We were engaged to audit the accompanying financial statements of Powerhouse Retail Services 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2019, the related statement of changes in net assets available for benefits on a modified cash basis for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by BOKF, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2019, and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate as to the best of their knowledge.

Our disclaimer of opinion is not modified with respect to this matter.

Other Matter—2018 Financial Statements
The financial statements of the Plan as of December 31, 2018, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated July 17, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements; and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of the Powerhouse Retail Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering employees of Powerhouse Retail Services, LLC (the Company or Employer or Plan sponsor). All non-excluded employees of the Company are eligible to participate in the Plan upon completion of one month of service and are age 21 or older. Excluded employees include union employees, leased employees and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the applicable current Internal Revenue Code provisions.

Contributions and investment options: Each year, participants may contribute up to 100% of pretax or post-tax annual compensation, as defined in the Plan agreement, limited by the maximum contributions allowed by federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions as allowed by federal law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions).

The Company may make matching contributions equal to a discretionary percentage of the participants' elective deferral contribution. For the year ended December 31, 2019, the employer made a discretionary matching contribution equal to 100% of each participant's contribution up to 3% of the participant's compensation. In addition, the Company may also make discretionary profit sharing contributions. For the year ended December 31, 2019, the Company made no other discretionary profit sharing contributions. Participants must complete 1,000 hours of service during the Plan year to be eligible for profit sharing contributions.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may invest their contributions into a variety of mutual funds. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's discretionary matching contributions, (b) the Company's discretionary profit sharing contributions and (c) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in their salary deferrals, including catch-up contributions and rollover contributions, plus actual earnings or losses thereon. Vesting for employer contributions is based on years of service according to a graded vesting scale, with participants becoming 100% vested after five years of credited service. Participants' service prior to the age of 18 is not considered in the computation period for length of service. Full and immediate vesting will occur upon death or disability, as defined in the Plan.

Payment of benefits: Upon termination of service due to termination of employment, death, disability, or normal retirement, a participant is entitled to receive the vested percentage of their account balance. Participants may elect to receive a distribution in the form of a single lump-sum payment. Participants who are required to receive minimum required distributions may receive their distributions in the form of partial withdrawals or installments. If the participants vested balance is less than $5,000, benefits shall be distributed to the participant through a lump-sum distribution, or, if no election has been made by the participant, through a direct rollover into an Individual Retirement Account (IRA).

Note 1. Description of the Plan (Continued)

Participants may receive an in-service distribution from the Plan prior to termination provided they have attained age 59½. In addition, hardship distributions may be made to satisfy certain immediate and heavy financial needs a participant may have, subject to certain limitations as defined in the Plan agreement.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or to pay plan expenses. At December 31, 2019 and 2018, forfeitures available for future use totaled approximately $37,000 and $12,900, respectively. During 2019, amounts of employer nonvested contributions forfeited totaled approximately $47,700. During the year ended December 31, 2019, approximately $23,600 of amounts from forfeited non-vested accounts were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on a modified basis of cash receipts and disbursements. Under this basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement: Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: In March 2020, the outbreak of the novel Coronavirus (COVID-19) was recognized as a pandemic by the World Health Organization. The COVID-19 pandemic has adversely affected, and may continue to affect, the global economy and financial markets. Following the COVID-19 outbreak, the values of investment securities have been subject to significant volatility. Economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2019 statement of net assets cannot be predicted at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has implemented certain provisions of the CARES Act and will execute a formal Plan amendment within the timeframe required by law.

The Plan Administrator has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by BOKF, N.A. (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information provided by BOKF, N.A., the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications as of December 31, 2019 and 2018 from the trustee that information provided to the Plan Administrator by the trustee, related to the following assets, is complete and accurate as to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2019	2018
Investments, at fair value:		
Mutual funds	$ 3,930,067	$ 2,205,522

The trustee also certified to the completeness and accuracy of $558,180 of net appreciation in fair value investments, and $74,901 of dividend income for the year ended December 31, 2019.

Note 4. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- **Mutual funds:** Mutual funds are reported at fair value based on the quoted market price of the funds and are classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Quoted Priced in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
2019:				
Mutual funds	$ 3,930,067	$ -	$ -	$ 3,930,067
Total investments at fair value	$ 3,930,067	$ -	$ -	$ 3,930,067
2018:				
Mutual funds	$ 2,205,522	$ -	$ -	$ 2,205,522
Total investments at fair value	$ 2,205,522	$ -	$ -	$ 2,205,522

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

During the year ended December 31, 2019, the Plan did not make any transfers between levels.

Note 5. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, transactions conducted by the Company, and BOKF N.A., the trustee, qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7. Income Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor, by a letter dated September, 30 2014 that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Code. The Plan has been amended since filing for the determination letter; however, the Plan Administrator believes that the plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During the year ended December 31, 2018 the Company failed to deposit certain participant withholdings totaling $3,632, to the trustee of the Plan within the required timeframe as stated by the United States Department of Labor (DOL) regulations. In 2019, the Company deposited the applicable contributions and lost earnings to correct the failure. The Company has filed Form 5330 and paid applicable excise tax. The excise tax payments were made from the Company's assets and not from assets of the Plan.
