Majestic Marble and Glass Company 401(k) Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of the Plan

The following description of the Majestic Marble and Glass Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Majestic Marble and Glass Company (the Company) who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company contributions are discretionary. There were no Company contributions made in 2019. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary contribution, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based the six year vesting schedule below. As of December 31, 2019, it has been more than six years since an employer contribution was made to this plan, therefore all participants were fully vested.

Notes to Financial Statements

December 31, 2019 and 2018

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates 1 percent over the prime interest rate and ranged from 4.25 percent to 6.50 percent at December 31, 2019. Principal and interest is paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence. Only one loan outstanding is permitted.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

Forfeited nonvested accounts totaled \$3,666 at December 31, 2019 and there were no forfeited nonvested accounts at December 31, 2018. These accounts can be used to reduce future Company contributions. No forfeitures were used in 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

December 31, 2019 and 2018

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 and 2018 excess contributions to the applicable participants in 2020 and 2019, respectively.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Standard

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in *Topic 820, Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 7, 2020, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

December 31, 2019 and 2018

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 225,318	\$ -	\$ -	\$ 225,318

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For years ended December 31, 2019 and 2018, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. Administration of Plan Assets

The Plan's assets are administered under a contract with Reliance Trust Company (Reliance), the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

5. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by CapTrust Investment Advisors and Reliance, the trustee, and therefore, these transactions qualify as party in interest transactions. In addition, Newport Group, Inc. was the recordkeeper. Fees incurred by the Plan for the investment manager services are included in net appreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions.

7. Tax Status

The Plan adopted a volume submitter profit sharing plan with cash or deferred arrangement offered by Freedom One Retirement Services LLC (the Newport Group). The volume submitter plan received an opinion letter dated September 30, 2014, that the Plan, and related trust are designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of \$2,259,704 and \$2,249,395, respectively, that were concentrated in three funds.

9. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, Reliance, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

10. Subsequent Events

Effective January 1, 2020, AdvisorTrust, Inc. became the trustee of the Plan.

The Coronavirus 2019 (COVID-19) pandemic emerged at the end of 2019 and could materially and adversely affect the Plan, its operations, and its performance. Government-imposed stay-at-home orders, social distancing, and various other orders and guidelines have caused market performance of the investments to decline. Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law which provides plan, plan sponsor, and participant relief. If adopted by the Plan, key features of the CARES Act could have a significant effect on the operations of the Plan. The Company agreed to implement the provisions of the CARES Act as it relates to the Plan. The most significant items within these provisions provide for the waiving of required minimum distributions for the 2020 plan year and for participants with loans due in 2020 to have the ability to delay repayments for one year. Additionally, the CARES Act provisions approved by the Company provide for significant changes to distributions. Participants negatively impacted by COVID-19 can withdraw up to \$100,000 without being charged a 10 percent early withdrawal penalty for the 2020 plan year. The mandatory 20 percent tax withholding for such distributions is also suspended. The extent to which the COVID-19 pandemic may affect the results of the Plan's operations will depend on future developments, including the duration of the outbreak and the effectiveness of actions taken to contain and treat the disease.
