum funding requirements of ERISA. No participant is required or permitted to make voluntary contributions to the Plan.

Pension Benefits

Participants’ earned benefits vest 100% after five completed years of service. Plan participants become entitled to monthly pension benefits upon reaching their normal retirement age of 65. Prior to the adoption of the new benefit formula effective April 1, 1989, the standard monthly benefit was computed under the “old formula” based on 10% of the participant’s monthly covered compensation, as defined in the Plan Agreement, plus 34% of the participant’s monthly earnings in excess of covered compensation, the total of which was reduced 1/15th for each year of service less than 15 years. A participant’s earned benefit was equal to the monthly pension benefit multiplied by the ratio of (i) his actual years of service to the date of computation, to (ii) the total number of years of service that he would have completed if he had remained in the employ of the Employer until his normal retirement date. A participant’s monthly earnings were based on the average amount paid to him during his final ten calendar years of service with the Employer.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

Effective April 1, 1989, the standard monthly benefit has been computed based on .7% of the participant's average monthly compensation multiplied by his years of service. Effective April 1, 2002, the participant's average monthly compensation has been based on his five highest calendar years out of the last six consecutive years of employment prior to retirement date. Prior to April 1, 2002, a participant's average monthly compensation was based on his final five calendar years prior to retirement. However, the monthly benefit for any employee who was a participant in the Plan on March 31, 1989, cannot be less than the amount that would have been payable to him under the "old" formula.

The standard monthly benefit under either formula is reduced by the monthly pension benefit, if any, which the employee was entitled to receive from a prior plan (the "Prior Plan"). The Prior Plan was terminated effective August 1, 1985 and distributed in the form of a single premium non-transferable annuity contract as a result of the termination.

Married employees must receive their benefits in the form of a qualified joint and survivor annuity payable monthly for life unless other appropriate elections are made. Single employees normally receive a monthly income for life with 120 monthly payments guaranteed. The Plan also provides for certain other options as determined by the Trustee on a nondiscriminatory basis. The standard monthly benefit is adjusted for the option selected by the employee.

Early retirement benefits may be paid to any participant who has completed ten or more years of service and is within five years of normal retirement. An eligible participant may choose to receive a monthly pension benefit equal to: (i) the amount of his earned benefit computed as of his early retirement date with the benefit beginning at his normal retirement date; or (ii) the amount of his earned benefit computed as of such early retirement date and reduced by 5/9 of 1% for each month (1/12 for each year under the "old" formula) by which the early retirement date precedes his normal retirement date with the benefit beginning at his early retirement date.

If any participant terminates employment with the Employer and the present value of the earned benefit is less than \$5,000, the entire present value of the vested portion can be paid out in a mandatory distribution. The distribution is made in one lump sum payment, and the participant can elect to receive the funds directly or roll them over to a qualified plan or IRA. If the participant fails to make an election, benefits valued under \$1,000 are paid directly to him and benefits valued between \$1,000 and \$5,000 are rolled over into an IRA designated by the Plan Administrator.

Death and Disability Benefits

Surviving spouses of participants who die either (i) after their benefits are vested and while still on the active payroll of the Employer, or (ii) after terminating their employment but before payment of benefits has begun, may be entitled to the qualified preretirement survivor annuity as defined in the Plan document.

Participants disabled for purposes of this Plan become 100% vested in their earned benefits under the Plan, regardless of age or number of years of service completed. The value of the earned benefit selected by the participant is payable at the earlier of the date the participant reaches age 65 or the date the employee no longer receives monthly disability benefit payments under the Employer's disability plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recognized in the year paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Recent Authoritative Accounting Guidance

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Events Occurring after Reporting Date

The Plan Administrator has evaluated events and transactions that occurred between December 31, 2019 and October 7, 2020, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (i) retired or terminated employees or their beneficiaries; (ii) beneficiaries of employees who have died; and (iii) present employees or their beneficiaries.

Benefits under the Plan are calculated based on Plan provisions. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019, is determined by actuaries from Prudential Actuarial Advisory Services and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the value of money (through discounts and interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

The significant actuarial assumptions used in the valuations as of January 1, 2020 and 2019, are as follows:

	2020	2019
Interest Rate - Funding	2.79% First five years 3.92% Next fifteen years 4.38% Thereafter	2.28% First five years 3.81% Next fifteen years 4.46% Thereafter
Interest Rate - ASC 960	6.50%	6.50%
Mortality	IRS 2020 Generational Mortality Tables, Male and Female Tables	IRS 2019 Generational Mortality Tables, Male and Female Tables
Normal retirement	Age 65 and completion of 5 years of service or attained age, if greater	Age 65 and completion of 5 years of service or attained age, if greater
Termination	Crocker - Sarason Straight T-8	Crocker - Sarason Straight T-8
Salary scale	4.25% Age under 45 3.25% Age 45-64 1.50% Age over 65 Rates per annum, compounded annually	4.25% Age under 45 3.25% Age 45-64 1.50% Age over 65 Rates per annum, compounded annually

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2019 that ceiling was \$5,608 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity, and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
--------------	---

There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Notes to Financial Statements

December 31, 2019

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

NOTE 7 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Trustee, Prudential, not be subjected to any auditing procedures, except for comparing such information to the related information included in the financial statements and supplementary information.

The Trustee has certified to all investments (individually and in summary) as of December 31, 2019 and 2018, and all investment transactions for the year ended December 31, 2019, including investment income, realized and unrealized gains and losses, and all supplementary information.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator, by a letter dated August 24, 2010, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (the "Code"). However, the Plan has been amended and restated since applying for the determination letter.

The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit, concentrations in specific industry sectors, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Because of uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

At December 31, 2019 and 2018, the Plan had a concentration of investments in two and four funds, which represented approximately 54% and 68% of total investments, respectively.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Plan, to date, the Plan is experiencing increased volatility in the fair value of investments. These conditions make it reasonably possible that the Plan is vulnerable to the risk of a near-term severe impact. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near-term as a result of these conditions.

NOTE 10 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. During 2019, Plan investments were held by Prudential, the Plan Trustee and, therefore, these transactions qualify as party-in-interest transactions. Additionally, Prudential served as the Plan's recordkeeper and also qualifies as a party-in-interest. Party-in-interest transactions include administrative expenses totaling \$264,829 for the year ended December 31, 2019, which related to the recordkeeping of invested assets, and are charged to the Plan.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

All other Plan administrative expenses, totaling \$185,567 for the year ended December 31, 2019, include fees incurred for actuarial services, annual audit fees and premiums to the PBGC, were also paid by the Plan.

Investment fees paid to SunTrust Bank, Financial Advisor to the Plan, for the management of certain investments held by the Plan also qualify as party-in-interest transactions. Investment management fees charged to the Plan totaled \$70,000 for the year ended December 31, 2019. These expenses were reimbursed for by Prudential

All party-in-interest transactions were exempt from being prohibited transactions under United States Department of Labor Regulations.

SECTION VII

PLAN PROVISIONS

Year of Service	12-consecutive month computation period in which an employee is credited with 1,000 or more hours of service.
Compensation	Total annual pay in a calendar year excluding bonuses, severance allowances, prizes or awards and reimbursement of expenses.
Average Compensation	The average during the period of actual employment in the five (5) calendar years out of the last six (6) consecutive years of employment during which earnings were highest.
Normal Form of Benefit	Life annuity with 120 payments guaranteed for unmarried participants. 100% Joint & Survivor for married participants.
Normal Retirement Date	First of the month coincident with or next following attained age 65 and 5 years of plan participation.
Participation Eligibility	<p>An eligible employee will enter the plan on the first day of the month following completion of one Year of Service and attainment of age 21.</p> <p>Employees hired after December 31, 2003 are not eligible to participate in the Plan.</p>
Benefit Formula	<p>The greater of (a) or (b):</p> <ul style="list-style-type: none">a) 0.7% Average Compensation multiplied by Years of Service.b) The accrued benefit under the prior plan as of March 31, 1989. <p>The above benefit will be offset by the amount of any annuity benefit purchased on behalf of a participant in 1985.</p>
Early Eligibility	A participant may elect Early Retirement after 10 years of credited service for vesting and attainment of age 60. There is a reduction of five-ninths of 1% for each of the first 60 months preceding Normal Retirement Date.
Vesting Schedule	Five years of Service equals 100% vesting.

SECTION VII

PLAN PROVISIONS

Death Benefit

The spouse of a participant (either active or terminated) who has satisfied the vesting requirement is entitled to a survivor annuity upon the death of the participant prior to the commencement of retirement benefits. The amount of such benefit will be equal to the benefit the spouse would have received had the participant retired on his date of death (or age 60 with 10 years of service, if later) and elected to receive a 50% Joint & Survivor annuity.

Disability Retirement

Vested benefit payable at later of cessation of LTD benefits, if applicable, and age 65.

SECTION VII

ACTUARIAL METHODS

Under the Actuarial Methods described below, if all current assumptions remain constant and are realized, funding at least the Minimum Required Contribution each year will eventually accumulate sufficient plan assets to cover the Funding Target. Future widening of the interest rate stabilization corridor may extend the time period for the plan to become fully funded.

Cost Method

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described under "Actuarial Assumptions" of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year plus an estimate of the expenses to be paid from plan assets during the plan year.

Funding Target and Funding Shortfall

The Funding Target is the present value of benefits accrued as of the beginning of the plan year and the Funding Shortfall is the excess of the Funding Target over the Actuarial Value of Assets (reduced by the Credit Balance). The initial Funding Shortfall is amortized over seven years.

In subsequent years, the Funding Shortfall less the present value of prior year amortization installments is amortized over seven years, and added to any prior year amortization installments.

Segment rates are adjusted as necessary to fall within the specified corridor of the corresponding 25-year average of segment rates for the period ending September 30 of the calendar year preceding the first day of the plan year. The specified corridor is:

<u>Plan Year</u>	<u>Corridor</u>
Through 2020	90% - 110%
2021	85% - 115%
2022	80% - 120%
2023	75% - 125%
2024 and later	70% - 130%

The adjustments to fall within the specified corridor of the 25-year average of segment rates apply for determining the minimum required contribution and related funded percentages. They do not apply for determining the maximum tax deductible contribution or certain other situations.

Sponsor Elections

Discount Rate: Segment rates, with a 4-month lookback

Mortality Table: Prescribed IRS 2019 Generational Mortality Table sex-distinct

SECTION VII

ACTUARIAL METHODS

At-Risk Determination

The At-Risk Funding Target is determined by assuming that participants eligible to retire in the current plan year and next 10 plan years retire at the earliest possible date, but not before the end of the plan year. All participants are assumed to elect the optional form resulting in the highest possible present value.

A load is added to the At-Risk Funding Target and At-Risk Target Normal Cost when a plan is At-Risk in at least two years during the preceding four years. The load increases the At-Risk Funding Target by 4% of the Not At-Risk Funding Target plus \$700 per participant, and increases the At-Risk Target Normal Cost by 4% of the Not At-Risk Target Normal Cost.

The Funding Target and Target Normal Cost are calculated by multiplying the Not At-Risk values by 100% minus the Phase-In Percentage, plus the At-Risk values multiplied by the Phase-In Percentage.

Credit Balance

The Credit Balance consists of the Carryover Balance from excess contributions prior to the Pension Protection Act (PPA) of 2006, plus the Prefunding Balance from elected excess contributions after the PPA. Balances accumulate with interest and are reduced for amounts applied towards the Minimum Required Contribution, voluntary waivers by the plan sponsor, and compelled waivers to avoid benefit restrictions. The Actuarial Value of Assets is reduced by the Credit Balance to determine certain funded percentages and to determine the Funding Shortfall.

Asset Valuation Method

The Actuarial Value of Assets is determined using an annual average of the adjusted Fair Market Value of Assets with the earliest determination 24 months prior to the valuation date. The Fair Market Value of Assets in prior years is adjusted for contributions, benefit payments, expenses and expected earnings (not to exceed the third segment rate).

This is equivalent to the Fair Market Value of Assets, plus two-thirds of the (gain)/loss from the prior year, plus one-third of the (gain)/loss from the second preceding year. The (gain)/loss in each year is the difference between the expected and actual returns on the Fair Market Value of Assets.

The Actuarial Value of Assets is adjusted to be no less than 90% or no more than 110% of the Fair Market Value of Assets, as required by IRC Section 430(g)(3)(B)(iii).

Since the expected earnings assumption cannot exceed the third segment rate, over time, the method may produce an Actuarial Value of Assets slightly below the Fair Market Value of Assets.

The Actuarial Value of Assets for determining the Maximum Tax Deductible Contribution reflects interest rate stabilization rates for discounting contributions and limiting expected earnings.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SECTION VII

ACTUARIAL METHODS

Under the Actuarial Methods described below, if all current assumptions remain constant and are realized, funding at least the Minimum Required Contribution each year will eventually accumulate sufficient plan assets to cover the Funding Target. Future widening of the interest rate stabilization corridor may extend the time period for the plan to become fully funded.

Cost Method

Costs have been computed in accordance with the Unit Credit Actuarial Cost Method and reflect the actuarial assumptions described under "Actuarial Assumptions" of this report as provided under the applicable regulations of the Pension Protection Act of 2006.

Target Normal Cost

The Target Normal Cost is the present value of benefits expected to accrue during the plan year plus an estimate of the expenses to be paid from plan assets during the plan year.

Funding Target and Funding Shortfall

The Funding Target is the present value of benefits accrued as of the beginning of the plan year and the Funding Shortfall is the excess of the Funding Target over the Actuarial Value of Assets (reduced by the Credit Balance). The initial Funding Shortfall is amortized over seven years.

In subsequent years, the Funding Shortfall less the present value of prior year amortization installments is amortized over seven years, and added to any prior year amortization installments.

Segment rates are adjusted as necessary to fall within the specified corridor of the corresponding 25-year average of segment rates for the period ending September 30 of the calendar year preceding the first day of the plan year. The specified corridor is:

<u>Plan Year</u>	<u>Corridor</u>
Through 2020	90% - 110%
2021	85% - 115%
2022	80% - 120%
2023	75% - 125%
2024 and later	70% - 130%

The adjustments to fall within the specified corridor of the 25-year average of segment rates apply for determining the minimum required contribution and related funded percentages. They do not apply for determining the maximum tax deductible contribution or certain other situations.

Discount Rate: Segment rates, with a 4-month lookback

Mortality Table: Prescribed IRS 2019 Generational Mortality Table sex-distinct

SECTION VII

ACTUARIAL METHODS

At-Risk Determination

The At-Risk Funding Target is determined by assuming that participants eligible to retire in the current plan year and next 10 plan years retire at the earliest possible date, but not before the end of the plan year. All participants are assumed to elect the optional form resulting in the highest possible present value.

A load is added to the At-Risk Funding Target and At-Risk Target Normal Cost when a plan is At-Risk in at least two years during the preceding four years. The load increases the At-Risk Funding Target by 4% of the Not At-Risk Funding Target plus \$700 per participant, and increases the At-Risk Target Normal Cost by 4% of the Not At-Risk Target Normal Cost.

The Funding Target and Target Normal Cost are calculated by multiplying the Not At-Risk values by 100% minus the Phase-In Percentage, plus the At-Risk values multiplied by the Phase-In Percentage.

Credit Balance

The Credit Balance consists of the Carryover Balance from excess contributions prior to the Pension Protection Act (PPA) of 2006, plus the Prefunding Balance from elected excess contributions after the PPA. Balances accumulate with interest and are reduced for amounts applied towards the Minimum Required Contribution, voluntary waivers by the plan sponsor, and compelled waivers to avoid benefit restrictions. The Actuarial Value of Assets is reduced by the Credit Balance to determine certain funded percentages and to determine the Funding Shortfall.

Asset Valuation Method

The Actuarial Value of Assets is determined using an annual average of the adjusted Fair Market Value of Assets with the earliest determination 24 months prior to the valuation date. The Fair Market Value of Assets in prior years is adjusted for contributions, benefit payments, expenses and expected earnings (not to exceed the third segment rate).

This is equivalent to the Fair Market Value of Assets, plus two-thirds of the (gain)/loss from the prior year, plus one-third of the (gain)/loss from the second preceding year. The (gain)/loss in each year is the difference between the expected and actual returns on the Fair Market Value of Assets.

The Actuarial Value of Assets is adjusted to be no less than 90% or no more than 110% of the Fair Market Value of Assets, as required by IRC Section 430(g)(3)(B)(iii).

Since the expected earnings assumption cannot exceed the third segment rate, over time, the method may produce an Actuarial Value of Assets slightly below the Fair Market Value of Assets.

The Actuarial Value of Assets for determining the Maximum Tax Deductible Contribution reflects interest rate stabilization rates for discounting contributions and limiting expected earnings.

SECTION VII

PLAN PROVISIONS

Year of Service	12-consecutive month computation period in which an employee is credited with 1,000 or more hours of service.
Compensation	Total annual pay in a calendar year excluding bonuses, severance allowances, prizes or awards and reimbursement of expenses.
Average Compensation	The average during the period of actual employment in the five (5) calendar years out of the last six (6) consecutive years of employment during which earnings were highest.
Normal Form of Benefit	Life annuity with 120 payments guaranteed for unmarried participants. 100% Joint & Survivor for married participants.
Normal Retirement Date	First of the month coincident with or next following attained age 65 and 5 years of plan participation.
Participation Eligibility	<p>An eligible employee will enter the plan on the first day of the month following completion of one Year of Service and attainment of age 21.</p> <p>Employees hired after December 31, 2003 are not eligible to participate in the Plan.</p>
Benefit Formula	<p>The greater of (a) or (b):</p> <ul style="list-style-type: none">a) 0.7% Average Compensation multiplied by Years of Service.b) The accrued benefit under the prior plan as of March 31, 1989. <p>The above benefit will be offset by the amount of any annuity benefit purchased on behalf of a participant in 1985.</p>
Early Eligibility	A participant may elect Early Retirement after 10 years of credited service for vesting and attainment of age 60. There is a reduction of five-ninths of 1% for each of the first 60 months preceding Normal Retirement Date.
Vesting Schedule	Five years of Service equals 100% vesting.

SECTION VII

PLAN PROVISIONS

Death Benefit

The spouse of a participant (either active or terminated) who has satisfied the vesting requirement is entitled to a survivor annuity upon the death of the participant prior to the commencement of retirement benefits. The amount of such benefit will be equal to the benefit the spouse would have received had the participant retired on his date of death (or age 60 with 10 years of service, if later) and elected to receive a 50% Joint & Survivor annuity.

Disability Retirement

Vested benefit payable at later of cessation of LTD benefits, if applicable, and age 65.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Rogers Group, Inc. and Its Affiliates
Retirement Plan
Nashville, Tennessee

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Prudential Retirement Insurance and Annuity Company ("Prudential"), the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that Prudential holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from Prudential as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by Prudential is complete and accurate.

DISCLAIMER OF OPINION

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

OTHER MATTER

The supplementary information on pages 15 and 16 as of and for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION AND RELATED INFORMATION

The following brief description of the Rogers Group, Inc. and Its Affiliates Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information on the Plan’s provisions.

General

The Plan, which was adopted effective August 1, 1985, is a non-contributory defined benefit pension plan. The Plan covers all non-collective bargaining employees of Rogers Group, Inc. and certain of its affiliated companies (collectively, the “Employer” or “Plan Administrator”) who were employed prior to January 1, 2004. The purpose of the Plan is to provide retirement, disability, death and certain other benefits to such employees as specified in the Plan. The Plan has been subsequently amended and/or restated to reflect certain changes in the tax law and/or Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Retirement Plan Investment and Administration Committee (the “Committee”) is responsible for oversight of the Plan. The Committee determines the appropriateness of the investments and monitors investment performance. Prudential Retirement Insurance and Annuity Company (“Prudential”) is the Plan Trustee who receives all funds and assumes responsibility for the investment and distributions of funds.

Eligibility

All employees hired prior to January 1, 2004, who are at least 21 years old and actively employed at Plan year end, who are not covered by a collective bargaining agreement, and who have completed at least one year of full-time service, participate in the Plan.

Funding Policy

The Plan’s funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2019, the Employer made a contribution of \$2,107,136. The Employer’s contribution for 2019 exceeded the minimum funding requirements of ERISA. No participant is required or permitted to make voluntary contributions to the Plan.

Pension Benefits

Participants’ earned benefits vest 100% after five completed years of service. Plan participants become entitled to monthly pension benefits upon reaching their normal retirement age of 65. Prior to the adoption of the new benefit formula effective April 1, 1989, the standard monthly benefit was computed under the “old formula” based on 10% of the participant’s monthly covered compensation, as defined in the Plan Agreement, plus 34% of the participant’s monthly earnings in excess of covered compensation, the total of which was reduced 1/15th for each year of service less than 15 years. A participant’s earned benefit was equal to the monthly pension benefit multiplied by the ratio of (i) his actual years of service to the date of computation, to (ii) the total number of years of service that he would have completed if he had remained in the employ of the Employer until his normal retirement date. A participant’s monthly earnings were based on the average amount paid to him during his final ten calendar years of service with the Employer.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

Effective April 1, 1989, the standard monthly benefit has been computed based on .7% of the participant's average monthly compensation multiplied by his years of service. Effective April 1, 2002, the participant's average monthly compensation has been based on his five highest calendar years out of the last six consecutive years of employment prior to retirement date. Prior to April 1, 2002, a participant's average monthly compensation was based on his final five calendar years prior to retirement. However, the monthly benefit for any employee who was a participant in the Plan on March 31, 1989, cannot be less than the amount that would have been payable to him under the "old" formula.

The standard monthly benefit under either formula is reduced by the monthly pension benefit, if any, which the employee was entitled to receive from a prior plan (the "Prior Plan"). The Prior Plan was terminated effective August 1, 1985 and distributed in the form of a single premium non-transferable annuity contract as a result of the termination.

Married employees must receive their benefits in the form of a qualified joint and survivor annuity payable monthly for life unless other appropriate elections are made. Single employees normally receive a monthly income for life with 120 monthly payments guaranteed. The Plan also provides for certain other options as determined by the Trustee on a nondiscriminatory basis. The standard monthly benefit is adjusted for the option selected by the employee.

Early retirement benefits may be paid to any participant who has completed ten or more years of service and is within five years of normal retirement. An eligible participant may choose to receive a monthly pension benefit equal to: (i) the amount of his earned benefit computed as of his early retirement date with the benefit beginning at his normal retirement date; or (ii) the amount of his earned benefit computed as of such early retirement date and reduced by 5/9 of 1% for each month (1/12 for each year under the "old" formula) by which the early retirement date precedes his normal retirement date with the benefit beginning at his early retirement date.

If any participant terminates employment with the Employer and the present value of the earned benefit is less than \$5,000, the entire present value of the vested portion can be paid out in a mandatory distribution. The distribution is made in one lump sum payment, and the participant can elect to receive the funds directly or roll them over to a qualified plan or IRA. If the participant fails to make an election, benefits valued under \$1,000 are paid directly to him and benefits valued between \$1,000 and \$5,000 are rolled over into an IRA designated by the Plan Administrator.

Death and Disability Benefits

Surviving spouses of participants who die either (i) after their benefits are vested and while still on the active payroll of the Employer, or (ii) after terminating their employment but before payment of benefits has begun, may be entitled to the qualified preretirement survivor annuity as defined in the Plan document.

Participants disabled for purposes of this Plan become 100% vested in their earned benefits under the Plan, regardless of age or number of years of service completed. The value of the earned benefit selected by the participant is payable at the earlier of the date the participant reaches age 65 or the date the employee no longer receives monthly disability benefit payments under the Employer's disability plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recognized on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recognized in the year paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Recent Authoritative Accounting Guidance

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Events Occurring after Reporting Date

The Plan Administrator has evaluated events and transactions that occurred between December 31, 2019 and October 7, 2020, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (i) retired or terminated employees or their beneficiaries; (ii) beneficiaries of employees who have died; and (iii) present employees or their beneficiaries.

Benefits under the Plan are calculated based on Plan provisions. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits as of January 1, 2020 and 2019, is determined by actuaries from Prudential Actuarial Advisory Services and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the value of money (through discounts and interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

The significant actuarial assumptions used in the valuations as of January 1, 2020 and 2019, are as follows:

	2020	2019
Interest Rate - Funding	2.79% First five years 3.92% Next fifteen years 4.38% Thereafter	2.28% First five years 3.81% Next fifteen years 4.46% Thereafter
Interest Rate - ASC 960	6.50%	6.50%
Mortality	IRS 2020 Generational Mortality Tables, Male and Female Tables	IRS 2019 Generational Mortality Tables, Male and Female Tables
Normal retirement	Age 65 and completion of 5 years of service or attained age, if greater	Age 65 and completion of 5 years of service or attained age, if greater
Termination	Crocker - Sarason Straight T-8	Crocker - Sarason Straight T-8
Salary scale	4.25% Age under 45 3.25% Age 45-64 1.50% Age over 65 Rates per annum, compounded annually	4.25% Age under 45 3.25% Age 45-64 1.50% Age over 65 Rates per annum, compounded annually

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (“PBGC”) (a U.S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual’s monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2019 that ceiling was \$5,608 per month. The ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity, and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Employer and the level of benefits guaranteed by the PBGC.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
--------------	---

There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2019</u>

Actuarial present value of accumulated plan benefits - end of year	<u>\$ 66,246,025</u>

NOTE 7 - INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has elected that the information certified by the Trustee, Prudential, not be subjected to any auditing procedures, except for comparing such information to the related information included in the financial statements and supplementary information.

The Trustee has certified to all investments (individually and in summary) as of December 31, 2019 and 2018, and all investment transactions for the year ended December 31, 2019, including investment income, realized and unrealized gains and losses, and all supplementary information.

NOTE 8 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator, by a letter dated August 24, 2010, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (the "Code"). However, the Plan has been amended and restated since applying for the determination letter.

The Plan Administrator believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit, concentrations in specific industry sectors, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the financial statements.

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Because of uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

At December 31, 2019 and 2018, the Plan had a concentration of investments in two and four funds, which represented approximately 54% and 68% of total investments, respectively.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Plan, to date, the Plan is experiencing increased volatility in the fair value of investments. These conditions make it reasonably possible that the Plan is vulnerable to the risk of a near-term severe impact. Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near-term as a result of these conditions.

NOTE 10 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. During 2019, Plan investments were held by Prudential, the Plan Trustee and, therefore, these transactions qualify as party-in-interest transactions. Additionally, Prudential served as the Plan's recordkeeper and also qualifies as a party-in-interest. Party-in-interest transactions include administrative expenses totaling \$264,829 for the year ended December 31, 2019, which related to the recordkeeping of invested assets, and are charged to the Plan.

ROGERS GROUP, INC. AND ITS AFFILIATES RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019

All other Plan administrative expenses, totaling \$185,567 for the year ended December 31, 2019, include fees incurred for actuarial services, annual audit fees and premiums to the PBGC, were also paid by the Plan.

Investment fees paid to SunTrust Bank, Financial Advisor to the Plan, for the management of certain investments held by the Plan also qualify as party-in-interest transactions. Investment management fees charged to the Plan totaled \$70,000 for the year ended December 31, 2019. These expenses were reimbursed for by Prudential

All party-in-interest transactions were exempt from being prohibited transactions under United States Department of Labor Regulations.
