INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Vacation Publications, Inc. 401(k) Plan:

Report on Financial Statements

We were engaged to audit the accompanying financial statements of the Vacation Publications, Inc. 401(k) Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company (the "Trustee"), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee, as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VACATION PUBLICATIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Vacation Publications, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2004 as a defined-contribution plan covering substantially all employees of the Company who have completed six months of service and are age twenty or older. Enrollment of eligible participants occurs on the first day of each Plan year quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has been amended from time to time to comply with the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a) and 401(k) of the Internal Revenue Code ("IRC").

Administration

The Plan is administered by an administrator appointed by the Company. Reliance Trust Company (the "Trustee") serves as the Plan's Trustee and JP Morgan Invest Holdings, LLC serves as the Plan's record keeper.

Automatic Enrollment

All eligible participants are automatically enrolled in the Plan, and are deemed to have elected a deferral rate of 1% of their eligible compensation. An employee may affirmatively elect not to participate in the Plan or may elect a different deferral rate.

Contributions

Each year participants may contribute from 1% to 50% of their pre-tax annual compensation not to exceed the limitation set forth in Section 402(g) ($19,000 in 2019 and $18,500 in 2018) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. A participant's total catch-up contribution was limited to a maximum of $6,000 in both 2019 and 2018. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company made a discretionary matching contribution on behalf of each eligible participant that was employed on the last day of the Plan year, of 50% of the participant's elective contribution up to 6% of the participant's eligible compensation in both 2019 and 2018. During 2019 and 2018, the Company made discretionary matching contributions of $913,965 and $763,294, respectively, to the Plan. The Company's contributions are invested in the various investment options, as directed by the participant.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (1) the Company's contribution and (2) Plan earnings or losses. Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants invested in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are vested immediately in their contributions and Company matching contributions plus actual earnings thereon.

Notes Receivable from Participants

The Plan does not allow participants to borrow from their fund accounts.

1. Description of Plan, continued

Forfeitures

Forfeitures of Company contributions may occur if the Plan fails the nondiscrimination test under IRC Section 401(k)(3). Failure of the nondiscrimination test results in a distribution of excess contributions to the participant and any Company matching contributions attributable thereto, are forfeited to the Plan and available to reduce future Company contributions or pay Plan expenses.

During the year ended December 31, 2019, the Company utilized $66,858 in available forfeitures to reduce the 2018 Company matching contribution. The Company contribution and contribution receivable included in the accompanying 2018 Statement of Net Assets Available for Benefits and Statement of Changes in Net Assets Available for Benefits have been presented net of forfeitures applied. No forfeitures were utilized to reduce Company contributions or pay Plan expenses during the year ended December 31, 2018. Forfeitures available to reduce future Company contributions or pay Plan expenses totaled $7 and $66,858 as of December 31, 2019 and 2018, respectively.

Payment of Benefits

Benefit payments are typically made in a lump-sum distribution to the participant upon termination of employment, disability or retirement or to the designated beneficiary in the event of death, equal to the balance of the participant's account. Participants over the age of 59½ may make in-service withdrawals of the vested value of their accounts.

The Plan also permits hardship withdrawals in the event of an immediate and heavy financial need, as defined by the Plan, subject to a minimum withdrawal of $500. Prior to 2019, the Plan imposed a suspension of elective deferrals for a period of six months following a hardship withdrawal. Effective January 1, 2019, the Plan was amended to remove suspension of elective deferrals.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for investment management services or recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks, which generally means the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair market value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year-end. The Plan's interest in the common collective trust fund is valued at NAV as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which is part of the FASB disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. The amendments in the new guidance remove, modify and add certain disclosure requirements related to fair value measurements covered in FASB Accounting Standards Codification Topic 820 ("ASC 820") *Fair Value Measurements and Disclosures*. The new standard is effective for Plan years beginning after December 15, 2019. Early adoption is permitted for either the entire standard or only the requirements that modify or eliminate the disclosure requirements, with certain requirements applied prospectively, and all other requirements applied retrospectively to all periods presented. Plan management elected to early adopt the provisions of ASU No. 2018-13, effective January 1, 2019, and its adoption did not have a significant impact on the financial statements.

3. Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's administrators believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 35,537,085	$ -	$ -	$ 35,537,085
Investment measured at net asset value [(a)]				703,018
Total investments at fair value				$ 36,240,103

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 25,741,974	$ -	$ -	$ 25,741,974
Investment measured at net asset value [(a)]				929,816
Total investments at fair value				$ 26,671,790

[(a)] In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements, continued

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2019 and 2018:

Investment	Fair Value at December 31, 2019	Fair Value at December 31, 2018	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
JPMCB Stable Asset Income F Fund	$ 703,018	$ 929,816	N/A	Daily	1 day

4. Information Certified by the Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplement schedule, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan is based on a nonstandardized prototype plan. The prototype plan received an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL and IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any previously non-vested account balances.

7. Excess Contributions Payable

Excess contributions represent amounts withheld from participants in excess of IRC limitations and are recorded as a liability with a corresponding reduction in contributions. The Plan had no excess contributions in 2019. The Plan distributed the 2018 excess contributions totaling $3,066 and earnings thereon to the applicable participants prior to March 31, 2019.

8. Party-in-Interest Transactions

Certain Plan investments are in funds managed by an affiliate of the Plan's record keeper, and therefore, such transactions qualify as party-in-interest transactions under ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Party-in-Interest Transactions, continued

The Company pays various administrative expenses on behalf of the Plan. Such expenses were $11,177 and $10,609 for the years ended December 31, 2019 and 2018, respectively.

9. Reconciliation of Plan Financial Statements to Form 5500

As of December 31, 2019, there was no difference between the amount of net assets available for benefits presented in the accompanying financial statements and net assets available for benefits presented in the Form 5500. The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018:

	2018
Net assets available for benefits per the financial statements	$ 27,432,018
Excess contributions payable	3,066
Employer contributions receivable	(763,294)
Net assets available for benefits per Form 5500	$ 26,671,790

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2019 and 2018:

	2019	2018
Net increase (decrease) in net assets available for benefits per the financial statements	$ 9,808,085	$ (166,284)
Excess contributions payable - current year	-	3,066
Excess contributions payable - prior year	(3,066)	-
Employer contributions receivable - current year	-	(763,294)
Employer contributions receivable - prior year	763,294	767,706
Net increase (decrease) in net assets available for benefits per Form 5500	$ 9,568,313	$ (158,806)

10. Subsequent Events

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") was enacted and became effective beginning on January 1, 2020. The SECURE Act provisions include, among other things, an increase in the age limit for required minimum distributions from 70 ½ to 72.

Effective January 1, 2020, the Plan was amended whereby the automatic enrollment deferral percentage was increased from 1% to 2% of eligible compensation.

On March 11, 2020 the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in certain Plan investments. The impact of COVID-19 continues to evolve rapidly and at this time the Company is not able to estimate its full impact on the Plan's financial statements.

As a result of travel restrictions and other measures taken by federal, state and local governments to slow the transmission of the coronavirus, the Company had a significant reduction in its workforce in 2020. Such reduction could trigger the Plan to have a partial plan termination as defined by ERISA. A partial plan termination results in accelerated vesting for affected participants. Since participants in the Plan are immediately 100% vested in all contributions, if a partial plan termination is deemed to have occurred, it would not have a significant impact on the Plan.

Plan management has evaluated subsequent events through July 30, 2020, which is the date the financial statements were available to be issued, and has concluded that there are no other significant events to be reported.
