NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2019

1. DESCRIPTION OF PLAN

The following description of the American One Source, Inc. MEP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer plan sponsored by American One Source, Inc. (the Sponsor) as a defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees eligible to participate in the Plan are those employees of American One Source Inc., Frontier Delivery Inc., Billygoat Logistics Inc., Outwest Express LLC (terminated participation in 2019), KentuckyWired Operations Company LLC, KBT Transportation Inc., Stout Trucking Inc., MasterQuip Inc., XTC Transportation Inc., Overland Express Inc. and iQor Global Services LLC (collectively, the Employers). Participants should refer to the Plan document of each Employer to determine the eligibility requirements of the Plan as adopted by the respective Employer. Effective September 20, 2019, iQor Global Services LLC joined the plan and participants were eligible to contribute. On November 11, 2019, plan assets of \$5,162,258 were transferred into the Plan from the prior plan for the iQor Global Services LLC participants.

The plan administrator is responsible for carrying out the duties imposed under ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring of investment performance.

The custodian, Transamerica Life Insurance Company, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment direction of the individual participants over the participant contributions and employer matching contributions, if any.

Employee Contributions

Pursuant to Section 401(k) of the Internal Revenue Code ("IRC"), participants may contribute up to the lesser of 100% of their compensation or \$19,000 for 2019. Participants who have attained age 50 before the end of the Plan year may also make catch-up contributions of up to \$6,000 for 2019. All participants' contributions are fully vested at all times.

Employer Contributions

Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Employers, (iii) safe harbor matching contributions made by the Employers, (iv) nonelective contributions made by the Employers, and (v) rollovers from new participants in another qualified plan. Participants should refer to the Plan document of each Employer for a complete description of the Employers' contributions to the Plan. Participants may direct the investment of their contributions and any Employers' contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employers' discretionary matching contribution and safe harbor contributions, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor contributions, plus actual earnings thereon. The vesting in all other Employers' contribution portions of their accounts plus earnings thereon are based on years of continuous service. Participants should refer to the Plan document to determine the vesting requirements of the Plan as adopted by the respective Employer.

Payment of Benefits

Distributions from the account are not permitted before age 59½ except in the event of death, disability, retirement or reasons of proven financial hardship. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or rollover the account to another eligible plan.

Terminated employees are not required to withdraw amounts from their Plan accounts if such accounts are greater than \$5,000.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and may first be used to pay administrative expenses or to reduce subsequent employer contributions. As of December 31, 2019, and 2018, there are \$4,707 and \$450 of forfeitures, respectively, that have not yet been applied to reduce administrative expenses or employer contributions. Also, in 2019, \$441 was used to reduce employer contributions or pay administrative expenses.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans that a participant may have outstanding at one time is two. The loans are secured by the balance in the participants' account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years except for residential type loans.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the Schedule H of the 5500. Under GAAP, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Employers. No such officers or employees receive compensation from the Plan. Certain administrative expenses may be paid directly by the Plan or Employers, such as recordkeeping, custodian, legal and accounting fees.

Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

3. ASSET INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

At December 31, 2019 and 2018, the Plan's investments were held by Transamerica Life Insurance Company (the "Custodian"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments at December 31, 2019 and 2018, as reported by the Custodian, is summarized as follows:

	<u>2018</u>	<u>2018</u>
Pooled separate accounts	\$ 1,973,267	\$ 592,642
Stable value option	<u>4,432,129</u>	<u>1,000,800</u>
	<u>\$ 6,405,396</u>	<u>\$ 1,593,442</u>

During 2019, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year), appreciated in value by \$189,823.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are inputs other than quoted prices included with Level 1 that are observable for similar assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 2 Fair Value Measurement

Stable Value Option: General account held with Insurance Company equivalent to contract value. Similar to a money market or CD type investment, this type of investment is considered a deposit liability with no defined maturities and is fair valued at contract value. The average yield earned by the Plan is equal to the average yield earned by the Plan adjusted to reflect the actual interest rate credited to the Plan participants. This insurance contract account is not considered a guaranteed investment contract by the issuer.

Investments measured at net asset value

Pooled Separate Accounts: valued at the net asset value of units of the underlying investments at the insurance company. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant's transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the accounts, no notification is required.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

Fair Value Measurements at the End of the Reporting Period Using:

	Quoted Prices for Similar Assets (Level 2)	Total
<u>December 31, 2019</u>		
Stable value option	\$ 4,432,129	\$ 4,432,129
Total assets in the fair value hierarchy	4,432,129	4,432,129
Investments measured at net asset value (a)	-	1,973,267
Total investments at fair value	\$ 4,432,129	\$ 6,405,396

Fair Value Measurements at the End of the Reporting Period Using:

December 31, 2018	Quoted Prices for Similar Assets (Level 2)	Total
Stable value option	\$ 1,000,800	\$ 1,000,800
Total assets in the fair value hierarchy	1,000,800	1,000,800
Investments measured at net asset value (a)	-	592,642
Total investments at fair value	\$ 1,000,800	\$ 1,593,442

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement.

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2019 and 2018, respectively:

Pooled Separate Accounts at December 31, 2019:

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The statement of net assets available for benefits agrees to the Schedule H of Form 5500 in its entirety for the years ended December 31, 2019 and 2018.

The statement of changes in net assets available for benefits agrees to the Schedule H of the Form 5500 in its entirety for the year ended December 31, 2019.

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During the year ended December 31, 2019, the Plan paid \$27,289 in direct compensation to the Custodian and the third-party administrator for record-keeping services. These transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype 401(k) profit sharing plan and trust sponsored by Transamerica Retirement Solutions Corporation. This prototype Plan document has been filed with the appropriate agency and has obtained a letter dated July 7, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations three years after filing.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

For the year ended December 31, 2019, management of the Sponsor has evaluated subsequent events for potential recognition and disclosure through October 7, 2020, the date of financial statement issuance. No events requiring disclosure other than the item below were noted.

As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial volatility in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
