Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vann Brothers 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

INDEPENDENT AUDITORS' REPORT
(Continued)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedule of assets held at end of year as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary schedule.

Report on Form and Content in Compliance With DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America; and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of Vann Brothers 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Vann Brothers and Vann Family Orchards (collectively, known as the Company) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 1994, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals and Roth 401(k) deferrals) up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferral, up to 4% of the participant's compensation. The Company made employer safe-harbor matching contributions of $140,872 and $115,388, respectively, for the years ended December 31, 2019 and 2018. The Company may also make discretionary matching contributions. The Company made discretionary matching contributions of $150,010 and $111,490, respectively, for the years ended December 31, 2019 and 2018. Additionally, the Company may make discretionary nonelective contributions. No discretionary nonelective contributions were made for the years ended December 31, 2019 and 2018.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Nonelective contribution allocations are based on the ratio of the participant's compensation compared to the total of all participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company safe-harbor matching contributions, and earnings thereon. Discretionary matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after six years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2019 and 2018, the amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid totaled $60 and $62, respectively.

Forfeitures Forfeitures attributable to discretionary matching and discretionary nonelective contributions may be used to pay plan expenses, allocated as additional employer contributions, or used to reduce future Company contributions to the Plan. Forfeited nonvested account balances totaling $38,063 and $-0- were used to reduce Plan expenses for the years ended December 31, 2019 and 2018, respectively. At December 31, 2019 and 2018, the remaining forfeited nonvested accounts totaled $43 and $31,460, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their discretionary matching and discretionary nonelective Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See note 4 for the classification of these assets within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income (loss) included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2019 and 2018, were not subject to auditing procedures and have been certified as complete and accurate by Wells Fargo Bank, N.A. (Wells Fargo).

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,969,662	$ -	$ -	$ 3,969,662

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,544,689	$ -	$ -	$ 3,544,689

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo provides certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund service providers for services Wells Fargo provided to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Wells Fargo from investment providers exceeds the amount owed under the agreement, Wells Fargo remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Wells Fargo for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a volume submitter, non-standardized profit sharing plan established by Wells Fargo. The volume submitter plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the volume submitter plan, as then designed, was acceptable under Section 401 of the IRC. The Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits of the financial statements to Form 5500:

Company Contributions Per Form 5500	$	261,997	$	257,803

9. RECENT ACCOUNTING PRONOUNCEMENT

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements, as well as clarifying specific disclosure requirements. The ASU is effective for fiscal years beginning after December 15, 2019. Certain provisions of the ASU will be applied prospectively while the rest of the provisions will be applied retrospectively. The Plan's management has not yet determined the impact that implementation of this ASU will have on the Plan's financial statements.

10. SUBSEQUENT EVENT

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income, contributions, and distributions. Additionally, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020, contains provisions that changed regulations regarding hardship distributions, participant notes receivable, and required minimum distributions. The Plan administrator and Company management are monitoring the situation in order to mitigate the potential impact on the Plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vann Brothers 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

INDEPENDENT AUDITORS' REPORT

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph above, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedule of assets held at end of year as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary schedule.

Report on Form and Content in Compliance With DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America; and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of Vann Brothers 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Vann Brothers and Vann Family Orchards (collectively, known as the Company) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 1994, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals and Roth 401(k) deferrals) up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferral, up to 4% of the participant's compensation. The Company made employer safe-harbor matching contributions of $140,872 and $115,388, respectively, for the years ended December 31, 2019 and 2018. The Company may also make discretionary matching contributions. The Company made discretionary matching contributions of $150,010 and $111,490, respectively, for the years ended December 31, 2019 and 2018. Additionally, the Company may make discretionary nonelective contributions. No discretionary nonelective contributions were made for the years ended December 31, 2019 and 2018.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Nonelective contribution allocations are based on the ratio of the participant's compensation compared to the total of all participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company safe-harbor matching contributions, and earnings thereon. Discretionary matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after six years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2019 and 2018, the amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid totaled $60 and $62, respectively.

Forfeitures Forfeitures attributable to discretionary matching and discretionary nonelective contributions may be used to pay plan expenses, allocated as additional employer contributions, or used to reduce future Company contributions to the Plan. Forfeited nonvested account balances totaling $38,063 and $-0- were used to reduce Plan expenses for the years ended December 31, 2019 and 2018, respectively. At December 31, 2019 and 2018, the remaining forfeited nonvested accounts totaled $43 and $31,460, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their discretionary matching and discretionary nonelective Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See note 4 for the classification of these assets within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income (loss) included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2019 and 2018, were not subject to auditing procedures and have been certified as complete and accurate by Wells Fargo Bank, N.A. (Wells Fargo).

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,969,662	$ -	$ -	$ 3,969,662

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,544,689	$ -	$ -	$ 3,544,689

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo provides certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund service providers for services Wells Fargo provided to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Wells Fargo from investment providers exceeds the amount owed under the agreement, Wells Fargo remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Wells Fargo for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a volume submitter, non-standardized profit sharing plan established by Wells Fargo. The volume submitter plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the volume submitter plan, as then designed, was acceptable under Section 401 of the IRC. The Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECENT ACCOUNTING PRONOUNCEMENT

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements, as well as clarifying specific disclosure requirements. The ASU is effective for fiscal years beginning after December 15, 2019. Certain provisions of the ASU will be applied prospectively while the rest of the provisions will be applied retrospectively. The Plan's management has not yet determined the impact that implementation of this ASU will have on the Plan's financial statements.

10. SUBSEQUENT EVENT

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income, contributions, and distributions. Additionally, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020, contains provisions that changed regulations regarding hardship distributions, participant notes receivable, and required minimum distributions. Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Vann Brothers 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018; the related statements of changes in net assets available for benefits for the years then ended; and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan administrator by the trustee is complete and accurate.

1. DESCRIPTION OF THE PLAN

The following description of Vann Brothers 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Vann Brothers and Vann Family Orchards (collectively, known as the Company) who have one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 1994, and has been subsequently amended and restated. The Plan administrator is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals and Roth 401(k) deferrals) up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes safe-harbor matching contributions equal to 100% of each participant's elective deferral, up to 4% of the participant's compensation. The Company made employer safe-harbor matching contributions of $140,872 and $115,388, respectively, for the years ended December 31, 2019 and 2018. The Company may also make discretionary matching contributions. The Company made discretionary matching contributions of $150,010 and $111,490, respectively, for the years ended December 31, 2019 and 2018. Additionally, the Company may make discretionary nonelective contributions. No discretionary nonelective contributions were made for the years ended December 31, 2019 and 2018.

Participant Accounts Each participant's account is credited with the participant's contributions, Company contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Nonelective contribution allocations are based on the ratio of the participant's compensation compared to the total of all participant's compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions, Company safe-harbor matching contributions, and earnings thereon. Discretionary matching contributions and discretionary nonelective contributions are subject to vesting. A participant is 100% vested after six years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

As of December 31, 2019 and 2018, the amounts allocated to participants who elected to withdraw from the Plan but have not yet been paid totaled $60 and $62, respectively.

Forfeitures Forfeitures attributable to discretionary matching and discretionary nonelective contributions may be used to pay plan expenses, allocated as additional employer contributions, or used to reduce future Company contributions to the Plan. Forfeited nonvested account balances totaling $38,063 and $-0- were used to reduce Plan expenses for the years ended December 31, 2019 and 2018, respectively. At December 31, 2019 and 2018, the remaining forfeited nonvested accounts totaled $43 and $31,460, respectively.

Plan Termination Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their discretionary matching and discretionary nonelective Company contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See note 4 for the classification of these assets within the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments included in the statements of net assets available for benefits, and the investment income (loss) included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2019 and 2018, were not subject to auditing procedures and have been certified as complete and accurate by Wells Fargo Bank, N.A. (Wells Fargo).

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,969,662	$ -	$ -	$ 3,969,662

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,544,689	$ -	$ -	$ 3,544,689

5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Wells Fargo provides certain administrative services to the Plan pursuant to an agreement between the Company and Wells Fargo. Wells Fargo receives revenue from mutual fund service providers for services Wells Fargo provided to the funds. This revenue is used to offset certain amounts owed to Wells Fargo for administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. If the revenue received by Wells Fargo from investment providers exceeds the amount owed under the agreement, Wells Fargo remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to Wells Fargo for administrative services not covered by revenue sharing.

6. TAX STATUS

The Plan has adopted a volume submitter, non-standardized profit sharing plan established by Wells Fargo. The volume submitter plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the volume submitter plan, as then designed, was acceptable under Section 401 of the IRC. The Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits of the financial statements to Form 5500:

December 31		**2019**		**2018**

Company Contributions Per Form 5500	$	261,997	$	257,803

9. RECENT ACCOUNTING PRONOUNCEMENT

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements, as well as clarifying specific disclosure requirements. The ASU is effective for fiscal years beginning after December 15, 2019. Certain provisions of the ASU will be applied prospectively while the rest of the provisions will be applied retrospectively. The Plan's management has not yet determined the impact that implementation of this ASU will have on the Plan's financial statements.

10. SUBSEQUENT EVENT

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income, contributions, and distributions. Additionally, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) enacted on March 27, 2020, contains provisions that changed regulations regarding hardship distributions, participant notes receivable, and required minimum distributions. The Plan administrator and Company management are monitoring the situation in order to mitigate the potential impact on the Plan.
