PSRS 403(b) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN

Effective January 1, 2007, Puget Sound Regional Services (PSRS) adopted the PSRS 403(b) Plan (Plan). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of Puget Sound Regional Services. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration - The Plan is administered by PSRS. Individual participant accounts are maintained by Pension Plan Specialists, based upon information provided by PSRS. Nationwide Trust Company, FSB is the trustee of the Plan's investments.

Eligibility - Employees who normally work 20 hours or more per week are immediately eligible to participate in salary deferrals and are eligible to receive discretionary employer matching contributions with no minimum age requirement.

Contributions - Each year, eligible participants may contribute a percentage of their compensation, as defined, up to the dollar amount specified by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans. At its discretion, the Plan sponsor may make matching contributions. During 2019 and 2018, the Plan sponsor made matching contributions in the amount of \$50,000 and \$35,133, respectively. Employee contributions are made to the Plan after each pay period. Employer matching contributions are generally funded once per year.

Participant Accounts - Each participant's account is credited or charged with the participant's contribution, employer contributions and allocations of investment earnings and losses. Allocations of investment earnings and losses are based on account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - All contributions are participant directed. Upon enrollment in the Plan, a participant may direct employee contributions and matching contributions, if any, in a variety of investment options.

Vesting - Participants are immediately vested in employee and employer contributions plus actual earnings thereon.

Notes Receivable from Participants - The Plan allows participants to draw against their Plan investments in the form of loans. Participants may borrow from their accounts the lesser of \$50,000, or 50 percent of their vested account balance, calculated within the last twelve months (not less than \$1,000). The loans are secured by the balance in the participants' accounts.

Note 1 - continued

Payment of Benefits - On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account.

Expenses - Certain administrative expenses of the Plan are paid by PSRS and are excluded from these financial statements.

Plan Termination - Although it has not expressed any intent to do so, PSRS has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to participants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies used by the Plan:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation - Investments are stated at fair value. Quoted market prices in active markets are used to value investments. Shares of mutual funds and the money market fund are valued at the net asset value of shares held by the Plan at year end. Net unrealized gains and losses are calculated as the net change in fair value of investments from the beginning of the plan year or purchase date (whichever is later) to the end of the plan year. Realized and unrealized gains and losses are combined with dividends earned and reported as net investment earnings.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Payments are made with each payroll, and the loans bear interest at a reasonable rate as determined by the administrator. All loans outstanding in 2019 and 2018 bear interest at 6%. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document; therefore no allowance for credit losses is necessary.

Income Recognition - Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits - Benefits are recognized when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 3 - TAX STATUS

The Plan's terms have been drafted to comply with Internal Revenue Code ("IRC") section 403(b) which includes significant provisions related to a written plan document and custodial agreements to maintain the tax-exempt status for plan participants. In addition, the Plan must comply with certain operating tests including tests of coverage, non-discrimination and maximum benefit limitations.

The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the plan document. Therefore, no provision for income tax has been included in the Plan's financial statements.

Presently, the Internal Revenue Service does not have a determination letter program for 403(b) plan documents. The plan administrator intends to apply for a determination letter on the Plan when, and if, the government opens such a program.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has concluded that, as of December 31, 2019, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress and years prior to 2016 are no longer subject to audit.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. Under generally accepted accounting principles, there are three levels of inputs, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$9,953	\$-	\$-	\$9,953
Mutual Funds	1,245,328	-	-	1,245,328
	<u>\$1,255,281</u>	<u>\$-</u>	<u>\$-</u>	<u>\$1,255,281</u>

Note 4 - continued

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$6,591	\$-	\$-	\$6,591
Mutual Funds	958,346	-	-	958,346
	<u>\$964,937</u>	<u>\$-</u>	<u>\$-</u>	<u>\$964,937</u>

NOTE 5 - INFORMATION CERTIFIED BY TRUSTEE

Following is a summary of the unaudited information included in the financial statements and the Schedule of Assets (Held at End of Year) which was prepared by Nationwide Trust Company, FSB, the trustee of the Plan's investment assets, and furnished to the administrator along with certification that such information is complete and accurate.

1. Fair value of the money market fund and mutual funds as of December 31, 2019 and 2018.
2. Investment income for the year ended December 31, 2019.

NOTE 6 - PARTY IN INTEREST

Nationwide Trust Company, FSB acts as custodian and trustee for certain investments of the Plan; therefore, transactions with Nationwide Trust Company, FSB and the Nationwide mutual funds qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2020 the date these financial statements were available to be issued.

In March 2020, the coronavirus pandemic began impacting the U.S. and world economies significantly. The investment markets in the U.S. became very volatile. The ultimate impact of this pandemic on the Plan's investments and results of investing activities cannot be determined at this time; it is possible these impacts will be severe.
