1. DESCRIPTION OF PLAN

The following brief description of the Hello! Destination Management Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Hello! Destination Management, LLC (the "Employer" and "Plan Sponsor") as a defined-contribution plan. The Plan was funded through a spinoff from the Mears Destination Services, Inc. 401(k) Savings Plan. On November 9, 2018, certain assets and liabilities, including participant loans in the amount of $247,856, under the Mears Destination Services, Inc. 401(k) Savings Plan attributable to the accounts of employees of the Employer were spun-off from the Mears Destination Services, Inc. 401(k) Savings Plan and transferred to this Plan. The total assets transferred amounted to $13,680,531.

Participating employers in the Plan are affiliates of the Employer and include Hello! Florida Destination Management, Inc., Hello! Arizona Destination Management, Inc., Hello! Las Vegas Destination Management, Inc., Hello! Washington, D.C. Destination Management, Inc., Hello! Texas Destination Management, Inc., Hello! Nashville Destination Management, Inc., Hello! Colorado Destination Management, LLC, Hello! California Destination Management, Inc., (collectively "Hello! Destination Management"), and Executive Pilot Services, Inc. ("EPS"), A Premier Event, Inc., and Premier Convention Services, Inc..

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Federal income taxes on amounts contributed by the participants are deferred in accordance with Section 401(k) of the Internal Revenue Code ("IRC").

Eligibility

Substantially all employees who are at least age 21 and who have completed one year of service, as defined by the Plan agreement, are eligible to participate in the Plan. Employees are eligible to participate in the Plan as of January 1, April 1, July 1, and October 1 coincident with or immediately following the date that the employee satisfies the eligibility requirements. After the first 12-month eligibility service period, the Plan measures the eligibility service period on an anniversary basis. Service with or compensation from a specific predecessor employer as defined in the Plan documents shall be included for eligibility purposes. Leased employees, independent contractors, and employees covered by any collective bargaining agreement are excluded from participation.

Participant Contributions

Participating employees can elect to contribute up to 100% of compensation, excluding bonuses and third party sick pay, not to exceed the IRS limits for the Plan year. New employees are automatically enrolled into the Plan with a deferral percentage of 3% into a preselected fund, unless the participant requests a change. Additionally, all participants are permitted to contribute a percentage of their post-tax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Upon termination of service, retirement, disability, or death, participants or their beneficiaries may elect to rollover their funds to an eligible retirement plan in an amount equal to the value of the participants' vested interests in their accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend contributions at any time or may increase or decrease their level of participation quarterly during the Plan year. Employees 50 or older by the end of the year are eligible to make catch-up contributions.

Employer Contributions
The Employer may, at its discretion, match participant deferral contributions. For the year ended December 31, 2019 and 2018, the Employer elected to match 50% of each participant's deferral contributions up to 6% of the participant's compensation, as defined by the Plan agreement. The Plan Sponsor may match employee deferral contributions up to a percentage determined by them and may apply the match for the entire Plan year. Additionally, the Employer may make periodic nonelective contributions to the Plan at the discretion of the Employer's Board of Directors. Allocations of these Employer nonelective discretionary contributions are made to individual participants' accounts based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants for that year. There were no nonelective matching contributions made to the Plan for the year ended December 31, 2019 and 2018.

Participant Accounts
Individual accounts are established for each participant. Each participant's account is credited with the participant's elective deferrals and (a) matching contributions, (b) discretionary contribution, if any, and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The participant's account is reduced by withdrawals, losses on investments, administrative fees, and any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
The benefits to which a participant is entitled are those that can be provided by the contributions and earnings thereon, including net unrealized gains and losses, which are credited to the participant's account. Participants are fully vested in their elective contributions and earnings thereon at all times. Participants become fully vested in Employer contributions and earnings thereon upon retirement, at death, upon total and permanent disability, or after two years of service, as defined in the Plan.

Notes Receivable From Participants
Participants may obtain notes based upon their vested account balances, subject to certain conditions. The minimum note permitted is $1,000, and the maximum note amount is the lesser of 50% of the participant's vested account balance or $50,000. A participant may only have two loans outstanding at a time. Interest rates on participant notes are determined based on a reasonable rate of interest. The rate of interest will be a fixed rate equal to the prime rate of interest at the date of the note plus 1%. Note payments consisting of principal and interest are made through payroll deductions over a term of one to five years or up to fifteen years for the purchase of a primary residence.

At December 31, 2019, the notes earned interest at a rate between 4.25% and 6.50%, and maturities ranged from 2020 to 2034. As of December 31, 2019, all notes are considered collectible. Notes receivable balances are collateralized by the borrowers' vested account balances in the Plan.

Payment of Benefits
All of the participants' vested balances are payable upon the participants' 59 1/2, normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations. In the event that the participants' vested accrued benefits are less than $5,000, the Plan administrator may make a distribution without the election or request of a terminated participant. The Plan requires that such distributions of amounts less than $5,000 but greater than $1,000 be rolled over to an individual retirement account unless the participant elects to receive the distribution directly.

Investment Options
Upon enrollment in the Plan, a participant may direct participant deferral contributions and Employer contributions to any of the Plan's investment options offered by Principal Trust Company (the "Trustee"). Participants may change their contribution allocations quarterly and transfer amounts between funds daily.

Forfeited Accounts
The Plan allocates forfeited amounts to pay Plan expenses and/or reduce Employer contributions in the year forfeitures occur. Forfeitures of Employer contributions during the Plan year ended December 31, 2019, totaled $814. At December 31, 2019 and 2018, there were $814 and zero forfeited nonvested account balances available to reduce future Employer contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The Plan uses the accrual basis of accounting for the presentation of financial statements.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable is reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments consists of the net realized gains or losses on investments sold and the net unrealized gains or losses on investments held.

Payment of Benefits
Benefits are recorded when paid.

Plan Expenses
Certain administrative expenses are paid by the Plan. These expenses are primarily investment management fees paid to the Trustee. Other investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Employer pays substantially all administrative expenses of the Plan, including legal and audit fees. Fees related to notes receivable from participants are charged directly to the participants' account and are included in administrative expenses.

Recently Adopted Accounting Pronouncements
In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which includes amendments intended to improve the effectiveness of disclosure requirements for recurring and nonrecurring fair value measurements.

The standard removes, modifies and adds certain disclosure requirements and affects companies that are required to include fair value measurement disclosures. The amendments in this update are effective for fiscal years beginning after December 15, 2019, and interim periods within those fiscal years. Early adoption for amendments that remove or modify disclosures are permitted and the Plan has early adopted these amendments.

Subsequent Events

Plan management has evaluated subsequent events through October 8, 2020, the date which the financial statements were available to be issued. Based upon this evaluation, other than the matters described below, the Plan has determined that no subsequent events have occurred, which require adjustment to or disclosure in the financial statements.

COVID-19 has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the outbreak in March 2020, the financial markets have experienced significant volatility, therefore affecting the values of investments securities. These economic and market conditions and other effects of the COVID-19 outbreak may continue to cause volatility. The extent of any adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 Statements of Net Assets Available for Benefits cannot be predicted at the present time.

On July 1, 2020, Kapow! Events Management, LLC became a participating employer.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The following are descriptions of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of mutual funds are valued at the closing market price of the fund, reported on the active market on which the individual fund is traded. Units held in collective trusts and pooled separate accounts are valued on the net asset value ("NAV") of shares held by the Plan at year end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. There have been no changes in methodologies used at December 31, 2019 and 2018.
The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth investment assets measured at fair value on a recurring basis at December 31, 2019 and 2018.

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,325,099	$ -	$ -	$ 2,325,099
Pooled separate accounts, at NAV*				495,828
Collective trusts, at NAV*				14,985,560
				$ 17,806,487

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 1,257,341	$ -	$ -	$ 1,257,341
Pooled separate accounts, at NAV*				240,745
Collective trusts, at NAV*				11,689,464
				$ 13,187,550

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31,		**Unfunded**	**Redemption**	**Redemption**
	2019	**2018**	**Commitment**	**Frequency**	**Notice Period**
Pooled separate accounts	$ 495,828	$ 240,745	N/A	Immediate	None
Collective trusts	$ 14,985,560	$ 11,689,464	N/A	Immediate	None

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments and notes receivable from participants were held and managed by Principal Trust Company (the "Trustee"). Also, certain investments are managed by the Trustee. These transactions qualify as party-in-interest transactions. During the year ended December 31, 2019 and the period ended December 31, 2018, the Plan paid fees for investment management services of $33,525 and $4,613, respectively. In addition, there are transaction fees charged by the Trustee that are absorbed in investment income that are not readily determinable.

5. PLAN TERMINATION

Although the Employer has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts.

6. INCOME TAX STATUS

On November 1, 2018, the Plan Sponsor adopted the amended and restated Principal Financial Group Prototype for Savings Plans. The Internal Revenue Service ("IRS") informed Principal by opinion letter, dated March 31, 2014, that the prototype plan is acceptable under applicable sections of the Internal Revenue Code. The Plan Sponsor relies on the opinion letters, and the Plan is required to operate in conformity with the Internal Revenue Code ("IRC") to maintain its qualification. The Plan Sponsor and Trustee believe the Plan is currently operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, believe the Plan is qualified and the related trust is exempt from federal income taxes as of the financial statement date.

The Plan Sponsor has evaluated tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Furthermore, there are no tax related interest or penalties for periods presented in these financial statements.

7. SUMMARY OF INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related interest income in the accompanying financial statements and supplemental schedule. No auditing procedures were performed with respect to information certified by the Trustee as complete and accurate.

8. RISKS AND UNCERTAINTIES

The Plan provides participants with various investment options. All investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
