Wick's Truck Trailers, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

A. Description of Plan

The following description of the Wick's Truck Trailers, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering substantially all employees other than union and non-resident alien employees of Wick's Truck Trailers, Inc., Wick's Truck Trailer of Kansas City, Inc., Western Trailer Leasing, and Wick's Sterling Trucks, Inc. (through December 18, 2019) (collectively, Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.
2. *Eligibility.* Employees become eligible to participate in the Plan, for both employee contributions and Employer match, once they have obtained one year of service are age 18 or older. Employees are eligible for Employer profit sharing contributions if they have met the previous requirements, completed at least 500 hours of service during the Plan year or are employed by the Employer on the last day of the Plan year.
3. *Contributions.* Each year, participants may contribute up to 100% percent of pretax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Employer makes a safe harbor matching contribution equal to 100% of the first 3% and 50% of the next 2% of the participant's eligible compensation that a participant contributes to the Plan. Additional profit-sharing and discretionary matching contributions may be contributed at the option of the Employer. No such profit-sharing or discretionary matching contributions were made to the Plan for 2019. During the year ended December 31, 2019, the Plan received \$5,439 of contributions related to the 2020 Plan year, which are included as prefunded contributions in the statements of net assets available for benefits. Participants direct the investment of their contributions and the Employer's contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.
4. *Participant accounts.* Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Wick's Truck Trailers, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

5. *Vesting.* Participants are vested immediately in their contributions and safe harbor Employer matching contributions, plus actual earnings thereon. Vesting in the Employer's profit-sharing and discretionary matching portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.
6. *Payment of benefits.* Upon termination of service due to death, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions after termination of employment for reasons other than the above shall commence as soon as administratively feasible. Participant consent is required for account distributions over \$5,000. If the participant's account is less than \$5,000 at the time, a lump-sum distribution will be made as soon as administratively feasible following termination of employment. If the participant's account exceeds \$1,000 and the participant did not elect to either receive or to rollover the distribution, then the distribution may be rolled over to an individual retirement account. In addition, the Plan allows for hardship distributions if certain criteria are met.
7. *Forfeited accounts.* At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$0. Any unused forfeited accounts may be used to reduce future Employer contributions.

B. Summary of Accounting Policies

1. *Basis of Accounting.* The financial statements of the Plan are prepared on the accrual basis of accounting.
2. *Use of Estimates.* The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. *Investment Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

4. *Payment of Benefits.* Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2019 and 2018

5. *Expenses.* Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Expenses included in these financial statements are for participant related transactions, recordkeeping, and investment custodial/advisory fees.
6. *Subsequent Events.* The Plan has evaluated subsequent events through July 29, 2020, the date the financial statements were available to be issued.

C. Certified Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c)(1) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TD Ameritrade Trust Company and Matrix Trust Company, the trustees, have certified the following as complete and accurate:

	<u>2019</u>	<u>2018</u>
Cash and cash equivalents	\$ 17,686	--
Investments, at fair value	5,733,849	4,670,385
		<u>2019</u>
Net appreciation in fair value of investments		\$ 807,180
Interest and dividends		132,166

The Plan's independent accountant did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedule.

Notes to Financial Statements
December 31, 2019 and 2018

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">▪ quoted prices for similar assets or liabilities in active markets;▪ quoted prices for identical or similar assets or liabilities in inactive markets;▪ inputs other than quoted prices that are observable for the asset or liability;▪ inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2019 and 2018

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,733,849	-	-	5,733,849

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,670,385	-	-	4,670,385

E. Party in Interest Transactions

Certain Plan investments are managed by Matrix Trust Company and TD Ameritrade. Matrix Trust Company and TD Ameritrade Trust Company are the trustees for the Plan and, therefore, these transactions qualify as party in interest transactions. Additionally, fees were paid to the recordkeeper and investment manager, also parties in interest. Total fees paid to parties in interest amounted to \$39,421 for the year ended December 31, 2019.

F. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

On December 18, 2019, Wick's Sterling Trucks, Inc. was sold, and the Employer has determined that a partial termination of the Plan occurred in connection with the sale. All affected Plan participants were fully vested in their accounts upon the sale of this entity.

Wick's Truck Trailers, Inc. 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

G. Tax Status

The Plan adopted a volume submitter profit sharing plan with CODA that has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the volume submitter plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Subsequent Event

Effective January 1, 2020, the plan was restated to exclude Wick's Sterling Trucks, Inc. as a member of the controlled group.
