INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Premium Inspection & Testing Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Premium Inspection & Testing Inc. 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility on the Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investments, related investment income, and notes receivable from participants, which were certified by Voya Retirement Insurance and Annuity Company (Voya), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Voya holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from Voya as of and for the year ended December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by Voya is complete and accurate.

Disclaimer of Opinion on the Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Premium Inspection & Testing Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Premium Inspection & Testing Inc. (the Company) who are age eighteen or older and have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum amount of pre-tax compensation allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmably elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The initial automatic deferral amount will increase by 1% on the first day of each plan year up to 10%. The Company contributes a safe harbor matching contribution equal to 100% of the participant's salary deferral not to exceed 4% of compensation. Additional matching and profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2019, the Company did not make any additional matching or profit sharing contribution to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's and the Company's matching contribution as well as allocations of the Company's profit sharing contribution and Plan earnings. Participants are charged with an allocation of administrative expenses that are charged to the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's additional matching and profit sharing contribution portions of their accounts plus actual earnings thereon are based on years of continuous service. A participant is 100% vested in the Company's additional matching and profit sharing contributions after five years of service.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The maximum number of loans a participant may have outstanding at any time is one. The loans are secured by the vested balance in the participant's account and bear interest based on current market rates, as defined by the Plan. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within a five-year period unless it is for the purchase of a primary residence, in which case maturity may be extended for a reasonable period of time that may exceed five years. If a participant's employment terminates for any reason (including death or retirement) prior to full repayment of the loan, the loan balance is cancelled and becomes taxable income to the participant.

Payment of Benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, a distribution in the form of an annuity, or a combination of both. In-service distributions are permitted after a participant reaches the age of 59 ½. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeitures: Amounts that are forfeited due to a participant's termination of employment prior to vesting in company contributions made on the participant's behalf are used to pay Plan expenses or reduce future matching employer contributions. For the year ended December 31, 2019, forfeitures used to offset Plan expenses or employer contributions were \$15,150. Unallocated forfeited balances remaining in plan assets as of December 31, 2019 and 2018 were \$19,598 and \$32,535, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as record keeping are allocated to participants. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (continued)

The pooled separate accounts are measured using net asset value (NAV) as a practical expedient. At December 31, 2019 and 2018, the Plan held no level 1, 2, or 3 investments under the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Each pooled separate account invests its assets solely in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs, such as the NAV of the shares of the underlying mutual fund held at year end adjusted for administrative expenses and other charges. As of December 31, 2019 and 2018, there are no unfunded commitments related to these investments and the investor may redeem these assets daily. The underlying assets in these pooled separate accounts are summarized into the following investment categories as of December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
<u>Pooled separate accounts:</u>		
Money market	\$ 16,625	\$ 27,093
Bond	22,934	35,386
Small cap	86,785	79,720
Mid cap	190,158	147,983
Large Cap	639,749	650,767
Blend, target-date	5,463,897	5,169,938
Total	<u>\$ 6,420,148</u>	<u>\$ 6,110,887</u>

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Investment Contract With Voya

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on an annual basis for resetting.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. Guaranteed Investment Contract With Voya (continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

5. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code (IRC) and is exempt from income taxes under Section 401(a) of the IRC. The Plan has executed an adoption agreement using Voya Retirement Insurance and Annuity Company Non-standardized 401(k) Profit Sharing Plan and relies on the determination letter dated September 1, 2014, issued for the standard plan. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

5. Income Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability nor disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would be 100% vested in employer contributions.

7. Related Party Transactions

The Plan invests in securities managed by Voya. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The Plan pays administrative fees to Voya which totaled \$2,631 for the year ended December 31, 2019 and is included in the statement of changes in net assets available for benefits.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Information Prepared and Certified by Voya

Pursuant to 29 CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to investment assets, investment transactions, investment earnings, notes receivable from participants, and the schedule of assets held at end of year was certified as complete and accurate by Voya as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

10. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 6, 2020, and determined that the following matters required additional disclosure in the financial statements. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

10. Subsequent Events (continued)

Effective January 1, 2020, Capitol Ultrasonics Company 401(K) Plan and Quality Testing Services 401(K) Plan were merged into Premium Inspection & Testing Inc. 401(K) Plan. Transfers of the two plans' net assets in the amount of \$8,527,395 and \$501,610 were completed as of January 16, 2020 and February 14, 2020, respectively. Capitol Ultrasonics, LLC and Quality Testing Services, Inc. are wholly owned subsidiaries of the Company. In addition, upon merger, the Plan document was amended, and the eligibility requirements have been amended to the age of 18 and have 1 year of service.

In March, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States. The COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption of financial markets, resulting in a significant decline in the values of investment securities. The extent of the adverse impact of the COVID-19 outbreak, if any, on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be reasonably estimated.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), an aid package designed to help the economy as it suffers from the effects of the COVID-19 pandemic. The CARES Act contains several provisions that affect employee benefit plans beginning in 2020, including temporary suspensions on limitations or expanded provisions related to hardship distributions, required minimum distributions and participant loans.

Effective September 13, 2020, the Company temporarily suspended employer matching and discretionary contributions to the Plan.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Premium Inspection & Testing Inc. 401(K) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Premium Inspection & Testing Inc. 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility on the Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investments, related investment income, and notes receivable from participants, which were certified by Voya Retirement Insurance and Annuity Company (Voya), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Voya holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from Voya as of and for the year ended December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by Voya is complete and accurate.

Disclaimer of Opinion on the Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets held at end of year as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Premium Inspection & Testing Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Premium Inspection & Testing Inc. (the Company) who are age eighteen or older and have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to the maximum amount of pre-tax compensation allowed by law, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmably elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The initial automatic deferral amount will increase by 1% on the first day of each plan year up to 10%. The Company contributes a safe harbor matching contribution equal to 100% of the participant's salary deferral not to exceed 4% of compensation. Additional matching and profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2019, the Company did not make any additional matching or profit sharing contribution to the Plan. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with the participant's and the Company's matching contribution as well as allocations of the Company's profit sharing contribution and Plan earnings. Participants are charged with an allocation of administrative expenses that are charged to the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in the Company's additional matching and profit sharing contribution portions of their accounts plus actual earnings thereon are based on years of continuous service. A participant is 100% vested in the Company's additional matching and profit sharing contributions after five years of service.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The maximum number of loans a participant may have outstanding at any time is one. The loans are secured by the vested balance in the participant's account and bear interest based on current market rates, as defined by the Plan. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within a five-year period unless it is for the purchase of a primary residence, in which case maturity may be extended for a reasonable period of time that may exceed five years. If a participant's employment terminates for any reason (including death or retirement) prior to full repayment of the loan, the loan balance is cancelled and becomes taxable income to the participant.

Payment of Benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, a distribution in the form of an annuity, or a combination of both. In-service distributions are permitted after a participant reaches the age of 59 ½. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeitures: Amounts that are forfeited due to a participant's termination of employment prior to vesting in company contributions made on the participant's behalf are used to pay Plan expenses or reduce future matching employer contributions. For the year ended December 31, 2019, forfeitures used to offset Plan expenses or employer contributions were \$15,150. Unallocated forfeited balances remaining in plan assets as of December 31, 2019 and 2018 were \$19,598 and \$32,535, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant does not make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as record keeping are allocated to participants. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under GAAP are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (continued)

The pooled separate accounts are measured using net asset value (NAV) as a practical expedient. At December 31, 2019 and 2018, the Plan held no level 1, 2, or 3 investments under the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Each pooled separate account invests its assets solely in the shares or units of an underlying mutual fund, and the investment objective of each subaccount corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs, such as the NAV of the shares of the underlying mutual fund held at year end adjusted for administrative expenses and other charges. As of December 31, 2019 and 2018, there are no unfunded commitments related to these investments and the investor may redeem these assets daily. The underlying assets in these pooled separate accounts are summarized into the following investment categories as of December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
<u>Pooled separate accounts:</u>		
Money market	\$ 16,625	\$ 27,093
Bond	22,934	35,386
Small cap	86,785	79,720
Mid cap	190,158	147,983
Large Cap	639,749	650,767
Blend, target-date	5,463,897	5,169,938
Total	<u>\$ 6,420,148</u>	<u>\$ 6,110,887</u>

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Guaranteed Investment Contract With Voya

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on an annual basis for resetting.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

4. Guaranteed Investment Contract With Voya (continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

5. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code (IRC) and is exempt from income taxes under Section 401(a) of the IRC. The Plan has executed an adoption agreement using Voya Retirement Insurance and Annuity Company Non-standardized 401(k) Profit Sharing Plan and relies on the determination letter dated September 1, 2014, issued for the standard plan. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

5. Income Tax Status (continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability nor disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants would be 100% vested in employer contributions.

7. Related Party Transactions

The Plan invests in securities managed by Voya. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. The Plan pays administrative fees to Voya which totaled \$2,631 for the year ended December 31, 2019 and is included in the statement of changes in net assets available for benefits.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Information Prepared and Certified by Voya

Pursuant to 29 CFR 2520.103-8, the Plan qualified for a limited scope audit. Information relating to investment assets, investment transactions, investment earnings, notes receivable from participants, and the schedule of assets held at end of year was certified as complete and accurate by Voya as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

10. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 6, 2020, and determined that the following matters required additional disclosure in the financial statements. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

PREMIUM INSPECTION & TESTING INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

10. Subsequent Events (continued)

Effective January 1, 2020, Capitol Ultrasonics Company 401(K) Plan and Quality Testing Services 401(K) Plan were merged into Premium Inspection & Testing Inc. 401(K) Plan. Transfers of the two plans' net assets in the amount of \$8,527,395 and \$501,610 were completed as of January 16, 2020 and February 14, 2020, respectively. Capitol Ultrasonics, LLC and Quality Testing Services, Inc. are wholly owned subsidiaries of the Company. In addition, upon merger, the Plan document was amended, and the eligibility requirements have been amended to the age of 18 and have 1 year of service.

In March, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States. The COVID-19 pandemic has negatively impacted the global economy and created significant volatility and disruption of financial markets, resulting in a significant decline in the values of investment securities. The extent of the adverse impact of the COVID-19 outbreak, if any, on the Plan's participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits cannot be reasonably estimated.

In response to the COVID-19 pandemic, the United States Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), an aid package designed to help the economy as it suffers from the effects of the COVID-19 pandemic. The CARES Act contains several provisions that affect employee benefit plans beginning in 2020, including temporary suspensions on limitations or expanded provisions related to hardship distributions, required minimum distributions and participant loans.

Effective September 13, 2020, the Company temporarily suspended employer matching and discretionary contributions to the Plan.
