Note 1. Plan Description

The following description of the Whataburger of Mesquite, Inc. Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan, formed July 1, 1978, is a defined contribution plan covering all employees of Whataburger of Mesquite, Inc. (Company) who have completed at least six months of service, have worked at least 500 hours during the Plan year, and are not a leased employee. Once the participant has met the requirements, the participant will be eligible to enroll in the Plan at the next available entry date, which is January 1st, April 1st, July 1st, or October 1st each year.

Contributions

Each year, participants may contribute up to 100% of eligible compensation or the maximum amount permitted under applicable Internal Revenue Service (IRS) provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options managed by BOK Financial Asset Management Inc. (BOK).

Each year the Company may contribute to the Plan a percentage of its current profits before profit sharing costs and income taxes or match a percentage of participant pre-tax contributions at the discretion of the Company's Board of Directors. The Company did not make any matching or profit sharing contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching and profit-sharing contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The Company may reduce employer contributions by forfeitures occurring during the Plan year that are not used to pay Plan expenses. The Plan did not reduce employer contributions by forfeitures during the Plan year. The Plan maintained a balance of $-0- in the forfeiture account at December 31, 2019 and 2018.

Administration of the Plan

The Company may pay certain administrative expenses incurred by the Plan. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. The Plan is responsible for any expenses not paid by the Company.

Note 1. Plan Description (Continued)

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Employer discretionary matching and profit-sharing contributions have the following vesting schedule:

Years of Vesting Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The maximum amount will be reduced by the participant's highest outstanding loan balance in the previous twelve months. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant loan fund. Loan terms range from one to five years or longer if the purpose of the loan is to acquire a primary residence. The balance in the participant's account secures the loan. The interest rate charged on participant loans ranged from 4.25% to 6.25% during the current year. Principal and interest are repaid ratably through biweekly payroll deductions. Notes receivable from participants are valued at amortized cost.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance does not exceed $1,000 at the time of termination, the balance will be distributed directly to the participant in cash. If the vested account balance is more than $1,000, but less than $5,000, the participant will have the option to receive a cash distribution, or to have the balance rolled over into an individual retirement account (IRA) or a qualified plan of the participant's new employer. If the vested account balance exceeds $5,000, the participant has the option to maintain their account in the Plan, receive a cash distribution, or roll over their account balance to an IRA or a qualified plan with the participant's new employer. The Plan will commence distribution of the vested account balance without consent at the time that payments must begin under applicable federal law.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America (U.S. GAAP) and have been consistently applied in the preparation of the financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

Preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses had been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Date of Management's Review

Subsequent events have been evaluated for potential recognition or disclosure through October 8, 2020, which is the date the financial statements were available to be issued. See Note 9.

Note 3. Income Tax Status

The IRS has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Party-in-Interest

Plan investments are held by Charles Schwab Bank, the plan custodian. BOK provides third party administrative services for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the ERISA prohibited transaction rules. BOK is also the advisor to the Plan and maintains individual participant account records. A quarterly administration fee of $1,000 is paid to BOK. Participant transactions incur distribution handling fees from BOK. Loan fees are paid out of individual participant accounts and distribution fees are paid out of fund assets and allocated on a pro rata basis to all current Plan participants. In addition, BOK receives an investment advisory fee equal to 0.8% of average Plan invested assets, paid quarterly. Through a revenue sharing arrangement with BOK, fees were reduced by $1,525 in 2019.

Note 5. Information Certified by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank.

Note 6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Interest-bearing cash – Valued at the daily closing price as reported by the fund. The fund is an open-ended fund that is deemed to be actively traded.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 6. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019

Note 7. Plan Termination

Although the Company has not expressed any intent to do so, the Board of Directors may terminate the Plan at any time. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or one of various installment payments available under the Plan. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Hardship Distributions

In September 2019, the IRS published a final rule in the Federal Register that relaxed several restrictions on taking hardship distributions. These new rules, effective beginning January 1, 2020, are as follows:

- Plans are no longer allowed to suspend participant contributions for six months following a hardship distribution.
- Plans may remove any requirement for participants to first take a loan, if eligible, before taking a hardship distribution.
- Hardship distribution amounts are now allowed to include earnings on 401(k) contributions.
- The verification process for hardship distributions was simplified, allowing employers to rely on employee representations that they have insufficient cash or other liquid assets reasonably available to satisfy a financial need.
- A seventh safe harbor category, disaster relief, was added to the list of eligible expenses for hardship distributions.
- The age for required minimum distributions was increased from 70 ½ to 72.

The Plan was formally amended subsequent to year end, with all the above changes being effective as of January 1, 2020.

COVID-19 Pandemic

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States, including mandates from federal, state, and local authorities, leading to an overall decline in economic activity. The U.S. Government enacted the CARES Act, which provided several relief options to 401(k) plans. These relief options are as follows:

- Participants that were diagnosed with COVID-19, has a spouse or dependent that has been diagnosed, or has experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, are eligible to take up to $100,000 in distributions from the plan (not to exceed the participant's account balance). The distributions have special provisions, including but not limited to, if the participant is below 59 ½ years old, the 10% early withdrawal fee will not apply, and the withdrawal is taxed pro rata over a three year period (2020 – 2022).
- Participant loan limits have been increased from the lesser of $50,000 or 50% of the participant's account balance to the lesser of $100,000 or 100% of the participant's account balance. This is in effect for loans taken between March 27, 2020 and September 22, 2020.
- Loan payments due between March 27, 2020 through December 31, 2020 can be suspended for a year.
- Required minimum distributions are suspended for 2020.

The Plan has informed all participants of these relief options available to them.
