Note 1. Plan Description

The following description of Concentric Rockford Inc. Employees' 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Concentric Rockford Inc. (the Company), who have completed 30 days of service and have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company's 401(k) Plan Investment Committee. The 401(k) Plan Investment Committee has overall responsibility for the operation and administration of the Plan. The 401(k) Plan Investment Committee determines the appropriateness of the Plan's Investment offerings, monitors investment performance and reports to the Company's Board of Directors.

Contributions: Participants may contribute a percentage of annual compensation, subject to certain limitations, as defined in the Plan, provided this will not cause the Plan to violate the provisions of the 401(k) discrimination limits. Participants may elect to designate all or any portion of their elective deferral contributions as Roth elective contributions. Participants who have not elected to have a specified amount contributed to the Plan will automatically have 3% of compensation deferred. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company shall contribute a qualified non-elective contribution amount equal to 3% of eligible compensation, as defined by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocation of a) the Company's contributions, b) forfeitures, and c) plan earnings and charged with certain administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in the amount of their elective contributions plus actual earnings thereon. Participants' vesting in the Company's non-elective contribution and earnings thereon is based on years of continuous service. A participant is fully vested after five years of credited service. Effective January 1, 2017, the Plan was restated and became a 401(k) safe harbor plan. As such, all Company contributions made to the Plan after January 1, 2017, immediately vest.

Investment options: Each participant has the option to invest their account balance and Company and participant contributions in selected investment options as made available and determined by the Plan Administrator. Participants have the option to transfer monies between funds and change the allocation of their investment election daily.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or $50,000. The vested account balance will be used as collateral for the note. The notes are secured by the balance in the participant's account, and bear interest commensurate with prevailing interest rates charged by local lending institutions. The period of repayment for the note shall not exceed five years except for loans to purchase a principal residence, for which the term shall not exceed 10 years. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Payment of benefits: Upon death, disability, retirement or termination of service for any reason, a participant may elect to receive benefits, available only in the form of a lump-sum distribution. In addition, in-service withdrawals from a participant's account are permitted, limited to the participant's vested account balance from employee elective deferrals, to the extent needed for financial hardship as defined by the Plan.

Forfeited accounts: According to the Plan's provisions, forfeited nonvested accounts may first be used to pay administrative expenses and reinstate prior account balances, and any remaining amount will be allocated as an additional nondiscretionary contribution. At December 31, 2019 and 2018, there were no forfeited nonvested accounts. During 2019, approximately $7,300 of forfeited nonvested accounts were used to pay Plan expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Administrative expenses are paid by the Plan. Certain other expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent events: The Plan's management has evaluated subsequent events through August 3, 2020, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Plan trustee, and furnished to the Plan Administrator. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedule related to the following assets:

General account of insurance company	3,229,376	3,124,661
Notes receivable from participants	290,636	254,321

The Plan trustee also certified to the completeness and accuracy of $2,130,843 of net appreciation in fair value of investments, $345,169 of interest and dividends and $16,199 of interest on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under the FASB Accounting Standards Codification (ASC) 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Units of collective investment trusts: Units of collective investment trusts are valued based on the net asset value (NAV) per unit of the collective investment trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Shares of registered investment companies: Shares of investment companies are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Insurance company pooled separate accounts: The fair value of the investments in the insurance company's pooled separate accounts is determined by the insurance company and represents the NAV per share based on the fair value of the underlying investments comprising the pooled separate accounts. The NAV is used as a practical expedient to estimating fair value. The practical expedient is not used when it is determined to be probable that the separate account will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2019			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 9,287,190	$ 9,287,190	$ -	$ -
Investment at NAV (a)	3,695,071			
Investments measured at fair value	$ 12,982,261			

	2018			
	Total	Level 1	Level 2	Level 3
Shares of registered investment companies	$ 7,468,924	$ 7,468,924	$ -	$ -
Investment at NAV (a)	3,199,184			
Investments measured at fair value	$ 10,668,108			

(a) In accordance with Subtopic 820-10, certain investments that are measured using the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investments and size of transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments. The redemption notice period is applicable only to the Plan.

	2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of collective investment trusts	$ 1,543,176	$ -	Daily	12 months
Insurance company pooled separate accounts	2,151,895	-	Daily	None
	$ 3,695,071	$ -		

	2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of collective investment trusts	$ 1,693,074	$ -	Daily	12 months
Insurance company pooled separate accounts	1,506,110	-	Daily	None
	$ 3,199,184	$ -		

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a group annuity contract with Principal Life Insurance Company. This contract meets the fully benefit-responsive contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. With this type of contract, the Plan owns only the contract itself and the contract is designed to accrue interest based on crediting rates established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate for 2019, based on a formula established by the contract issuer, ranged from 1.80% to 1.90%. The crediting rate is reviewed on a semiannual basis for resetting. The contract value was $3,229,376 and $3,124,661 at December 31, 2019 and 2018 respectively.

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An unsecured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the Plan agreement without the consent of the issuer.

Note 6. Related Party and Party-In-Interest Transactions

Certain Plan investments are pooled separate accounts managed by Principal Life Insurance Company (Principle Life) and collective investment trust funds managed by Principal Global Investors Trust Co. (Principal Global). Principal Life and Principal Global are affiliates of Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan paid fees for investment management and administrative services to Principal Life amounting to approximately $71,200 for the year ended December 31, 2019.

Certain administrative functions are performed by officers or employees of the Company for which they receive no compensation from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and IRC. In the event of Plan termination, participants would become 100% vested in their Company contributions and the net assets of the Plan would be allocated to the participants on the basis of their individual account balances.

Note 8. Income Tax Status

The Plan has adopted a volume submitter profit sharing plan (volume submitter plan) sponsored by Principal Life. The volume submitter plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since the volume submitter plan received the letter. However, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements for the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taking jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to the Form 5500:

	2019	2018

Note 11. Subsequent Event

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.
