Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2019 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

THE J. M. SMUCKER COMPANY
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note A. Description of Plan

The following is a summary of certain provisions of The J.M. Smucker Employee Savings Plan (the "Plan"). Participants should refer to the Plan document for more complete information. The Plan was restated effective December 31, 2017, to incorporate all amendments into the basic Plan document.

The Plan is a defined contribution plan that covers substantially all employees of The J.M. Smucker Company (the "Company") who are not covered by a collective bargaining agreement as well as certain union employees. The Plan became effective May 1, 1985. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Covered employees who elect to participate may generally contribute from 1% to 50% of their eligible annual compensation, subject to certain Internal Revenue Service ("IRS") limitations. Eligible participants are automatically enrolled to defer 6% of compensation unless they elect not to participate. Employee contributions are invested in various investment funds in proportions selected by each participant. Participants may make pre-tax or Roth 401(k) contributions in any amount up to 50% of their eligible compensation, subject to certain limits imposed by the IRS. The plan also provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make catch up contributions, subject to certain IRS limitations. In addition, participants may also contribute amounts representing distributions from qualified defined benefit or defined contribution plans (rollover). The Company has agreed to match employee contributions at various rates as defined in the Plan. In addition to the above match, the Company has agreed to make nonelective contributions on behalf of certain employees related to various Company acquisitions as also defined by the Plan. Fidelity Management Trust Company (the "Trustee") of the Plan maintains an account through Fidelity Investments into which Company contributions are made. These amounts were invested exclusively in Employer Common Shares. Participants were not able to direct any funds into this account, but could direct transfers at any time from this account to other funds within the Plan. Effective September 1, 2018, the Company no longer invests its matching contributions into Employer Common Shares. Instead, participants will have the ability to direct the match into any of the investments within the Plan and can direct up to 35% of the match into Employer Common Shares.

Dividends, interest, and other income earned are reinvested by the fund managers in the fund for which such income was received. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan permits limited borrowing by a participant against the value of his or her account not to exceed the lesser of 50% of the vested account balance or \$50,000. The loan interest rates will be based on the prime rate plus 2%. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. Until such repayments are received, the loan is accounted for in the participant loan fund.

THE J. M. SMUCKER COMPANY
EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note A. Description of Plan (Continued)

Participants who terminate under the Plan are paid the current value of their vested account balances. All distributions are in the form of lump sum cash payments or Employer Common Shares. The Plan provides for the immediate payout of a participant's separate account upon retirement, death, or other termination unless the balance of the account exceeds \$5,000. In this instance, payout will not occur without the consent of the participant and his/her spouse, if applicable. In the event of a mandatory distribution which is greater than \$1,000 and up to and including \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator. The plan also provides for in-service distributions upon attaining age 59 1/2, and hardship withdrawals, subject to certain limitations. Effective November 15, 2018, participants may also request hardship distributions from the Plan subject to certain restrictions. In addition, any cash dividends on Employer Common Shares which would otherwise be allocated to a participant's account shall, at the election of the participant, be paid to the Plan and distributed in cash to the participant not later than ninety days after the close of the Plan year in which paid by the Company.

Prior to January 1, 2019, participants vested in the Company contributions at an annual rate of 20% after each of the first five years of vesting service. In addition, any participants who are terminated due to death, disability, or a reduction in force, as defined by the Plan document, were fully vested in their account balances. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$185,236 and \$3,086,126, respectively. Any nonvested Company contributions are forfeited and applied to reduce future contributions required by the Company. Forfeitures used to reduce contributions were \$3,006,742 and \$811,068 in 2019 and 2018, respectively.

Effective January 1, 2019, all participants were made 100% vested in their employer contribution accounts.

Effective February 28, 2019, The Meow Mix Company 401(k) Plan and the Natural Balance Pet Foods, Inc. 401(k) Plan were merged into this Plan and their participants became eligible to participate in this Plan on that date. Assets of \$208,025 were transferred in as a result of the merger.

Employees of newly acquired subsidiaries, Ainsworth Pet Nutrition, LLC and TTT APN, LLC became eligible to participate in the Plan effective January 1, 2019. The Ainsworth Pet Nutrition Profit Sharing/401(k) Plan and the TTT APN, LLC 401(k) Profit Sharing Plan; both of which were frozen effective December 31, 2018, were merged into this Plan effective July 1, 2019. Assets of \$57,002,514 were transferred in as a result of the mergers.

Effective April 30, 2019, the Plan was amended to allow participants who were participants in the former VISA Plan for one year or more to make in-service withdrawals from their Rollover Contribution and Prior Employer Vested Accounts once per year before attaining age 59 1/2. Former Eagle Plan participants also became able to make in-service withdrawals of their Rollover Contribution and Prior Company After-tax Contribution accounts prior to attaining age 59 1/2. At the same time, all participants were allowed to make partial or total withdrawal of their entire accounts upon attainment of age 59 1/2 or disability.

Note A. Description of Plan (Continued)

Although it has not expressed any intent to do so, the Company has the right, by action of the Board of Directors, to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and shall receive a full distribution of the balances in their respective accounts.

Note B. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Fees:

All administrative fees are paid by the Company or the Plan at the option of the Company, or by participants for certain participant initiated transaction. Until October 1, 2019, the Trustee of the Plan made an annual payment to the Plan representing excess revenue generated by the Plan through fund revenue. The Company monitored the payments received by the Plan to ensure that they were either used for qualifying Plan expenses or allocated to participants' accounts. Effective October 1, 2019, the Plan switched share classes, eliminating revenue sharing and began charging a flat fee to all participants.

Investment Valuation and Income Recognition:

All investments of the Plan are in the form of Employer Common Shares, units of various mutual funds, participant-directed brokerage accounts, a common/collective trust, and a money market fund. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Administration & Investments Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and trustee. See Note C for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties:

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments:

Benefit payments are recorded when paid.

Subsequent Events:

The Company has evaluated subsequent events through October 6, 2020, which is the date the financial statements were available to be issued.

Note C. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Significant observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Significant unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value:

- Mutual funds and money market fund: Valued at the quoted net asset value of shares held by the Plan at year end, and are classified as Level 1.
- Common stock and other marketable securities: Valued at the closing price reported in the active market in which the individual securities are traded, and are classified as Level 1.
- The investment in the common/collective trusts are held and managed by Fidelity Management Trust Company. The fair value of investments held in these accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments, and is classified as Level 2.

Note C. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

Note D. Related Party/Party-in-Interest Transactions (Continued)

During the plan year ended December 31, 2018, the Plan purchased 259,440 shares of common stock of The J. M. Smucker Company at a combined cost of \$40,376,003 and 492,057 shares were sold for combined proceeds of \$56,549,605. The realized loss on these sales were \$4,583,563.

At December 31, 2019 and 2018, the Plan held 1,934,610 and 2,212,204 shares, respectively, of The J. M. Smucker Company Common Shares.

Certain Plan investments are units of mutual funds and a money market fund managed by Fidelity Investments and units of a common/collective trusts managed by Fidelity Management Trust Company or Fidelity Investments. Fidelity Management Trust Company is the Trustee as defined by the Plan and related to Fidelity Investments and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the Trustee from the Plan were \$86,860 and \$59,263 for the years ended December 31, 2019 and 2018, respectively.

Note E. Income Tax Status

The Plan obtained a determination letter on August 15, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note F. Subsequent Event – COVID 19

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
