E. PARTICIPANT NOTES RECEIVABLE: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount which cannot exceed $50,000 or the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Participants are limited to one outstanding loan at any one time. The loans are secured by the balance in the participant's account and bear interest calculated on the basis of the prime rate plus 1%. Interest rates ranged from 4.25% to 6.25% on all notes. Principal and interest is paid ratably on a per-payroll basis.

F. INVESTMENT OPTION: Upon enrollment in the Plan, a participant may direct employee contributions in any of the various mutual funds and guaranteed investment contracts.

NOTE 1 - DESCRIPTION OF PLAN (continued)

G. PAYMENT OF BENEFITS: No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes disabled or otherwise terminates employment with the Company. A participant must begin to receive his or her benefits upon the participant attaining normal retirement age or terminating employment, whichever is later. A participant may elect to defer distributions until the April 1 following the calendar year in which he or she reaches age 72 or, if later, terminate employment. A participant who is a 5% owner must begin to receive benefits no later than the first day of April following the calendar year in which he or she attains age 72.

H. FORFEITED ACCOUNTS: The Organization may reduce employer contributions by forfeitures occurring during the Plan year that are not used to pay Plan expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $7,497 and $60,604, respectively.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared in accordance with US generally accepted accounting principles (GAAP).

PARTICIPANS NOTES RECEIVABLE – Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. Delinquent loans are reclassified to distributions based on the Plan provisions noted in the Plan document.

INVESTMENT VALUATION – The Plan's investments are in a variety of mutual and money market funds. All investments held by the Plan represent participant-directed accounts. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

DATE OF MANAGEMENT'S REVIEW - Management has evaluated subsequent events through October 12, 2020, the date on which the financial statements were available to be issued. As a result of the COVID-19 pandemic, economic uncertainties have arisen which could negatively impact the Plan. The extent of the impact on the Plan's financial performance depends on the duration of the pandemic and its effect on the Plan's investments and its participants, all of which are uncertain and cannot be predicted.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements - In May 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)," ("ASU 2016-07"). ASU 2016-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement.

Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2016-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2016-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

NOTE 3- FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. ASC 820-10 clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements.

The three levels of the fair value hierarchy under ASC 820-10 are as follows:

Level 1 - quoted prices in active markets for identical securities.
Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
Level 3 - significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Mutual funds: Shares held in mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is based on the quoted market prices of the underlying shares owned by the fund, minus its liabilities, then divided by the number of shares outstanding.

Common/collective trust: The fair value of participation units held in the Reliance Trust Stable Value Fund (MetLife Series 25157, Class 0), a common/collective trust (CCT) is based on net asset value, as reported by the manager of the collective trust fund, Reliance Trust Company, and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date.

The CCT invests in the MetLife Group Annuity Contracts 25157, which consist of separately managed investment portfolios in fixed income securities, and also enters into wrapper contracts, which are issued by third-parties and are designed to allow the Fund to maintain a constant net asset value. The CCT provides for daily redemptions by the Plan at reported net asset value, with no advance notice requirements.

The valuation levels are not necessarily an indication of the risk or liquidity associated with the underlying investment.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Level 1	Level 2	Level 3	Other (1)	Total

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers in or out of levels 1, 2 or 3.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

Participants' contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees for the trustee and investment advisor are paid directly by the Plan and most administrative expenses are paid by the employer-sponsor.

NOTE 5 – EXCESS CONTRIBUTIONS

There were no excess contributions for the year ended December 31, 2019 and 2018.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Administrator shall direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company, that the Plan and related trust are designed in accordance with applicable rules and regulations of the Internal Revenue Code. As qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan's Administrator is not aware of any actions or series of events that have occurred that might adversely affect the Plan's qualified status. Plan years 2016 through 2019 remain subject to examination by taxing authorities.

NOTE 8 – UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

The December 31, 2019 and December 31, 2018 Statements of Net Assets Available for Benefits and the investment activities included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019 and 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The trustee certified the investment's valuation and income and expenses.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

DECEMBER 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the T & G Industries, Inc. (the "Organization") 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. GENERAL AND ELIGIBILITY: The Plan was established effective as of August 1, 1996 and operates as a defined contribution plan. It is designed to comply with section 401(K) and other regulations under the Internal Revenue Code and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan's Trustee is responsible for all investment transactions. All employees, twenty-one years and older, are eligible to participate in the Plan after 2 months of service.

B. CONTRIBUTIONS: Participants may contribute annual compensation up to a limit of $19,000 for 2019 and $18,500 2018, (with additional catch-up limits of $6,000, for participants age 50 and over). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate at 2% of eligible compensation. Contributions are automatically invested in a designated target date retirement fund until changed by the participant. Employer elective contributions to participant accounts are based upon 2% of employee's compensation for the years ended December 31, 2019 and 2018. The Employer Plan sponsor did not make any contributions for year ended December 31, 2019.

C. PARTICIPANT ACCOUNTS: Each participant's account is credited with the participant's contribution and the earnings and losses applicable to the funds in which such accounts are invested.

D. VESTING: Participants are immediately vested in their voluntary contributions plus actual earnings (or losses) thereon. Participants become vested in employer matching contributions subject to the following vesting schedule:

Years of service	Vesting percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

E. PARTICIPANT NOTES RECEIVABLE: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount which cannot exceed $50,000 or the lesser of 95% of one-half the vested account balance or 95% of the total vested account balance excluding the Roth Elective Deferral balance. Participants are limited to one outstanding loan at any one time. The loans are secured by the balance in the participant's account and bear interest calculated on the basis of the prime rate plus 1%. Interest rates ranged from 4.25% to 6.25% on all notes. Principal and interest is paid ratably on a per-payroll basis.

F. INVESTMENT OPTION: Upon enrollment in the Plan, a participant may direct employee contributions in any of the various mutual funds and guaranteed investment contracts.

NOTE 1 - DESCRIPTION OF PLAN (continued)

G. PAYMENT OF BENEFITS: No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), becomes disabled or otherwise terminates employment with the Company. A participant must begin to receive his or her benefits upon the participant attaining normal retirement age or terminating employment, whichever is later. A participant may elect to defer distributions until the April 1 following the calendar year in which he or she reaches age 72 or, if later, terminate employment. A participant who is a 5% owner must begin to receive benefits no later than the first day of April following the calendar year in which he or she attains age 72.

H. FORFEITED ACCOUNTS: The Organization may reduce employer contributions by forfeitures occurring during the Plan year that are not used to pay Plan expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $7,497 and $60,604, respectively.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared in accordance with US generally accepted accounting principles (GAAP).

PARTICIPANS NOTES RECEIVABLE – Participant notes are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. Delinquent loans are reclassified to distributions based on the Plan provisions noted in the Plan document.

INVESTMENT VALUATION – The Plan's investments are in a variety of mutual and money market funds. All investments held by the Plan represent participant-directed accounts. Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

DATE OF MANAGEMENT'S REVIEW - Management has evaluated subsequent events through October 12, 2020, the date on which the financial statements were available to be issued. As a result of the COVID-19 pandemic, economic uncertainties have arisen which could negatively impact the Plan. The extent of the impact on the Plan's financial performance depends on the duration of the pandemic and its effect on the Plan's investments and its participants, all of which are uncertain and cannot be predicted.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements - In May 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)," ("ASU 2016-07"). ASU 2016-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement.

Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2016-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2016-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers in or out of levels 1, 2 or 3.

NOTE 4 - ADMINISTRATION OF PLAN ASSETS

Participants' contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees for the trustee and investment advisor are paid directly by the Plan and most administrative expenses are paid by the employer-sponsor.
