1. DESCRIPTION OF PLAN

The following description of Consolidated Crane Company, Inc. 401(k) Plan (the "Plan") in effect as of December 31, 2019 provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions which are summarized below.

General

The Plan is sponsored by Consolidated Crane Company, Inc. (the "Employer") with Consolidated Crane & Rigging, Ltd. included as a participating company. The Plan is a defined contribution plan covering all employees, except for union employees, and nonresident aliens. Employees who have reached eighteen years of age are eligible to enter the Plan on the first day of the calendar month, coincident with or next following the date of completion of three consecutive months of service measured from the date of hire. If the service requirement is not met in the first consecutive period of months, employees will also be eligible once they complete one year of eligibility service. The Plan is called an individual account plan and is designed to be an employee income deferral plan under Section 401(k) of the Internal Revenue Code and is intended to satisfy the requirements of Section 404 (c) of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan

The Plan's Administrator, the Employer, is responsible for the administration and operations of the Plan. The third party service provider of the Plan is Great-West Life & Annuity Insurance Company ("Great-West"). All administrative and recordkeeping expenses due to Great-West are allocated to participants of the Plan.

Contributions

Participants are able to make pre-tax elective deferrals or Roth after-tax deferrals. All eligible participants may contribute the maximum pretax annual compensation subject to annual limits imposed by the Internal Revenue Code. Participants may also contribute, subject to the approval of the Plan administrator, amounts representing rollover distributions received from a prior employer's qualified plan.

If a participant fails to make an elective deferral contribution election after receiving a notice from the Plan Administrator, participants are deemed to have made an election in the amount of 3% of their compensation.

The Employer may, in its sole discretion, elect to make matching contributions to the Plan. Participants must have made elective deferrals to the Plan to receive an Employer funded matching contribution. The percentage of elective deferrals to be matched will be determined by the Employer and allocated to participants at the end of the Plan year for which the matching contribution is made.

The Employer may also, in its sole discretion, elect to make profit sharing contributions to the Plan. Discretionary profit sharing contributions will be allocated to all employees eligible to participate in the Plan. Each participant's share of the non-elective contribution is based on the proportion of their eligible earnings compared to the eligible earnings of the other employees who will also share in the contribution.

During the years ended December 31, 2019 and 2018, the Employer did not make any matching or non-elective profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is charged or credited with (a) their salary-reduction contribution, (b) their Roth elective deferral, (c) the Employer's matching contribution, (d) the Employer's non-elective profit sharing contributions, (e) the investment earnings or losses of the participant selected investments as allocated to the participant's account, and (f) service fees from the trustee. The amount of benefits to which participants are entitled is the accumulated vested balance of each participant's account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are always 100% vested with respect to salary deferral contributions, roth contributions, rollover contributions and related earnings. As of December 31, 2019, participants are vested twenty percent after two years of service and an additional twenty percent for each year thereafter on all employer matching and non-elective profit sharing contributions and related earnings. A participant is 100% vested after six years of credited service. Regardless of the vesting schedule, participants become fully vested upon death or total and permanent disability.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to contributions and the earnings thereon. The unapplied forfeiture balance at December 31, 2019 and 2018 was $4,745 and $4,787, respectively.

Notes Receivable from Participants

Participants may borrow from their participant directed accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of the present value of their vested account balance. The loans are secured by the vested balance in the participant's account. Participants are limited to one outstanding loan at any time. Interest will be based on a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest are paid through payroll deductions or by check. The Plan administrator charges a fee for the loan origination which is deducted from the participant's loan proceeds and an annual fee which is paid from loan payments.

Payment of Benefits

Upon retirement, termination, disability or death, participants or beneficiaries may elect to receive either a lump-sum amount equal to the value of their account balance or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan.

If employment is terminated before retirement and the value of the participant's account is $5,000 or less, a lump-sum distribution will be made to the participant within a reasonable time after employment is terminated. The distribution will be made either directly to the participant or to another retirement plan if so elected by the participant.

If employment is terminated before retirement and the value of the participant's account is more than $5,000, consent of the participant is required to affect a distribution. Upon the participant's consent, the distribution will be made either directly to the participant or to another retirement plan if so elected by the participant.

All distributions from the Plan may be made in cash or property.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

Investments are stated at fair value except for loans to participants which are valued at cost. Shares of registered investment companies are valued at quoted market prices which represent the net value of shares held by the Plan at year end. The Plan presents, in the statement of changes in net assets available for

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments (continued)
benefits, the net appreciation (depreciation) in the fair value of investments which consists of the realized gains or losses and the net unrealized appreciation (depreciation) on those investments. Investments are generally subject to the volatility of the major stock markets in which the underlying investments are held. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Withdrawals
Participants may withdraw all or part of their vested account balance once they reach the age of 59 ½. In the event of a financial hardship participants may withdraw their own elected deferrals excluding earnings on those deferrals as well as any vested matching or non-elective contributions. Participants will be suspended from making elective contributions for six months following the date they receive the hardship withdrawal.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

3. INCOME TAX STATUS

The Plan is a Volume Submitter 401(k) Profit Sharing Plan. Although the Plan has not requested or received a determination letter, the Volume Submitter Plan has received an advisory letter issued by the Internal Revenue Service dated March 31, 2014 which states that the form of the plan is qualified under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from information that has been prepared and certified to as complete and accurate by the agent acting on behalf of the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

5. **PLAN INVESTMENTS (UNAUDITED)**

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, the third party administrator, Great-West Life & Annuity Insurance Company, has certified to the Plan Administrator that the listing of investments (stated at fair value), together with all other transactions which affect Plan investments, are complete and accurate as of and for the years ended December 31, 2019 and 2018.

The following summarizes investments at December 31, 2019 and 2018 including itemization of assets that represent 5% or more of the Plan's net assets:

TOTAL INVESTMENTS	$ 3,610,187	$ 2,640,091
Notes receivable from participants	$ 53,125	$ 74,444

6. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Employer reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the

6. PLAN TERMINATION (continued)

event of plan termination, plan participants would become 100% vested in their account balances and the net unallocated assets would be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is a participant in a non-benefit-responsive investment contract with Great West Life and Annuity Insurance Company (Great West). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Using a discounted cash flow valuation methodology where the interest rate for the investment contract is reset at least as frequently as annually, fair value of the investment contract, prior to contract termination, equals the contract value as presented in the Annual Plan Summary by Great West. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

At December 31, 2019, no events were considered probable that could limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2019 and 2018 was $314,087 and $245,442, respectively. The average yield and crediting interest rates were 1.20% and 1.10% for 2019 and 2018, respectively. The crediting interest rate is based on a formula agreed upon by the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

8. PARTY-IN-INTEREST

Investments of the Plan are managed by Great-West Life & Annuity Insurance Company (Great-West). Great-West is the third party service provider of the Plan and, therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

10. **FAIR VALUE MEASUREMENTS (continued)**

FASB 820, Fair Value Measurements and Disclosures

FASB 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are observable, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

11. **DEFERRED VESTED BENEFIT OBLIGATIONS**

Vested participant balances for former employees that have not been paid as of December 31, 2019 and 2018 amounted to $10,654 and $0, respectively, and are included in the statement of net assets available for benefits.

12. **SUBSEQUENT EVENTS**

The Company has evaluated subsequent events through October 2, 2020, the date which the financial statements were available to be issued and has determined that no additional disclosures are required.
