1. DESCRIPTION OF PLAN

The following description of the Chicago Cubs Associates Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2010 for eligible employees of Chicago Cubs Baseball Club, LLC; Wrigley Field Premium Ticket Services, LLC; and Wrigley Field Enterprises, LLC (collectively, with Hickory Street Capital, LLC, Northside Entertainment Holdings, LLC, and Marquee Sports & Entertainment, the Company). The Plan is a defined contribution plan covering substantially all U.S. non-union full-time, qualifying union full-time, and qualifying part-time employees of the Company who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code (IRC), and provides the following contributions:

Salary Deferral

Participants may contribute up to 85% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Non-union and qualifying union full-time employees are eligible for the Plan upon reaching the minimum age of 21. Qualifying part-time employees are eligible upon reaching the minimum age of 21 and after completing 12 months (with 1,000 hours) of service.

Employees have an entry date into the Plan on the first of the subsequent month after meeting eligibility requirements.

The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Employee Rollover

Employees may rollover balances from other qualified defined benefit or defined contribution plans.

Matching Employer Discretionary Contribution

The Company contributes a matching contribution to employees each payroll period upon completion of 1,000 hours of service, one year of employment, and attainment of age 21. The Company made discretionary matching contributions of 50% of an employees' deferral up to 5% (maximum of 2.5%) of compensation, calculated on a paycheck by paycheck basis, during the years ended December 31, 2019 and 2018. For the years ended December 31, 2019 and 2018, the Company's match was $821,325 and $826,826, respectively.

Employer Safe Harbor Non-Elective

The Company contributes a safe harbor non-elective contribution to employees upon completion of 1,000 hours of service, one year of employment, and attainment of age 21. The Company made a safe harbor contribution of 3% of employees' compensation during the years ended December 31, 2019 and 2018. For the years ended December 31, 2019 and 2018, the Company's safe harbor amount was $1,146,703 and $1,192,441, respectively.

Employer Profit Sharing

Chicago Cubs Baseball Club, LLC; Wrigley Field Premium Ticket Services, LLC; and Wrigley Field Enterprises, LLC (collectively, the Profit Sharing Companies) contribute a fixed non-elective (profit sharing) contribution to employees upon completion of 1,000 hours of service, one year of employment, and attainment of age 21. The Profit Sharing Companies made a profit sharing contribution of 6% of employees' compensation during the years ended December 31, 2019 and 2018. For the years ended December 31, 2019 and 2018, the Profit Sharing Companies' profit sharing amount was $1,950,720 and $2,119,985, respectively.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and forfeitures and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance, less defaulted loans (if any). The loans are secured by the balance in the participant's account and bear interest at a rate determined by the plan administrator. Interest rates on loans outstanding range from 4.25% to 6.50% and 4.25% to 6.25% at December 31, 2019 and 2018, respectively. Loan terms range from one to five years unless the loan is for the purchase of a participant's primary residence, in which case the loan term may not exceed ten years. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on the following table:

Years of Service	Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Participants who have attained age 59½ have the right to withdraw all or a portion of their salary deferrals or rollover accounts. Participants may make withdrawals prior to that age only in cases of financial hardship or upon termination of service, death, disability, or retirement.

1. DESCRIPTION OF PLAN (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

In addition, the Company is eligible for expense reduction credits from Fidelity Management Trust Company (the Trustee). The following table sets forth a summary of changes in the expense reduction credits for the years ended December 31, 2019 and 2018.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest less amounts defaulted. As of December 31, 2019 and 2018, $13,399 and $16,725, respectively, has been recorded as allowances for delinquent notes receivable. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document and totaled $811 in 2019 and $7,239 in 2018.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Financial Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This standard is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurements.* ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Company does not believe the adoption of this standard will have a material effect on the Plan's financial statements.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through October 7, 2020, which was the date that these financial statements were available for issuance and determined that there were no significant nonrecognized subsequent events through that date, except as disclosed in Note 10.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology include other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,

b. Quoted prices for identical or similar assets or liabilities in inactive markets,

c. Inputs other than quoted prices that are observable for the asset or liability, and

d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

3. FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Registered investment companies: Valued at daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 66,578,045	$ -	$ -	$ 66,578,045
INVESTMENTS AT FAIR VALUE	$ 66,578,045	$ -	$ -	$ 66,578,045

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 49,635,148	$ -	$ -	$ 49,635,148
INVESTMENTS AT FAIR VALUE	$ 49,635,148	$ -	$ -	$ 49,635,148

3. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2019 and 2018, there were no such transfers.

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplementary schedules as of and for the years ended December 31, 2019 and 2018 has been certified as complete and accurate by the Trustee of the Plan, and has not been audited by the independent auditors for the Plan: investments at fair value, notes receivable from participants, interest and dividend income, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

6. TAX STATUS

The Plan adopted a volume submitter plan from the Trustee which received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, that the volume submitter plan and related trust are designed in accordance with applicable sections of the IRC. Although the volume submitter plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY- IN-INTEREST TRANSACTIONS

Certain plan investments are shares of registered investment companies managed by affiliates of the Trustee and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

During 2019 and 2018, the Company failed to remit to the Plan's Trustee certain employee contributions totaling $370 and $3,511, respectively, within the period prescribed by the Department of Labor's regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Company made contributions to the affected participants' accounts during 2020 to compensate the participants for potential lost income due to the delays.

10. SUBSEQUENT EVENTS

The Plan was amended, effective January 1, 2020 to change the following provisions:

a. Add eligible employees of Marquee Development Services LLC to the Plan.

b. Change in name of Marquee Sports & Entertainment to Marquee Sports & Entertainment, LLC dba Marquee 360.

c. Eliminate the eligibility service requirement of employees completing 1,000 hours of service and one year of employment for matching employer discretionary contributions.

d. Replace the safe harbor non-elective contribution of 3% with a discretionary contribution of 3%.

10. SUBSEQUENT EVENTS (Continued)

e. Replace the fixed non-elective (profit sharing) contribution of 6% with a discretionary non-elective contribution of 6%.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Plan management is carefully monitoring the situation and evaluating the impact of COVID-19 as it relates to the Plan. Effective May 23, 2020, the Company suspended matching employer discretionary contributions.

Additionally, the Plan has elected to adopt the Plan provisions available under the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted on March 27, 2020, that offers expanded loan and distribution options for participants who self-certify that they meet certain criteria of the CARES Act. Plan management will amend the Plan document to reflect the adoption on or before December 31, 2022.
