NOTE 1 – DESCRIPTION OF PLAN

The following description of the Kretek International, Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Kretek International Inc. and Subsidiaries (the "Company"), is the sponsor of the Plan. The Plan is a defined contribution retirement plan covering all full-time employees of the Company who have at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions as defined. Participants are entitled to the benefit that can be provided from the participant's vested account balance.

Contributions

Participant contributions

Each year, participants may elect to contribute any amount of pretax annual compensation up the limits of the Internal Revenue Service (the "IRS"). Participants direct the investments of their contributions into various options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer's matching contributions

The Company may make a discretionary matching contribution at a percentage determined by the Company. Matching contributions are limited to $5,000 per eligible employee per year. In 2019, the Company matched 50% of participant's contributions up to $5,000. The Company made matching contributions of $250,806 for the year ended December 31, 2019. Additionally, the Company may make discretionary profit-sharing contributions to the Plan. The Company did not make discretionary profit-sharing contributions for the year ended December 31, 2019.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participant vesting percentage increases to 100% if, while employed with the Company, the Participant dies or becomes disabled. Vesting in the Company's discretionary matching and profit-sharing contributions are based on years of service according to the following schedules:

Discretionary Matching and Profit-Sharing Contribution

Years of Service	Vesting Percentage
Less than 2 year	0%
2 year	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

The unvested portion of terminated Participant's account will be forfeited and is allocated at the discretion of the Company as defined in the Plan. As defined by the Plan, forfeitures may be reallocated as additional employer contributions, reduction of employer contribution or used to pay Plan expenses for the Plan year. The Plan received $30,677 of forfeitures for the year ended December 31, 2019. As of December 31, 2019, there was $34,617 of unapplied forfeitures.

Notes Receivable from Participants

Participants who are active employees of the Company and who are parties-in-interest with respect to the Plan and Trust, as defined by the Plan, are eligible to take a participant loan. Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested balance. The minimum loan amount is $1,000 and employees may only have one outstanding loan at any given time. Participant loans shall be repaid in equal installments of principal and interest over a period determined by the Plan administrator, but such repayment period cannot exceed 5 years unless the purpose of the loan is for the purchase of the principal residence of the participant, in which case the repayment period cannot exceed 30 years. Participants may also elect to pay down their loan balance in full or make partial loan payments.

The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, termination or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals with no minimum. Participant's may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $5,000 may be immediately distributed in a lump-sum payment.

The Plan permits hardship distributions from 100% of participants vested interest in all accounts. If a hardship distribution is elected by the participant, the Plan administrator will be responsible for determining whether there is an immediate and heavy financial need based on facts and circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan and Trust in whole or in part to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Generally accepted accounting principles in the United States of America ("GAAP"), require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefit of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants would have received if they were to initiate permitted transactions under the terms of the Plan.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's assets are primarily stated at fair value except for the John Hancock Stable Value Option Fund, a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Contribution Receivable

Contribution receivable are the amounts due, as of the financial statement date, to the Plan from the employee or employer. Contribution receivable from employers was $33,035 and $152,368 for the year ended December 31, 2019 and 2018, respectively.

Corrective Distribution Payable

Corrective distributions payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability and as a corrective distribution in the statement of changes in net assets available for benefits. There were no corrective distributions payable for the year ended December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Participants are responsible for statement mailing fees and loan processing fees. All other plan fees and administrative expenses are generally paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are as follows:

Level 1 **–** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology included quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. At December 31, 2019 and 2018, no Level 1 inputs where available to the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

> Pooled separate accounts are valued at the daily closing price as reported by the fund. Pooled separate accounts held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 7,962,463	$ -	$ -	$ -
Total investments at fair value (1)	$ 7,962,463	$ -	$ -	$ -

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 6,043,818	$ -	$ -	$ -
Total investments at fair value (1)	$ 6,043,818	$ -	$ -	$ -

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for Plan benefits.

Fair Value of Investments in Entities that use NAV

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The investments have no unfunded commitments and can be redeemed daily with one day notice period.

NOTE 4 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts which are issued and managed by John Hancock Life Insurance Company ("John Hancock"). John Hancock is the recordkeeper and custodian as defined by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund managers, John Hancock, other investment custodians, and investment advisors.

The Plan allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All assets and liabilities at December 31, 2019 and 2018, and investment income for the year ended December 31, 2019, that are disclosed in the accompanying financial statements and supplemental schedules, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

NOTE 6 – TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently, being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and the State Franchise Tax Board. The plan is subject to routine audits by taxing jurisdictions, however, there are no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – FIDUCIARY BOND

The Employee Retirement Income Security Act ("ERISA"), stipulates that trustees and others who handle retirement plans' investments and other property, must be covered by a fidelity bond to protect the plan from losses due to fraud and dishonesty. Generally, each person must be bonded in an amount equal to ten percent, but not more than $500,000, of the amount of funds under their control, at the beginning of the year.

During the 2019 plan year, the Plan trustees were covered by a fidelity bond.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to form 5500:

	2019	2018
Net assets available for benefits per financial statements	$ 8,489,953	$ 6,595,176
Adjustment of employer contribution receivable	313,617	217,771

NOTE 10 – SUBSEQUENT EVENTS

The Plan evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

The novel coronavirus (or "COVID-19") pandemic has affected and may continue to affect economic activity globally. As a result of this pandemic, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 pandemic may continue to affect the Plan. The extent of the impact of the pandemic on the Plan's investments and the amounts reported in the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time.

In response to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which was signed into law on March 27, 2020, the Plan implemented changes to its loan policy, withdrawals and required minimum distribution. The maximum loan limit is temporarily increased to the lesser of $100,000 or 100% of the eligible participant's vested balance for a period of 180 days from March 27, 2020. During the period between March 27, 2020 and December 31, 2020, an eligible participant can elect to delay loan payments for one year. Repayments will be adjusted to reflect interest accrued during the delay. During 2020, an eligible participant also may take a coronavirus-related distribution from the Plan of up to $100,000, may elect out of tax withholding on such distribution, and will not be subject to excise taxes on such distribution. In addition, participants are eligible to waive taking their required minimum distributions in 2020.

NOTE 10 – SUBSEQUENT EVENTS (CONTINUED)

In response to the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") which was signed into law on December 19, 2019, effective January 1, 2020, the Plan increased from age 70-1/2 to age 72 the date when terminated participants must begin receiving required minimum distributions from the Plan, and accelerated the time in which most non-spousal designated beneficiaries of deceased participants must receive their full benefits to no later than ten calendar years following the year of the participant's death.

In January 2020, the operations of Dryft Science, LLC, a subsidiary of the Company, was spun out into a separate company, not wholly owned by the Company. As a result, Dryft Science, LLC is no long a subsidiary of the Company and its employees were no longer eligible to participate in the Plan.

In March 2020, the Company sold Ultimate Superfoods, Inc., a subsidiary of the Company. As a result, Ultimate Superfoods, Inc. is no long a subsidiary of the Company and its employees were no longer eligible to participate in the Plan.
