TriHealth, Inc. Designated Groups  
401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2019

**1. Description of the Plan**

The following description of the TriHealth, Inc. Designated Groups 401(k) Retirement Savings Plan (the Plan) provides general information about the Plan's provisions. TriHealth, Inc. (TriHealth) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from TriHealth.

**Plan Merger**

Effective on December 31, 2019, TriHealth merged the Plan, including net assets transferred of \$83,909,543, into the TriHealth, Inc. 401(k) Retirement Savings Plan, another defined contribution plan sponsored by TriHealth.

**General**

The Plan is a defined contribution profit-sharing plan covering staff employees of Bethesda Healthcare, Inc. (staff hired after June 30, 2009); TriHealth H, LLC; TriHealth Q, LLC; TriHealth HF, LLC; TriHealth Oncology Institute, LLC; TriHealth Heart Institute, LLC; TriHealth Physicians Institute (staff hired after June 30, 2010); TriHealth G, LLC with approximately 100 employees excluded; TriHealth OS, LLC; TriHealth W, LLC (staff hired after June 30, 2010); TriHealth Digestive Diseases Institute, LLC; TriHealth Surgical Institute; and TriHealth Physicians Practices, LLC (staff hired after June 30, 2009) (collectively, the Companies).

The Retirement Plan Committee of the Plan (the Committee) is responsible for all the general administration of the Plan. Great-West Trust Company, LLC is the trustee of the Plan (the Trustee). Empower Retirement is the record-keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Contributions**

Eligibility for purposes of participant contributions is one hour of service. Eligibility for purposes of contributions by the Companies varies by type of contribution from one hour of service to 1,000 hours of service. If a participant receives, or is entitled to receive, a qualifying distribution from another eligible employer plan or from an individual retirement account or annuity, the participant may “roll over” such amount, or request that the trustee of the other plan roll over such amount, into a rollover account. Participants classified by the Companies as physicians or members of the executive staff are excluded from the Plan.

Effective January 1, 2017, for each payroll period, the Companies will make a safe harbor contribution on behalf of each participant who makes a salary deferral contribution, a Roth deferral contribution, or a catch-up deferral contribution for the Plan year. For the Plan year ended December 31, 2019, the Companies made a safe harbor contribution matching 100% of the first 3% of each eligible participant’s deferred contribution and 50% of the next 2% of each eligible participant’s deferred contribution. The Companies may elect to make discretionary matching contributions, discretionary supplemental contributions, and/or discretionary company contributions on behalf of eligible participants. No discretionary matching contributions, discretionary supplemental contributions, or discretionary company contributions were made for the year ended December 31, 2019.

Each year, participants may elect to contribute from 1% to 80% of their pretax or after-tax eligible compensation to the Plan. Participants over the age of 50 can make a catch-up contribution. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

**Investment Options**

Participants direct their elective contributions into various investment options offered by the Plan. Participants can change their contribution allocations daily and may elect to transfer amounts between fund options throughout the Plan year. The Companies’ contributions are allocated in the same manner as that of the participant’s elective contributions.

TriHealth, Inc. Designated Groups  
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Participant Accounts**

Each participant account is credited with the participant contributions, eligible contributions of the Companies, and an allocation of Plan earnings and administrative expenses. All amounts in the participant accounts are participant-directed. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their salary deferral contributions, Roth deferral contributions, rollover contributions, safe harbor contributions, discretionary matching contributions, and discretionary supplemental contributions.

Participants who terminate employment for reasons other than retirement, disability, or death are eligible to receive the vested portion of discretionary company contributions, if any, according to the following schedule effective January 1, 2015:

| <b>Years of Vesting Service</b> | <b>Vested<br/>Percentage of<br/>Companies'<br/>Account</b> |
|---------------------------------|------------------------------------------------------------|
| Less than two years             | 0%                                                         |
| Two years or more               | 100                                                        |

**Forfeitures**

Forfeitures represent the non-vested portions of participant account balances upon termination. Forfeited amounts, if any, are first applied to the restoration of forfeitures, as applicable, and then to reduce contributions of the Companies. As of December 31, 2019 and 2018, no forfeitures were available for application against future contributions of the Companies, and no forfeitures were used to reduce contributions by the Companies during the year ended December 31, 2019.

TriHealth, Inc. Designated Groups  
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

**Participant Loans**

A participant may request a loan from their account by electronically contacting the Empower Retirement Participant Service Center. Only participants who are actively employed by the Companies are eligible to apply for a loan. The minimum amount a participant can borrow is \$1,000. The maximum amount of the loan is the lesser of (a) one-half of the combined total of the participant's salary deferral account, Roth deferral account, and rollover account or (b) \$50,000. Participants may have only one loan outstanding at any time.

Interest will be charged at 1% over the prime interest rate in effect when the loan is processed. Loans normally will be repaid through payroll deduction. Generally, the term of a loan may not exceed five years; however, if the loan is for the purchase of a primary residence, the Committee may permit a longer repayment period at its discretion. Participant loans outstanding total \$902,492 at December 31, 2018. All participant loans outstanding at December 31, 2019, were transferred to the TriHealth, Inc. 401(k) Retirement Savings Plan.

**Payment of Benefits**

Distributions of vested balances are available upon termination subject to the approval of the Companies, retirement, attaining age 55, death, or permanent and total disability. Distributions are made in lump-sum payments to the participant or designated beneficiaries.

Participants may withdraw amounts from their participant accounts for financial hardship if certain conditions are met. This hardship distribution is not in addition to other benefits and will therefore reduce the benefit that will be received at retirement.

**Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or TriHealth, as provided by the Plan's provisions. Administrative expenses paid by the Plan include record-keeping and trustee fees. Expenses relating to purchases, sales, or transfer of the Plan's investments are charged to the particular fund to which the expenses relate. All other administrative expenses of the Plan are paid by TriHealth. Expenses paid by TriHealth are excluded from these financial statements.

Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The following describes the significant accounting policies followed in the preparation of these financial statements, which have been prepared on the accrual basis of accounting.

**Payment of Benefits**

Benefits are recorded when paid.

**Notes Receivable from Participants**

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. All notes receivable from participants as of December 31, 2019 were transferred to the TriHealth, Inc. 401(k) Retirement Savings Plan. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

**Other Income**

Other income is primarily revenue from revenue credit arrangement with the record-keeper.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

**Investment Valuation and Income Recognition**

Investments held by the Plan (except for the fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Management is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

The Plan invests in a fully benefit-responsive guaranteed investment contract. Contract value is the relevant measurement attributable to the fully benefit-responsive guaranteed investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive guaranteed investment contract represents contributions plus earnings less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Fair Value Measurements**

In conformity with Accounting Standards Codification Topic 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

TriHealth, Inc. Designated Groups  
401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

**2. Summary of Significant Accounting Policies (continued)**

- Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management’s judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. See Note 4 for further discussion and disclosures related to fair value measurements.

**3. Investments**

<sup>(1)</sup> The MetLife Insurance Company Group Annuity Contract guarantees interest at a rate not to be lower than 1.00%, which is set annually on January 1. The Plan began liquidating the MetLife Insurance Company Group Annuity Contract over a five-year-period beginning in 2016. The MetLife Insurance Company Group Annuity Contract is not fully benefit-responsive.

<sup>(2)</sup> Self-directed brokerage accounts hold interest-bearing cash and corporate stocks.

The fair value of mutual funds is determined by quoted market prices reported on the active market on which they are traded. The Plan does not adjust the quoted market price for such financial instruments.

**4. Fair Value Measurements (continued)**

The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value and the significant unobservable inputs, and the ranges of values for those inputs:

| Investment (by General Type)                     | December 31, 2018 |                                                 |                                 |      |
|--------------------------------------------------|-------------------|-------------------------------------------------|---------------------------------|------|
|                                                  | Fair Value        | Valuation Technique                             | Significant Unobservable Inputs | Rate |
| MetLife Insurance Company Group Annuity Contract | \$ 691,550        | Value based on terms of contract <sup>(1)</sup> | Crediting interest rate         | 3%   |

<sup>(1)</sup> The fair value of the MetLife Insurance Company Group Annuity Contract is determined by a formula that considers contract value, the crediting interest rate, and the current interest rate as of the valuation date. The Plan allows participants access to their funds in line with scheduled distributions. Fair value approximates contract value. Contract value represents contributions plus earnings, less participant withdrawals, and administrative expense. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the statement of net assets available for benefits date.

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

|                                                | <b>MetLife Insurance Company Group Annuity Contract</b> |

**5. Fully Benefit-Responsive Investment Contract**

The Plan holds a traditional investment contract with Great-West Life & Annuity Insurance Company that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, plus earnings, less participant withdrawals, and administrative expenses. The traditional investment contract is a fully benefit-responsive group annuity contract at contract value. The contract issuer, Great-West Life & Annuity Insurance Company, is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. Such events include:

- Plan termination or merger
- Premature termination of the contract
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

**7. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Notes to Financial Statements (continued)

**8. Related-Party and Party-in-Interest Transactions**

The Plan holds a group annuity contract issued by the Trustee of the Plan. The related transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

**9. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated October 5, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**10. Subsequent Events**

The global viral outbreak of coronavirus disease 2019 (COVID-19) in 2020 and the actions taken to slow the spread of COVID-19 have resulted in broad economic impacts including stock market exchange volatility. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the ultimate impact to the Plan is presently unknown. The accompanying combined financial statements as of and for the year ended December 31, 2019, do not reflect the effects of these subsequent events.

Management evaluated subsequent events for the Plan through October 7, 2020, the date the accompanying financial statements were available to be issued.
