Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Innovative Systems Group, Inc. 401K Profit Sharing Plan and Trust which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Notes to Financial Statements
December 31, 2019

Note 1 – Description of Plan

The following description of the Innovative Systems Group, Inc. 401K Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit-sharing and 401(K) plan covering eligible employees of Innovative Systems Group, Inc. (the "Company"). Employees are eligible to participate upon hire and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is funded by voluntary contributions of participants. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company may make profit-sharing contributions to the Plan on behalf of qualifying participants to be determined from year to year. The Company made no discretionary profit-sharing contributions to the Plan for the year ending December 31, 2019.

Investment Options: Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

Participant Accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary profit-sharing contributions, and an allocation of plan earnings. The Company's discretionary profit-sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 100% vested after two years of service. Employer's profit-sharing contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Note 1 – Description of Plan (Continued)

Payment of Benefits: On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. Hardship withdrawals are not permitted by the Plan.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest commensurate with prevailing rates defined by the Plan. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Interest income for the year ended December 31, 2019 was $5.

Forfeitures: At December 31, 2019, the plan had no unallocated plan assets resulting from forfeited nonvested accounts. Forfeitures would be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. No forfeitures were used to reduce discretionary Company contributions or pay plan expenses during 2019.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Payments of Benefits: Benefits are recorded when paid.

Accounting for Uncertainty in Income Taxes: Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses: The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits. All expenses of maintaining the Plan are paid by the Company.

Note 3 – Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 – Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds have been valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets Value as of December 31, 2019	
Funds	Total	Level 1
Mutual Funds	$ 1,613,490	$ 1,613,490
Total investments, at fair value	$ 1,613,490	$ 1,613,490

	Assets Value as of December 31, 2018	
Funds	Total	Level 1
Mutual Funds	$ 1,287,780	$ 1,287,780
Total investments, at fair value	$ 1,287,780	$ 1,287,780

Note 4 – Certified Investments

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

Funds	2019
Mutual Funds	$ 1,613,490
Total investments, at fair value	$ 1,613,490

Funds	2018
Mutual Funds	$ 1,287,780
Total investments, at fair value	$ 1,287,780

The custodian also certified the completeness and accuracy of $192,679 of net appreciation in fair value of investments and $86,927 of interest and dividends related to the aforementioned investments for the year ended December 31, 2019.

Note 5 – Excess Contributions Payable

As of December 31, 2019 and 2018 payables of $5,395 and $27,533, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Note 7 – Tax Status

Effective June 10, 2016, the Plan adopted a nonstandardized form of a prototype plan sponsored by Mid Atlantic Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 8 – Party-in-Interest Transactions

Plan investments are managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Audited Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits, contributions, and net appreciation (depreciation) in fair value of investments from the financial statements to the Form 5500. The reconciling items result from the preparation of the 2019 and 2018 Form 5500s on the cash basis rather than the accrual basis, as required by accounting principles generally accepted in the United States of America.

		2018
Net assets available for benenfits - Financial Statements	$	1,288,238
Adjustment for pending contributions/distributions		3,269
Net assets available for benenfits - Form 5500	$	1,291,507

Note 10 – Reconciliation of Audited Financial Statements to Form 5500 (continued)

		Year ended December 31, 2019
Net appreciation in fair value of investments - Financial Statements	$	192,679
Adjustment for pending contributions/distributions		(3,269)
Net appreciation in fair value of investments - Form 5500	$	189,410

Note 11 – Subsequent Events

The Plan evaluated its December 31, 2019 financial statements for subsequent events through the date the financial statements were issued. The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

As a result of the outbreak mentioned above, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") has been formally enacted. Certain provisions of the CARES Act could have future impact on the Plan for certain eligible participants. The exact effects of the CARES Act on the Plan are currently unknown. Interested parties should refer to the CARES Act for a more complete description of the provisions.

Note 12 – Date of Management's Review

The Plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued. It was concluded that there are no subsequent events other than as noted in Note 11 that are required to be disclosed.
