Mills Van Lines, Inc. Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019 and 2018

A. DESCRIPTION OF PLAN

The following description of the Mills Van Lines, Inc. (the “Company”) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Mills Van Lines, Inc., Mills Move Management, Incorporated, and All America Relocation, Inc. (effective October 1, 2019) who have ninety days of service and attained the age of twenty. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Each year, participants may contribute up to 100%, limited to the Internal Revenue Code (“IRC”) 402(g) limit, of their compensation on a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may make profit sharing contributions to the Plan solely at the discretion of the Company’s Board of Directors. Prior to the adoption of The Benefit Advantage, Inc.’s prototype plan effective November 19, 2019 (see Note J), these contributions were invested in a portfolio of investments as directed by the Company. In review of all aspects of operations and the economy, the Company elected not to make a profit-sharing contribution for the year ended December 31, 2019.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants may direct all contributions to any or all of the various investment funds provided. Prior to November 19, 2019, participants could only direct their elective deferrals to any or all of the various investment funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits - Except for the participant’s salary deferrals, distributions to terminated employees for reason other than death will begin as soon as practicable after the participant’s normal retirement age. Benefit payments are made as directed by the participant, subject to certain restrictions. Effective October 1, 2019, distributions of a participant’s account may be authorized at any time by the Plan Administrator under certain hardship conditions. Loans are not permitted under the Plan.

Forfeitures - Participants with a break-in-service greater than five years forfeit the non-vested portion of their account. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$12,384 and \$2,264, respectively. These accounts will be used to pay administrative expenses incurred by the Plan and then to reduce future employer contributions. No forfeitures were used in 2019.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses, are paid from the Plan. Fees related to participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

C. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Great-West and PNC, the current and former custodians.

PNC has certified as to the completeness and accuracy of the investments it held and changes in net assets arising from said investment activity as of November 18, 2019 and December 31, 2018, and for the period of January 1, 2019 through November 18, 2019. Great-West has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity, except for the life insurance policies, as of December 31, 2019 and for the period November 19, 2019 through December 31, 2019.

Great-West has certified as to the completeness and accuracy of the schedule of assets (held at end of year), except for the life insurance policies, as of December 31, 2019.

F. INVESTMENT IN FIXED ACCOUNT

The Fixed Account, an annuity product issued by Great-West Life & Annuity Insurance Company ("Great-West"), is an account credited with a declared rate of interest and valued daily. The effective annual interest rate will never be less than 0% and the interest rate to be credited will be determined prior to the last day of the previous calendar quarter. The average yield earned by the Plan was .95% for 2019. The actual average yield earned by the Plan was 1.25% for 2019.

Amounts allocated to the Fixed Account are held in the general account of Great-West, are managed on an aggregate basis, and support the general activities of Great-West.

The Fixed Account is included in the financial statements at contract value. Contract value represents contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract values for credit risk of contract issues or otherwise.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Mills Van Lines, Inc. Profit Sharing Plan
Notes to the Financial Statements
December 31, 2019 and 2018

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The Fixed Account does not permit the trust company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

G. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

December 31, 2019 and 2018

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund - The shares of the money market fund are valued in accordance with Securities and Exchange Commission Investment Company Act of 1940 regulations, restricting investment of a money market fund and permitting the penny-rounding method, which enables the fund to maintain a constant net asset value ("NAV") of \$1.00 per share. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Life insurance policies: Valued at the cash surrender value at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements:

The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Life Insurance	\$207,030	Accumulation Account Value, based upon the 1980 CSO mortality table, less redemption charges	Interest Crediting Rate	4.0%

- (a) In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

H. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

Great-West provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and Great-West. Great-West receives revenue from mutual fund service providers for services they provide to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

If the revenue received by Great-West from such mutual fund service providers exceed the amount owed under the SA, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Great-West for administrative expenses not covered by revenue sharing.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. The Company may elect to not make a contribution and keep the Plan active in full force.

J. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype plan provided by The Benefit Advantage, Inc. ("Benefit Advantage"), the Plan's independent third-party administrator. Benefit Advantage has received an opinion letter, dated March 31, 2014, from the IRS. The opinion letter states that the prototype plan is acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. Subsequently, the Plan has been amended. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

K. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted above, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

L. SUBSEQUENT EVENTS

Subsequent to December 31, 2019, the impact to the Plan of the COVID-19 pandemic during 2020 has resulted in significant fluctuations in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan and the net assets available for benefits cannot be reasonably estimated at this time.

Effective April 4, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

In July 2020, the sponsor was acquired by another entity. Subsequently, distributions of approximately \$8,000,000 has been paid to terminated participants.

Subsequent events have been evaluated through October 9, 2020, which is the date the Plan's financial statements were available to be issued.
