NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Simon Roofing and Sheet Metal Corp. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Simon Roofing & Sheet Metal Corporation and Simon Vross Management, Inc. (the Company) who have completed one year of eligible service, as defined, and are 20 ½ years of age. Employees may enter the Plan on the first day of the quarter following completion of the eligibility requirements. Residents of Puerto Rico, employees whose employment is covered by collective bargaining agreements, or employees who are leased, are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee and plan administrator oversee governance of the Plan, determine the appropriateness of the Plan's investment offerings, and monitor investment performance.

Contributions

Each year, participants may make voluntary pre-tax and Roth contributions up to 75% of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company is required to make a safe harbor matching contribution to all eligible participants equal to 100% of the first 3%, and 50% of the next 2% of compensation that a participant contributes to the Plan, as defined (safe harbor matching contribution). The safe harbor matching contribution amounted to \$749,968 for 2019. The Company may also authorize discretionary matching contributions to the Plan for the related year. Discretionary matching contributions, if any, will be computed by the Company based on a percentage of eligible compensation for the Plan year, not to exceed 4%. These contributions are funded in the year subsequent to their authorization. There were no discretionary matching contributions made for 2019. The Company may also choose to contribute, on an annual basis, a discretionary non-elective contribution (profit sharing), as defined. There were no profit sharing contributions authorized by the Company for 2019. The Plan complies with the Davis-Bacon Act, which provides that employers are required to make prevailing wage contributions for any participant who is a non-highly compensated employee and who performed services on covered work during the calendar year. There were no prevailing wage contributions made by the Company during 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocations of the Company's profit sharing contribution are given regardless of whether the employee has made a salary deferral, and are allocated as a percentage of each participant's compensation to the aggregate compensation of all eligible participants, as defined, and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and employer prevailing wage contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 3 years of credited service with no vesting before that time.

Notes Receivable from Participants

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. Such notes bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's account balance is \$5,000 or less, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. Distributions of a participant's 401(k) account balance may be authorized at any time by the plan administrator for participants who have attained age 59 ½ or are under certain hardship conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce administrative expenses or to reduce future employer contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$2,830 and \$844, respectively. During 2019, \$927 was used to reduce administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Transfer into Plan

During 2019, approximately \$78,000 was transferred into the Plan from a related plan for accounts of certain employees.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Assets of the Plan are held in separate accounts of a trust administered by Fidelity as of December 31, 2019 and 2018, representing investments in mutual funds, self-directed brokerage accounts, and a stable value collective trust fund.

Investments of participant's contributions and the Company's contributions into these investments are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Company as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Income Taxes

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2019 and 2018, and for the year ended December 31, 2019, the Plan did not have a liability for unrecognized tax benefits.

Subsequent Events

Plan management has evaluated subsequent events through October 8, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Fidelity, the trustee.

Fidelity has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

- Level 2 Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 Inputs are significant and unobservable (including the Plan's own assumptions used to determine value)

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner, otherwise redemptions are allowable daily with no notice.

Self-directed brokerage accounts: Valued at the appraised values of the underlying individual assets within the brokerage accounts. The brokerage accounts primarily include mutual funds and individual equities which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

4. FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,112,153	\$	\$	\$ 21,112,153

Investments measured at NAV				2,153,461
Investments at fair value	<u>\$ 25,259,853</u>	<u>\$</u>	<u>\$</u>	<u>\$ 27,413,314</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,293,127	\$	\$	\$ 16,293,127
Self-directed brokerage accounts	3,025,783			3,025,783
Total assets in the fair value hierarchy	19,318,910			19,318,910
Investments measured at NAV				1,800,742
Investments at fair value	<u>\$ 19,318,910</u>	<u>\$</u>	<u>\$</u>	<u>\$ 21,119,652</u>

The Plan did not hold any Level 3 assets during the year.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Fidelity. Fidelity receives revenue from mutual fund and collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by Fidelity from such mutual fund or collective trust fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 there were no excess amounts. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

NOTES TO THE FINANCIAL STATEMENTS

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Plan has adopted a volume submitter plan provided by Fidelity. Fidelity has received an opinion letter dated March 31, 2014, from the IRS stating that the volume prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. OPERATIONAL ERRORS

The Company is in the process of self-correcting certain operational errors. These errors do not have a material impact on the Plan's net assets available for benefits, and the Company does not expect those errors to affect the Plan's tax status.

10. SUBSEQUENT EVENT

The impact of the coronavirus (COVID-19) outbreak on the financial performance of the Plan's investments will depend on future developments, including the duration and spread of the outbreak and related advisories and restrictions. These developments and the impact of COVID-19 on the financial markets and the overall economy are highly uncertain and cannot be predicted. If the financial markets and/or the overall economy are impacted for an extended period, the Plan's investment results may be materially affected.
