INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Participants of
GPI US Consolidated Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GPI US Consolidated Pension Plan (the Plan) which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended and the statement of accumulated plan benefits as of December 31, 2018, and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by The Bank of New York Mellon/BNY Mellon, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions as of December 31, 2019 and 2018 and for the years then ended. The Plan administrator has obtained certifications from the trustee as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Plan's sponsor, voted to terminate the Plan effective December 31, 2018.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

1. DESCRIPTION OF PLAN

The following description of the GPI US Consolidated Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the official plan document for complete information.

General

Graphic Packaging International, LLC is the Plan Sponsor (the Plan Sponsor) and the Retirement Committee of Graphic Packaging International, LLC (the Retirement Committee) is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Prior to January 1, 2017, the Plan Sponsor maintained the Altivity Packaging Pension Plan for Hourly Employees (Altivity Packaging Plan), the Field Container Company, L.P. and Related Entities Pension Plan (Field Container Plan), the Graphic Packaging Retirement Plan (GP Retirement Plan), the Mid-America Packaging Retirement Plan (MidAmerica Plan), the Riverwood International Employees Retirement Plan (Riverwood Employees Plan), and the Riverwood International Hourly Retirement Plan (Riverwood Hourly Plan) as six separate plans. On January 1, 2017, the Field Container Plan, the GP Retirement Plan, the Mid-America Plan, the Riverwood Employees Plan, and the Riverwood Hourly Plan were merged into the Altivity Packaging Plan, which was renamed the GPI US Consolidated Pension Plan. The mergers were accounted for in 2017.

Plan Termination

On July 31, 2018 the Retirement Committee made the decision to terminate the Plan effective as of the close of business December 31, 2018 (the Termination). In conjunction with the Termination, the portion of the Plan that covered the active population was spun-off and merged into a separate plan, the 2018 US Graphic Packaging International Pension Plan (the 2018 US Plan). In addition, the portions of the Plan that covered certain terminated participants in the Field Container Plan missing identifying data were also spun-off and merged into the 2018 US Plan. A Majority of the transfer of the Plan assets to the 2018 US Plan is recorded in the statement of changes in net assets available for benefits for the year ended December 31, 2018 and the residual transfer for the year ended December 31, 2019.

In connection with the Termination, a limited lump-sum window as established by the Retirement Committee was approved by the Pension Benefit Guarantee Corporation (PBGC) and offered prior to the final distribution date. Following the approval of the Plan's termination by the PBGC, the benefits of all participants and beneficiaries shall be satisfied in full through cash distributions to participants, payment to the PBGC, or the purchase of annuities under a group annuity contract, all as determined by the Retirement Committee in its discretion in accordance with applicable PBGC regulations. In January 2020, the Plan purchased annuities under a group annuity contract. As the Plan is prepared in accordance with the liquidation basis of accounting, these purchases are reflected within the 2019 financial statements.

Effective as of the Termination of the Plan, the rights of all participants and beneficiaries for benefits accrued as of the date of such termination, to the extent funded as of such date, were 100% vested and nonforfeitable.

1. DESCRIPTION OF PLAN – CONTINUED

The following key provisions are reflective prior to the Plan Termination.

Funding Policy

The Plan Sponsor's funding policy is to make contributions to the Plan in amounts sufficient to provide for the participant's benefits and to satisfy the minimum funding standards of ERISA. The Plan has met the minimum funding requirements of ERISA for the years ended December 31, 2019 and 2018.

Pension Benefits

Participants are generally entitled to normal retirement benefits beginning at the age of 65 (normal retirement age). The Plan permits early retirement benefits for qualified participants who meet the age and service requirements. In most instances, normal retirement benefits are based upon the participant's years of benefit service multiplied by the participant's benefit level. Early retirement benefits are based upon the participant's earned benefit reduced by a certain percentage for each month prior to normal retirement age.

Death and Disability Benefits

If a participant dies, a death benefit may be payable under the Plan to the participant's surviving spouse. If an active participant becomes disabled, the participant may be entitled to receive benefits under the Plan, if certain service and eligibility requirements are met.

Vesting

Generally, except as otherwise noted within the respective participant's pension agreement, an employee must complete five years of service to become eligible to receive a benefit under the Plan. If an employee does not complete five years of service, they forfeit the right to receive benefits under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America (GAAP), the Plan's financial statements are presented on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Risks and Uncertainties

The Plan invests in the Graphic Packaging International, LLC, Master Trust (the Master Trust), which invests in a combination of stocks, bonds, mutual funds, common/collective trusts, and other investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in these financial statements.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

Investment Valuation and Income Recognition

Investments in the Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in its statements of changes in net assets available for benefits an allocation of the Master Trust's net gain (loss), which consists of realized gains (losses), unrealized appreciation (depreciation) on investments and interest and dividend income.

Valuation of Financial Instruments

The carrying values of the Plan's receivables and payables approximate fair value.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

Generally, the Plan pays for expenses incurred for Plan administration. Certain other costs of the Plan have been paid by the Plan Sponsor.

New Accounting Prouncement

In February 2017, the Financial Accounting Standards Board issued Accounting Standards Update No. 2017-06, Plan Accounting (Topics 960, 962 and 965): Employee Benefit Plan Master Trust Reporting ("ASU 2017-06"). ASU 2017-06 clarifies the presentation and disclosure requirements for an employee benefit plan's interest in a master trust. The guidance in this update is effective for fiscal years beginning after December 15, 2018. The Company adopted the provisions of this update at the beginning of fiscal year 2019, and the impact on the Plan is reflected in Note 5.

3. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurement* are described as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Common/collective trusts (CCT): The Master Trust's interest in the CCTs are valued at the net asset value (NAV) of units held by the Plan at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCTs, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2019 and 2018, there were no unfunded commitments or redemption restrictions on the Plan's investment in the CCTs.

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded on a daily basis.

U.S. government, corporate debt, state and municipal and foreign government securities: Valued at the bid prices or the average of the bid and asked prices from published sources.

Cash and cash equivalents: Valued at cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Generally, benefits under the Plan are based upon the participant's years of service multiplied by the participant's benefit level, as defined by the Plan, on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability, or termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's consulting actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. It is at least reasonably possible that the actuarial assumptions used to calculate accumulated plan benefits will change in the near term and that the effect of such change could be significant.

The significant actuarial assumptions used in the most recent valuation dated December 31, 2018 were:

Interest Rate	4.75% per year
Mortality Rates	
Health	
Legacy Riverwood Salaried	Base table: 2006 base rates from the RP-2014 mortality study with white collar adjustments
	Projection: Mortality rates are projected generationally from 2006 using Scale MP-2018
All Other Legacy Plans	Base table: 2006 base rates from the RP-2014 mortality study with blue collar adjustments
	Projection: Mortality rates are projected generationally from 2006 using Scale MP-2018
Disabled (All Legacy Plans except legacy Walter G. Anderson which uses the healthy table)	Base table: 2006 disabled base rates from the RP-2014 mortality study
	Projection: Mortality rates are projected generationally from 2006 using Scale MP-2018
Normal Retirement Age	Varies by Subplan with retirement ages beginning at age 55 with 100% retirement by age 70

NOTES TO THE FINANCIAL STATEMENTS

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS – CONTINUED

The foregoing actuarial assumptions are based on the presumption that the Plan would continue. Due to the imminent termination, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Plan reporting valuation reflects the following assumption changes: a change in the interest rate from 5.1% to 4.75%, a change in the optional payment form conversion interest rates from the August 2017 417(e) segment rates to the August 2018 417(e) segment rates for lump sums, a change in mortality improvement scale from MP-2017 to MP-2018 for healthy and disabled lives. The effect of these changes was to increase the actuarial present value of accumulated plan benefits by \$25,096,762.

5. INTEREST IN MASTER TRUST

The Plan is funded through the Master Trust. The Master Trust was established for the investment of assets of the Plan and certain assets of other retirement plans sponsored by the Plan Sponsor. Each participating retirement plan has an undivided interest in the Master Trust. The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based on 1) whether it is related to a specific plan (100% allocation to that plan), or 2) the Plan's proportionate share of the income or expense which is attributable to the Master Trust. The Plan's interest in the net assets of the Master Trust was approximately 79% and 86% at December 31, 2019 and 2018, respectively.

7. PLAN TERMINATION

As described in Note 1, the Retirement Committee made the decision to terminate the Plan effective as of the close of business December 31, 2018.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated August 31, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Company received an approval of the Plan Termination by the IRS in a letter dated August 23, 2019.

9. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. During 2019 and 2018, the Plan incurred and accrued PBGC premiums of \$997,600 and \$1,031,800, trustee fees and miscellaneous fees of \$2,096,277 and \$1,982,842, actuary fees of \$265,985 and \$543,007, and investment management fees of \$1,851,429 and \$2,334,204, respectively.

10. SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Management has evaluated subsequent events through October 9, 2020, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC 855, *Subsequent Event*.
