**THE STEP2 COMPANY
401(k) RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of The Step2 Company 401(k) Retirement Plan and Trust (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan, established on January 1, 1995, is a defined contribution profit sharing plan covering all eligible employees of The Step2 Company, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Each employee of the Company is eligible to begin participating in the Plan after they have completed three months of service and have attained age 21. Employees are automatically enrolled in the Plan at a pre-tax deferral rate of 1% if they do not make an elective deferral election upon receiving notice of their initial plan eligibility. Effective January 1, 2019, the automatic deferral rate was increased to 3%. Effective January 1, 2020, automatic enrollment was eliminated.

Participant Accounts and Contributions

Participants may contribute via traditional pre-tax 401(k) elective deferrals or after-tax Roth elective deferrals. The deferrals may be up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. The two deferral types have separate accounts with gains and losses also separately accounted for. The Plan provisions apply to both deferral types. However, funds cannot be transferred between the two deferral accounts.

Participants in the Plan are eligible to receive Company matching contributions and discretionary profit sharing contributions. Matching contributions are based on an allocation formula determined by the Company. For the years ended December 31, 2019 and 2018, the Company matched 25% on participant elective deferrals up to a maximum of 3% of compensation. The Company did not make any discretionary profit sharing contributions during either 2019 and 2018.

Effective January 1, 2020, the Plan implemented a safe harbor match. The Company will match 100% of the first 3% of compensation and 50% of the next 2% of compensation which the participant defers.

Rollovers

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions and Company matching contributions are to be allocated among the investment options available under the Plan.

Vesting

Participants are immediately vested in elective deferrals plus actual earnings thereon. Vesting in Company contributions and any earnings thereon occurs ratably in 20% increments for each year of service and are 100% vested after five years of service.

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately \$240 and \$50, respectively. These accounts are used to reduce future employer contributions and plan administration expenses. Forfeitures of approximately \$5,300 and \$4,000 were used to reduce employer contributions and plan administration expenses for the years ended December 31, 2019 and 2018, respectively.

Benefit Payments

Upon service or disability retirement, death, termination or financial hardship subject to limitations, the participant or beneficiary may elect to receive a benefit payment. In-service withdrawals are permitted as well upon normal retirement age. A participant may elect to make a direct rollover, receive a lump-sum amount or periodic payments, subject to the provision of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts, subject to the provisions of the Plan. Repayments are to be made over a period not to exceed five years unless the funds borrowed are used to acquire a participant's principal residence. The Plan allows for participants to borrow a minimum of \$1,000 and a maximum of 50% of their vested account balance up to \$50,000. The participants are charged interest on all outstanding loans. The interest rate is determined by plan management at the inception of the loan at a rate a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rate on loans outstanding at December 31, 2019 ranged from 5.5% to 7.5%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statements

The financial statements are prepared on the accrual basis of accounting.

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The net investment gain (loss) on the statements of changes in net assets available for benefits reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) of investments.

Plan Benefits and Expenses

Benefits and expenses are typically recorded when paid, however, in order for the Plan to satisfy the non-discrimination tests required under Section 401(k) of the IRS, certain participants may be entitled to refunds of contributions made and earnings on those contributions. Refunds of excess contributions are recorded as a liability and benefit payments in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY THE CUSTODIAN

The custodian has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment gain (loss) and interest on the Plan's financial statements and the accompanying supplemental Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	--

Level 2	Inputs to the valuation methodology include:
---------	--

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued using net asset value per share as determined by the custodian. The value is based on a pro rata share of the market value of the underlying funds in the separate account.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2019				
Mutual funds	\$ <u>10,578,173</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 10,578,173
Measured at net asset value				<u>1,409,491</u>
				\$ <u>11,987,664</u>
December 31, 2018				
Mutual funds	\$ <u>7,792,392</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 7,792,392
Measured at net asset value				<u>1,314,637</u>
				\$ <u>9,107,029</u>

5. PARTIES-IN-INTEREST TRANSACTIONS

Certain plan investments are held in a pooled separate account managed by the Plan's custodian and recordkeeper. Fees paid by the Plan for the custodial and administration services are reflected as administrative expenses on the accompanying statements of changes in net assets available for benefits.

The Plan participates in an arrangement whereby the Plan receives funds to pay certain administrative fees. These funds totaled approximately \$26,300 and \$22,400 for the years ended December 31, 2019 and 2018, respectively, and are included within administrative expenses on the statements of changes in net assets available for benefits.

6. INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter profit sharing plan adopted by the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In order for the Plan to satisfy the non-discrimination tests required under Section 401(k) of the IRC, certain participants were entitled to refunds of contributions made and earnings on those contributions totaling \$12,382 and \$21,796 at December 31, 2019 and 2018, respectively. These refunds have been recorded as a liability in the accompanying financial statements, but are reflected on the Form 5500 when paid. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits per the financial statements	\$ 12,201,094	\$ 9,319,932
Refunds due of participant contributions	<u>12,382</u>	<u>21,796</u>
Net assets available for benefits per the Form 5500	\$ <u>12,213,476</u>	\$ <u>9,341,728</u>

The following is a reconciliation of benefit payments per the financial statements to the Form 5500:

	<u>2019</u>
Benefit payments per the financial statements	\$ 464,747
Decrease in refunds due of participant contributions	<u>9,414</u>
Benefits paid to participants per the Form 5500	\$ <u>474,161</u>

8. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 8, 2020, the date which the financial statements were available to be issued. Other than discussed below, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

The COVID-19 outbreak, which was declared a pandemic by the World Health Organization on March 11, 2020, has impacted the world economy and created significant volatility in investment prices and share prices for most companies. The impact of COVID-19 on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

The Coronavirus Aid, Relief and Economic Security (CARES) Act was passed by Congress and signed into law on March 27, 2020. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.
