Ashfield Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Ashfield Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering substantially all employees of Ashfield Healthcare LLC (the "Company") who meet certain eligibility requirements as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective October 14, 2015 to bring the Plan into compliance with the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes, specifically the 6-year pre-approved plan restatement for Volume Submitter plans.

Effective November 1, 2018, the Plan was amended to remove the exclusion provision for employees who are covered under a collective bargaining agreement, to change the service requirement for elective deferrals to two months of service, and to eliminate employer profit sharing contributions as an allowable contribution type.

Effective June 1, 2019, the Plan was amended to change the service eligibility requirement for all contribution types to two months of service.

Contributions

Participants may elect to contribute up to 90% of their compensation to the Plan up to the maximum dollar amount permissible under the Internal Revenue Code. Participants can make pre-tax or Roth contributions to the plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their accounts into various investment options offered by the Plan. In 2019, the Plan included a discretionary matching contribution equal to 100% of the first 2% plus 50% of the next 2% of eligible compensation deferred.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit sharing contribution, if applicable, (b) plan earnings (losses), and (c) administrative expenses that are paid out of the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Ashfield Retirement Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on a graded schedule over five years of continuous service, as defined by the Plan document. Effective January 1, 2013, all former Ashfield Healthcare LLC employees who were merged into the Plan are immediately vested in their Company contribution portion of their accounts plus actual earnings thereon from the previous plan.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$25 and \$24, respectively. These accounts may be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During the year ended December 31, 2019, Company contributions were reduced by \$320,987 from forfeited nonvested accounts.

Notes Receivable From Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are to be paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual equal installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions are permitted if certain criteria are met. The Plan also allows for in-service distributions, upon attaining age 59-1/2, of the participant's vested interest in his or her account in a lump-sum payment or partial withdrawals.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Ashfield Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Ashfield Retirement Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2020, which is the date the financial statements were available to be issued.

The Plan was amended effective January 1, 2020 to:

(a) Reflect the merger of the i) Cambridge BioMarketing Group, LLC 401(k)/Profit Sharing Plan and ii) Create Group NYC, LLC 401(k) Plan into this Plan.

(b) Reflect the spin-off and merger of the assets in the Administaff 401(k) Plan associated with employees of SmartAnalyst Inc. into this Plan.

(c) Set up a QACA automatic enrollment provision whereby the plan sponsor will withhold an automatic deferral amount equal to 3% of compensation, unless a participant makes an affirmative election, applied to all eligible employees not contributing and subject to a 1% annual increase up to a 6% maximum deferral rate.

(d) Set up a QACA safe harbor matching contribution equal to 100% of the first 2% plus 50% of the next 2% of eligible compensation deferred, not to exceed 5% of eligible compensation, and subject to a two year vesting cliff.

(e) Provide for early retirement once a participant attains age 55 and completes at least six years of service for vesting purposes.

(f) Add SmartAnalyst Inc., Cambridge BioMarketing Group, LLC, and Create Group NYC, LLC, as participating employers with prior service recognized for vesting and eligibility purposes.

The Plan was also amended effective April 1, 2020 for the partial spin-off and merger of the TriNet 401(k) Plan for employees of Canale Communications Inc. into this Plan and to add Canale Communications Inc. as a participating employer with prior service recognized for vesting and eligibility purposes.

Beginning in March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. Due to the uncertainty surrounding the COVID-19 situation, the impact on the Company's results of operations, cash flows, and financial conditions, and the extent of any impact to the Plan, cannot be reasonably estimated or determined at this time.

The Plan has implemented certain optional provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, including coronavirus-related distributions, suspended participant loan payments and increased loan limits. Required plan amendments for these provisions must be made by the last day of the plan year beginning on or after January 1, 2022.

Note 3: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, determined by the Trustee, is based on the fair values of the underlying investments held by the fund less liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the common trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 26,418,013	\$ -	\$ -	\$ 26,418,013
Common collective trust funds	-	648,349	-	648,349
Total investment assets at fair value	\$ 26,418,013	\$ 648,349	\$ -	\$ 27,066,362

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,566,819	\$ -	\$ -	\$ 17,566,819
Common collective trust funds	-	1,081,339	-	1,081,339
Total investment assets at fair value	\$ 17,566,819	\$ 1,081,339	\$ -	\$ 18,648,158

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, (the Trustee of the Plan).

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Wharton Hill Investment Advisors provides investment advisory services to the Plan. Fees incurred and paid by the Plan for these services were \$57,911 for the year ended December 31, 2019. Fees incurred and paid by the Plan to ADP, LLC for record keeping services were \$28,177 for the year ended December 31, 2019.

Ashfield Retirement Plan

Notes to Financial Statements

Note 5: Related-Party Transactions and Party-in-Interest Transactions (Continued)

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties and Concentration of Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019 and 2018, two investment securities represented 27% of Plan net assets.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018

Deemed distributed participant loans	(29,350)	(26,312)
