PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

1. PLAN DESCRIPTION

The following description of the Peterson Automotive Collection, LLC 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2017, covering substantially all employees of Peterson Automotive Collection, LLC (the Company) and its related employers, as defined, who have completed three months of service and are age 21 or older. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may make annual Roth and pre-tax deferral contributions up to the maximum annual deferral amount defined by the Internal Revenue Code (IRC). The Company may make annual discretionary matching and profit-sharing contributions, which are determined by the Company's management. A participant must be employed by the Company at December 31, and have completed 1,000 or more service hours in the plan year to share in the allocation of any matching or profit-sharing contributions, excluding events of death, disability, or retirement. For the year ended December 31, 2019, the Company matched 2% of the participant's eligible compensation that was contributed to the Plan. No profit-sharing contributions were made for the year ended December 31, 2019. The Plan also allows for transfers or rollovers into the Plan from other qualified plans or retirement accounts.

The Plan requires automatic enrollment for all newly-hired employees who meet the age and service requirements. Employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have 5% of their annual compensation withheld and contributed to the Plan, and have 90 days from their first contribution to elect not to participate in the Plan. If an election not to participate is made within the 90-day timeframe, an employee may elect to receive a distribution of any funds contributed to the Plan from their eligibility date through their election date.

Participant Accounts

Each participant's account is credited with the participant's own contributions and allocations of the Company's discretionary matching and profit-sharing contributions, as well as allocations of Plan earnings. Participants are charged with an allocation of administrative expenses. Allocations are based on participant account balances or compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions and related earnings. Vesting in the Company's discretionary matching and profit-sharing contribution portions of their accounts and related earnings are based on years of credited service. Using a graduated scale, a participant is fully vested with regard to the Company's contributions and related earnings after six years of credited service. The non-vested balance is forfeited upon termination of service. A participant becomes fully vested in the event of death or disability.

Payment of Benefits

Any payment of a participant's plan benefits due to death, disability, retirement, termination, or attainment of age 59½, is to be distributed in accordance with specific provisions of the plan agreement. In the event of financial hardship, the Plan may allow a participant to withdraw all or part of the participant's elective deferral account balance. A participant is prohibited from making an elective deferral or any other voluntary contribution to the Plan for the six-month period following a withdrawal for financial hardship.

Forfeited Accounts

Forfeited employer contributions may be used to reduce the Company's future discretionary matching or profit-sharing contributions or to pay the Plan's administrative expenses. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$20,738 and \$32,649, respectively. In 2019, \$33,727 of forfeited accounts were used to offset employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodian, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net change in fair value includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net change of fair value of investments.

Subsequent events

Plan management has evaluated subsequent events through October 7, 2020, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (Reliance) and Jackson National Life Insurance Company (Jackson), the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019, and investment related activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Transamerica Life Insurance Company (TLIC), acting on behalf of Reliance, and Jackson certified to the completeness and accuracy of all investment reflected in the accompanying statements of net assets available for benefits as of December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed account – Fair value is the sum of all amounts transferred to the fixed account under the variable annuity contracts, plus credited interest, less withdrawals (including any applicable charges and adjustments for such withdrawals), transfers, and charges.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets valued at fair value as of December 31, 2019 and 2018.

The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statements of net assets available for benefits.

5. FULLY BENEFIT-RESPONSIVE CONTRACT

The Plan holds a group annuity contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Transamerica Stable Value Focus Option is a group variable annuity contract issued by TLIC, and is backed by the full faith and creditworthiness of TLIC. All deposits in this investment are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Contract charges may reduce this return.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the claims-paying ability of TLIC. Although Plan participants generally may withdraw assets from the Transamerica Stable Value Focus Option without restrictions, a hold may apply on the Plan's assets in the group annuity contract. If the Company wishes to remove the Transamerica Stable Value Focus Option as an option from the Plan, then TLIC may impose a hold for up to a 270-day period on the investment assets at the Plan level if the most recently announced upcoming credited rate has increased or has not changed. The custodian will provide at least 45 days' advance notice of any interest rate change for each semi-

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

annual period. Additionally, under limited circumstances occurring at the issuer, the custodian may impose up to a 12-month delay period on all withdrawal requests from all plan sponsors at the plan level. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value to be paid.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. INCOME TAX STATUS

The IRS has determined by an opinion letter dated March 31, 2014, that the non-standardized prototype adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended subsequent to March 31, 2014, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by Reliance and Jackson, the Plan's custodians. Investment management fees are paid to the custodians. Transamerica Retirement Solutions, LLC is the recordkeeper of the Plan. Trinity Pension Consultants, Inc. is the Plan's third-party administrator. Blue & Co., LLC is the independent auditor for the Plan. Wainwright Laventis is the Plan's investment advisor. The aforementioned parties generally receive payment from the Company.

In addition, the Plan's trustees are participants in the Plan.

9. RISKS AND UNCERTAINTIES

The Plan holds investments that are exposed to various risks, such as interest rate and credit risks, and overall market volatility. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

PETERSON AUTOMOTIVE COLLECTION, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019 AND 2018

10. SUBSEQUENT EVENTS

COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national and global economies. The extent to which COVID-19 impacts the Plan's operating results is dependent on the breadth and duration of the pandemic and could be affected by other factors management is not currently able to predict. Potential impacts include, but are not limited to, reduced employee participation and investment portfolio declines. Management believes the Plan is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available to be issued.

Changes to Plan Provisions

Effective April 9, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan implemented the requirement of the Setting Every Community Up for Retirement Enhancement Act of 2019 that suspends required minimum distributions for 2020.

Acquisition of Participating Employer

Effective July 1, 2020, one of the related employers covered by the Plan was purchased by an outside party pursuant to an asset purchase agreement. Concurrent with this transaction, the acquired entity's employees were terminated and no longer eligible to make deferrals to the Plan. Plan assets attributed to participants employed by the acquired entity totaled approximately \$950,000 at December 31, 2019.
