Independent Auditors' Report

To the Plan Administrator of
Ambulatory Services of America, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ambulatory Services of America, Inc. (the "Company") 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust, F.S.B. (the "Custodian"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective December 31, 2013, the Plan was frozen.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ambulatory Services of America, Inc. (the "Company" or "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted on January 1, 2008 by the Board of Directors of the Sponsor and is a defined contribution plan covering all eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Effective August 12, 2013, the Sponsor was acquired by U.S. Renal Care, Inc. ("USRC"). Effective December 31, 2013, the Board of Directors of the Sponsor froze the Plan and ceased future contributions to the Plan. Plan management has not stated any intention to unfreeze or liquidate the Plan. Participants who became employees of USRC were eligible to participate in the USRC plan effective January 1, 2014.

Plan administration - Prudential Retirement is the Plan's third party administrator (the "Administrator") and is responsible for monitoring investment activity. Prudential Bank & Trust, F.S.B. (the "Custodian") is the custodian of the Plan's assets and is responsible for maintaining individual participant account balances.

Tax status - The Plan is a prototype plan offered by the Administrator. The Internal Revenue Service has determined and informed the Administrator by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since adoption. However, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan termination - Although it has not expressed a formal intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

Participation - An employee was eligible to participate in the Plan for purposes of 401(k) participant contributions upon having attained age 18. Employees were eligible with respect to employer matching contributions and qualified non-elective contributions upon completion of one year of service and having attained age 18.

NOTE 1 - DESCRIPTION OF PLAN, continued

Participant contributions - Prior to the Plan being frozen, participant salary reduction contributions to the Plan were determined as a flat amount or as a percentage of regular compensation. However, the total of these contributions were not, in any calendar year, allowed to exceed limitations set by the Code.

Sponsor contributions - Prior to the Plan being frozen, the Sponsor could, at its discretion, match participant contributions to the Plan. Sponsor contributions were determined annually by the Sponsor and may have included (i) in addition to depositing the total amount of the employee's salary reduction (including "catch-up contributions"), the "safe harbor" contribution, (ii) a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the employee elects to defer (including "catch-up contributions"), which percentage the Sponsor will determine each year, and (iii) on behalf of each non-highly compensated participant and non-key employee, the Sponsor will make a qualified non-elective contribution equal to a uniform percentage of the employee's compensation, which percentage was determined each year by the Sponsor.

For the years ended December 31, 2019 and 2018, the Sponsor made no contributions to the Plan, as the Plan was frozen.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's matching and "safe harbor" contributions, and any allocation of the Sponsor's profit sharing contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Custodian.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's matching contributions and discretionary contributions and qualified non-elective contributions, if any, plus actual earnings thereon, is based on years of continuous service, as follows:

Year of Service	Percent Vested
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

NOTE 1 - DESCRIPTION OF PLAN, continued

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution, a series of installments or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Notes receivable from participants - Participants may borrow against their vested account balance, at the discretion of the Plan's administrator, in amounts subject to restrictions and limitations determined by the Code. Repayment schedules for loans are as agreed upon by the participant and the Plan administrator. Generally, notes mature within five years unless the note is for the purchase of a personal residence. Principal and interest is paid ratably through payroll deductions. Interest on participant loans is determined by the Plan administrator as a reasonable interest rate based on a review of the interest rates charged for similar types of loans by other lenders.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. For the years ended December 31, 2019 and 2018, there were hardship withdrawals of $7,564 and $14,606, respectively.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's matching contributions or Plan administration fees. During the year ended December 31, 2019 and 2018, there were no participant forfeitures. During the year ended December 31, 2019, the forfeiture account had transfers and earnings totaling $333. The forfeiture account was used to pay $357 in administration fees. The total available forfeiture account balance at December 31, 2019 and 2018, were $17,003 and $29,650, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with the reporting in the Form 5500.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments - Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The three levels of inputs which prioritize the inputs used in measuring fair value are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the valuation hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period in which the transfers occur. For the years ended December 31, 2019, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Guaranteed investment contract - The Plan invests in a benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential, as guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, therefore contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is agreed upon with the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable or occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on contract and market values of the subject assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Outstanding notes receivable from participants at December 31, 2019 and 2018 bear interest at rates ranging from 4.25% to 6.25% and mature through 2026.

Participant distributions - Benefits paid to participants are recorded when paid.

Plan expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are also paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that would more likely than not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examination for tax years prior to 2016.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events - Subsequent events have been evaluated by the Sponsor through September 14, 2020, which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to have adverse impacts on domestic and foreign economies.

The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have experienced significant increases in volatility in fair value since December 31, 2019. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in funds of registered investment companies are valued at quoted market prices in an exchange and active market as of Plan at year end. The shares in funds of registered investment companies' fair value and are measured using Level 1 under the fair value hierarchy.

Pooled separate accounts - Valued at the net assets value ("NAV") of units of a pooled separate account. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS, continued

The following table provides the hierarchy and fair value for each major category of assets measured at fair value on a recurring basis at December 31:

	Fair value Measurement Using:			
2019	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,329,963	$ -	$ -	$ 6,329,963
Pooled separate accounts, measured at net assets value	-	-	-	12,076,233
Total investments, at fair value	$ 6,329,963	$ -	$ -	$18,406,196

	Fair value Measurement Using:			
2018	Level 1	Level 2	Level 3	Total
Registered investment companies	$11,298,177	$ -	$ -	$11,298,177
Pooled separate accounts, measured at net assets value	-	-	-	5,032,283
Total investments, at fair value	$11,298,177	$ -	$ -	$16,330,460

Guaranteed investment contract with an insurance company - The Plan held a traditional investment contract with a contract value of $2,391,347 and $2,351,982 as of December 31, 2019 and 2018, respectively. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than a designated percent. The contract cannot be terminated before the schedule maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets), and those who provide services to the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions. Plan investments include shares of registered investment companies, pooled separate accounts, and a guaranteed investment contract managed by the Custodian. Transactions with these entities qualify as exempt party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2019, the Plan paid expenses not covered by revenue sharing to the Administrator of $357. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income included in the Statement of Changes in Net Assets Available for Benefits; and
- All investment amounts enumerated in Note 3 and the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ambulatory Services of America, Inc. (the "Company") 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust, F.S.B. (the "Custodian"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective December 31, 2013, the Plan was frozen.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ambulatory Services of America, Inc. (the "Company" or "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted on January 1, 2008 by the Board of Directors of the Sponsor and is a defined contribution plan covering all eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Effective August 12, 2013, the Sponsor was acquired by U.S. Renal Care, Inc. ("USRC"). Effective December 31, 2013, the Board of Directors of the Sponsor froze the Plan and ceased future contributions to the Plan. Plan management has not stated any intention to unfreeze or liquidate the Plan. Participants who became employees of USRC were eligible to participate in the USRC plan effective January 1, 2014.

Plan administration - Prudential Retirement is the Plan's third party administrator (the "Administrator") and is responsible for monitoring investment activity. Prudential Bank & Trust, F.S.B. (the "Custodian") is the custodian of the Plan's assets and is responsible for maintaining individual participant account balances.

Tax status - The Plan is a prototype plan offered by the Administrator. The Internal Revenue Service has determined and informed the Administrator by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since adoption. However, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan termination - Although it has not expressed a formal intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

Participation - An employee was eligible to participate in the Plan for purposes of 401(k) participant contributions upon having attained age 18. Employees were eligible with respect to employer matching contributions and qualified non-elective contributions upon completion of one year of service and having attained age 18.

NOTE 1 - DESCRIPTION OF PLAN, continued

Participant contributions - Prior to the Plan being frozen, participant salary reduction contributions to the Plan were determined as a flat amount or as a percentage of regular compensation. However, the total of these contributions were not, in any calendar year, allowed to exceed limitations set by the Code.

Sponsor contributions - Prior to the Plan being frozen, the Sponsor could, at its discretion, match participant contributions to the Plan. Sponsor contributions were determined annually by the Sponsor and may have included (i) in addition to depositing the total amount of the employee's salary reduction (including "catch-up contributions"), the "safe harbor" contribution, (ii) a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the employee elects to defer (including "catch-up contributions"), which percentage the Sponsor will determine each year, and (iii) on behalf of each non-highly compensated participant and non-key employee, the Sponsor will make a qualified non-elective contribution equal to a uniform percentage of the employee's compensation, which percentage was determined each year by the Sponsor.

For the years ended December 31, 2019 and 2018, the Sponsor made no contributions to the Plan, as the Plan was frozen.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's matching and "safe harbor" contributions, and any allocation of the Sponsor's profit sharing contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Custodian.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's matching contributions and discretionary contributions and qualified non-elective contributions, if any, plus actual earnings thereon, is based on years of continuous service, as follows:

Year of Service	Percent Vested
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

NOTE 1 - DESCRIPTION OF PLAN, continued

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution, a series of installments or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Notes receivable from participants - Participants may borrow against their vested account balance, at the discretion of the Plan's administrator, in amounts subject to restrictions and limitations determined by the Code. Repayment schedules for loans are as agreed upon by the participant and the Plan administrator. Generally, notes mature within five years unless the note is for the purchase of a personal residence. Principal and interest is paid ratably through payroll deductions. Interest on participant loans is determined by the Plan administrator as a reasonable interest rate based on a review of the interest rates charged for similar types of loans by other lenders.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. For the years ended December 31, 2019 and 2018, there were hardship withdrawals of $7,564 and $14,606, respectively.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's matching contributions or Plan administration fees. During the year ended December 31, 2019 and 2018, there were no participant forfeitures. During the year ended December 31, 2019, the forfeiture account had transfers and earnings totaling $333. The forfeiture account was used to pay $357 in administration fees. The total available forfeiture account balance at December 31, 2019 and 2018, were $17,003 and $29,650, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with the reporting in the Form 5500.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments - Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The three levels of inputs which prioritize the inputs used in measuring fair value are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the valuation hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period in which the transfers occur. For the years ended December 31, 2019, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Guaranteed investment contract - The Plan invests in a benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential, as guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, therefore contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is agreed upon with the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable or occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on contract and market values of the subject assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Outstanding notes receivable from participants at December 31, 2019 and 2018 bear interest at rates ranging from 4.25% to 6.25% and mature through 2026.

Participant distributions - Benefits paid to participants are recorded when paid.

Plan expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are also paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that would more likely than not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examination for tax years prior to 2016.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events - Subsequent events have been evaluated by the Sponsor through September 14, 2020, which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to have adverse impacts on domestic and foreign economies.

The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have experienced significant increases in volatility in fair value since December 31, 2019. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in funds of registered investment companies are valued at quoted market prices in an exchange and active market as of Plan at year end. The shares in funds of registered investment companies' fair value and are measured using Level 1 under the fair value hierarchy.

Pooled separate accounts - Valued at the net assets value ("NAV") of units of a pooled separate account. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS, continued

The following table provides the hierarchy and fair value for each major category of assets measured at fair value on a recurring basis at December 31:

	Fair value Measurement Using:			
2019	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,329,963	$ -	$ -	$ 6,329,963
Pooled separate accounts, measured at net assets value	-	-	-	12,076,233
Total investments, at fair value	$ 6,329,963	$ -	$ -	$18,406,196

	Fair value Measurement Using:			
2018	Level 1	Level 2	Level 3	Total
Registered investment companies	$11,298,177	$ -	$ -	$11,298,177
Pooled separate accounts, measured at net assets value	-	-	-	5,032,283
Total investments, at fair value	$11,298,177	$ -	$ -	$16,330,460

Guaranteed investment contract with an insurance company - The Plan held a traditional investment contract with a contract value of $2,391,347 and $2,351,982 as of December 31, 2019 and 2018, respectively. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than a designated percent. The contract cannot be terminated before the schedule maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets), and those who provide services to the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions. Plan investments include shares of registered investment companies, pooled separate accounts, and a guaranteed investment contract managed by the Custodian. Transactions with these entities qualify as exempt party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2019, the Plan paid expenses not covered by revenue sharing to the Administrator of $357. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income included in the Statement of Changes in Net Assets Available for Benefits; and
- All investment amounts enumerated in Note 3 and the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.

To the Plan Administrator of
Ambulatory Services of America, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ambulatory Services of America, Inc. (the "Company") 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Prudential Bank & Trust, F.S.B. (the "Custodian"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, effective December 31, 2013, the Plan was frozen.

Other Matters

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Ambulatory Services of America, Inc. (the "Company" or "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was adopted on January 1, 2008 by the Board of Directors of the Sponsor and is a defined contribution plan covering all eligible employees of the Company and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Effective August 12, 2013, the Sponsor was acquired by U.S. Renal Care, Inc. ("USRC"). Effective December 31, 2013, the Board of Directors of the Sponsor froze the Plan and ceased future contributions to the Plan. Plan management has not stated any intention to unfreeze or liquidate the Plan. Participants who became employees of USRC were eligible to participate in the USRC plan effective January 1, 2014.

Plan administration - Prudential Retirement is the Plan's third party administrator (the "Administrator") and is responsible for monitoring investment activity. Prudential Bank & Trust, F.S.B. (the "Custodian") is the custodian of the Plan's assets and is responsible for maintaining individual participant account balances.

Tax status - The Plan is a prototype plan offered by the Administrator. The Internal Revenue Service has determined and informed the Administrator by letter, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since adoption. However, the Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Plan termination - Although it has not expressed a formal intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and subject to the provisions of ERISA and the Code. Upon termination of the Plan, all participants become 100% vested in their accounts.

Participation - An employee was eligible to participate in the Plan for purposes of 401(k) participant contributions upon having attained age 18. Employees were eligible with respect to employer matching contributions and qualified non-elective contributions upon completion of one year of service and having attained age 18.

NOTE 1 - DESCRIPTION OF PLAN, continued

Participant contributions - Prior to the Plan being frozen, participant salary reduction contributions to the Plan were determined as a flat amount or as a percentage of regular compensation. However, the total of these contributions were not, in any calendar year, allowed to exceed limitations set by the Code.

Sponsor contributions - Prior to the Plan being frozen, the Sponsor could, at its discretion, match participant contributions to the Plan. Sponsor contributions were determined annually by the Sponsor and may have included (i) in addition to depositing the total amount of the employee's salary reduction (including "catch-up contributions"), the "safe harbor" contribution, (ii) a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction the employee elects to defer (including "catch-up contributions"), which percentage the Sponsor will determine each year, and (iii) on behalf of each non-highly compensated participant and non-key employee, the Sponsor will make a qualified non-elective contribution equal to a uniform percentage of the employee's compensation, which percentage was determined each year by the Sponsor.

For the years ended December 31, 2019 and 2018, the Sponsor made no contributions to the Plan, as the Plan was frozen.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's matching and "safe harbor" contributions, and any allocation of the Sponsor's profit sharing contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Custodian.

Vesting - Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Sponsor's matching contributions and discretionary contributions and qualified non-elective contributions, if any, plus actual earnings thereon, is based on years of continuous service, as follows:

Year of Service	Percent Vested
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

NOTE 1 - DESCRIPTION OF PLAN, continued

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution, a series of installments or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Notes receivable from participants - Participants may borrow against their vested account balance, at the discretion of the Plan's administrator, in amounts subject to restrictions and limitations determined by the Code. Repayment schedules for loans are as agreed upon by the participant and the Plan administrator. Generally, notes mature within five years unless the note is for the purchase of a personal residence. Principal and interest is paid ratably through payroll deductions. Interest on participant loans is determined by the Plan administrator as a reasonable interest rate based on a review of the interest rates charged for similar types of loans by other lenders.

Hardship withdrawals - In the event a participant experiences a financial hardship as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. For the years ended December 31, 2019 and 2018, there were hardship withdrawals of $7,564 and $14,606, respectively.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to reduce future payments of the Sponsor's matching contributions or Plan administration fees. During the year ended December 31, 2019 and 2018, there were no participant forfeitures. During the year ended December 31, 2019, the forfeiture account had transfers and earnings totaling $333. The forfeiture account was used to pay $357 in administration fees. The total available forfeiture account balance at December 31, 2019 and 2018, were $17,003 and $29,650, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with the reporting in the Form 5500.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of investments - Investments are reported at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The three levels of inputs which prioritize the inputs used in measuring fair value are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the valuation hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period in which the transfers occur. For the years ended December 31, 2019, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Guaranteed investment contract - The Plan invests in a benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential, as guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, therefore contract value is the relevant measurement attributed for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is agreed upon with the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable or occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on contract and market values of the subject assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Outstanding notes receivable from participants at December 31, 2019 and 2018 bear interest at rates ranging from 4.25% to 6.25% and mature through 2026.

Participant distributions - Benefits paid to participants are recorded when paid.

Plan expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are also paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that would more likely than not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examination for tax years prior to 2016.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent events - Subsequent events have been evaluated by the Sponsor through September 14, 2020, which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to have adverse impacts on domestic and foreign economies.

The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have experienced significant increases in volatility in fair value since December 31, 2019. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in funds of registered investment companies are valued at quoted market prices in an exchange and active market as of Plan at year end. The shares in funds of registered investment companies' fair value and are measured using Level 1 under the fair value hierarchy.

Pooled separate accounts - Valued at the net assets value ("NAV") of units of a pooled separate account. The NAV, as provided by the contract issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS, continued

The following table provides the hierarchy and fair value for each major category of assets measured at fair value on a recurring basis at December 31:

	Fair value Measurement Using:			
2019	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 6,329,963	$ -	$ -	$ 6,329,963
Pooled separate accounts, measured at net assets value	-	-	-	12,076,233
Total investments, at fair value	$ 6,329,963	$ -	$ -	$18,406,196

	Fair value Measurement Using:			
2018	Level 1	Level 2	Level 3	Total
Registered investment companies	$11,298,177	$ -	$ -	$11,298,177
Pooled separate accounts, measured at net assets value	-	-	-	5,032,283
Total investments, at fair value	$11,298,177	$ -	$ -	$16,330,460

Guaranteed investment contract with an insurance company - The Plan held a traditional investment contract with a contract value of $2,391,347 and $2,351,982 as of December 31, 2019 and 2018, respectively. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than a designated percent. The contract cannot be terminated before the schedule maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets), and those who provide services to the Plan. Notes receivable from participants qualify as exempt party-in-interest transactions. Plan investments include shares of registered investment companies, pooled separate accounts, and a guaranteed investment contract managed by the Custodian. Transactions with these entities qualify as exempt party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2019, the Plan paid expenses not covered by revenue sharing to the Administrator of $357. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income included in the Statement of Changes in Net Assets Available for Benefits; and
- All investment amounts enumerated in Note 3 and the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.
