DICKINSON FLEET SERVICES LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of Dickinson Fleet Services LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective February 1, 1997, as a defined contribution retirement savings plan covering all eligible employees of Dickinson Fleet Services, LLC (the Employer) who have at least 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan. The 401(k) Retirement Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Contributions: Each year, participants may authorize the Employer to contribute to the Plan up to 50% of their eligible annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless an affirmative election not to participate in the Plan is executed. Automatically enrolled participants have their contribution rate set at 3% of eligible compensation and their contributions are invested in a designated fund until changed by the participant.

The Employer may elect to make discretionary matching and profit-sharing contributions to the Plan. In 2019, the Employer made matching contributions equal to 25% of the first 6% of compensation that each participant contributed to the Plan. No profit-sharing contributions were made to the Plan in 2019.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of service. A participant becomes 25% vested after one year of service, increasing by 25% per additional year, with full vesting after four years of credited service.

At December 31, 2019 and 2018, forfeited nonvested accounts of terminated participants totaled \$6,847 and \$0, respectively. These accounts will be used to reduce future Employer contributions or pay Plan expenses. In 2019, no forfeited nonvested accounts were used.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The repayment terms of the notes cannot exceed five years except for the purchase of the participant's principal residence, for which the terms may exceed five years per the Plan Agreement. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Benefits: Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, installments or to receive a joint and survivor annuity, if married, or a single life annuity. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor, insurer and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: The Plan's notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from the participant to be in default, the balance of the note receivable from the participant is reduced and a benefit payment is recorded per the Plan Agreement.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Certain administration fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan document has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through October 9, 2020, the date the financial statements were available to be issued. See Note 9.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active, markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered Investment Companies: Valued at the daily closing price as reported by the funds. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds held by the Plan are deemed to be actively traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective Trust Fund: Valued at the unit price reported by the sponsoring trust company. The underlying investments owned by the fund can include money market funds, stable value funds, fixed-income securities, registered investment companies, common stocks, corporate bonds, U.S. Government securities, other collective trust funds, or guaranteed insurance contracts priced by the sponsoring insurance company using applicable interest rates and contract provisions. The unit price is based on the fair value of these underlying investments owned, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding. The unit price is readily determinable and quoted on the active private market on which participants can transact daily with no redemption restrictions on these investments.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2019 and 2018:

2019	Level 1	Level 2	Total
Registered investment companies	<u>\$11,509,251</u>		<u>\$11,509,251</u>
Total Investments at Fair Value	<u>\$11,509,251</u>		<u>\$11,509,251</u>
2018			
Registered investment companies	\$ 7,592,485		\$ 7,592,485
Collective trust fund		<u>\$322,859</u>	<u>322,859</u>
Total Investments at Fair Value	<u>\$ 7,592,485</u>	<u>\$322,859</u>	<u>\$ 7,915,344</u>

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S INSURER AND CUSTODIANS (UNAUDITED INFORMATION)

All Plan information related to investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation or depreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, the Plan's insurer, and Great-West Trust Company, LLC and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Plan's custodians, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.20%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with a fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contract
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 6 - PLAN AMENDMENT

Effective January 1, 2019, the Employer amended the Plan Agreement to update the Plan's eligibility requirements, its definitions of hours of service and year of service, and its matching contribution provisions.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

A certain Plan investment is managed by Great-West Life & Annuity Insurance Company, the insurer of the Plan; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. The Insurer and/or its affiliates also receive indirect fees from investments which are deducted from investment returns. Direct fees paid by the Plan to the Plan's insurer and investment advisor totaled \$40,624 and \$28,474, respectively, in 2019.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 9 - SUBSEQUENT EVENT

The outbreak of a novel coronavirus (COVID-19), which the World Health Organization declared in March 2020 to be a pandemic, continues to spread throughout the United States of America and around the world. Many state governors issued temporary executive orders that, among other stipulations, effectively prohibit in-person work activities for most industries and businesses, having the effect of suspending or severely curtailing operations. The extent of the ultimate impact of the pandemic on the Employer's operational and financial performance, which may impact the Plan, will depend on various developments, including the duration and spread of the outbreak and related treatments, all of which cannot be reasonably predicted at this time.

While management reasonably expects the COVID-19 outbreak may impact the Employer's financial condition, the related financial consequences and duration are highly uncertain as to how it will affect the Plan's operation. The outbreak has also adversely affected global market activity and caused increased volatility and uncertainty in financial markets. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of any potential decrease in the Plan's investments that may be reported in subsequent periods cannot be determined as of the date the financial statements were available to be issued.
