1. DESCRIPTION OF PLAN

The following description of the Jay's Catering 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Mastroianni Family Enterprises (the "Company"). Eligible participants are employees who have completed one year of service, a minimum of 1,000 hours and are at least twenty-one years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account, but not in excess of 50% of such vested account balance. Interest rates are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. The period of the loan may not exceed a period of five years, unless the loan is used to acquire the principal residence of the participant.

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments, or a single sum distribution of a portion of his or her vested account.

Forfeited Accounts
Forfeited accounts are used to reduce future employer contributions. There were no forfeited accounts at December 31, 2019 and 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review
Subsequent events were evaluated through October 8, 2020, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the modified cash basis of accounting.

Notes Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Operating expenses of the Plan paid by the Company are not reflected in these financial statements.

.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive

- Inputs other than quoted prices that are observable for the asset or

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 1,633,319	$ 0	$ 0	$ 1,633,319
Common/collective trusts	80,740	0	0	80,740
Total assets at fair value	$ 1,714,059	$ 0	$ 0	$ 1,714,059

	Assets at Fair Value as of December 31, 2018			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 1,346,041	$ 0	$ 0	$ 1,346,041
Common/collective trusts	79,640	0	0	79,640
Total assets at fair value	$ 1,425,681	$ 0	$ 0	$ 1,425,681

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018 are reported in net appreciation (depreciation) in fair value of investments.

6. PARTIES IN INTEREST

Certain plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $18,304 and $10,633 for the years ended December 31, 2019 and December 31, 2018, respectively.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. SUBSEQUENT EVENTS

COVID-19 Pandemic

In response to the issuance of U.S. federal guidelines to contain the spread of the COVID-19 virus, U.S. state and local jurisdictions implemented various containment or mitigation measures, including shelter-in-place orders and the temporary closure of non-essential businesses, which negatively impacted the economy and have caused significant volatility in capital markets in 2020. As such, the Plan experienced similar volatility in the market value of securities held subsequent to year end.

In response to COVID-19, the Plan adopted certain provisions in accordance with recent Federal regulations of the Coronavirus Aid Relief and Economic Security Act ("CARES Act") for qualifying participants, including COVID-19 withdrawal options up to $100,000 and the ability to take out a secondary loan, for those participants who meet certain qualifications.

The Plan has evaluated subsequent events through October 8, 2020, the date the financial statements were issued. No adjustments were made to the financial statements as a result of this evaluation.
