INDEPENDENT AUDITOR'S REPORT

To the Plan administrator and trustee
Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust
San Diego, California

Report on the Financial Statements

We have audited the accompanying financial statements of Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The Plan adopted by Sysintelli, Inc. is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The following description of the Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Sysintelli, Inc. Employees aged 21 and older are eligible to participate in the Plan. 500 Hours of Service shall be required to constitute a year of eligibility service. The Plan was originally effective on January 1, 2007. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

B. Plan Administration

The Employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Third party Administrator and recordkeeping services are provided by the Paychex.

Certain administrative expenses of the Plan including recordkeeping were paid directly by the Employer for the year ended December 31, 2019. Investment fees which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

C. Contributions

Each year participants may contribute up to 96% of annual compensation in an increment of 1% as defined in the Plan. The law limits the amount of 401(k) elective deferral contributions in any tax year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Sysintelli, Inc. contributes additional profit-sharing amounts at the option of the board of directors. Contributions are subject to certain limitations. The limits include:

	2019	2018
Dollar Limit on IRC Sec. 401(k) pre-tax contributions	$ 19,000	$ 18,500
Dollar Limit on IRC Sec. 414(v) catch-up contributions	$ 6,000	$ 6,000
Maximum covered compensation [IRC 401(a)(17)]	$ 280,000	$ 275,000

D. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer Profit Sharing Contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested in the range of 20%-100% progressively on completing two years of service. A participant is 100 percent vested after six years of credited service. 1000 Hours of Service shall be required to constitute a Year of Vesting Service.

NOTE 1 - DESCRIPTION OF PLAN - CONT'D

F. Participant Loans

Loans shall be made available to all Participants on a reasonably equivalent basis. Loans must be adequately secured and bear a reasonable interest rate. No Participant loan shall exceed the Present Value of the Vested portion of a Participant's Individual Account. If the Participant's Individual Account contains both Pre-Tax Elective Deferrals and Roth Elective Deferrals, the specific rules governing the loan program may also designate the extent to which Pre-Tax Elective Deferrals, Roth Elective Deferrals, or a combination of both will 1) be used to calculate the maximum amount available for a loan, or 2) be available as a source from which loan proceeds may be taken or which may be used as security for a loan. To the extent permitted by law and related regulations, these rules established by the Plan Sponsor may specify the ordering rules to be applied in the event of defaulted loan.

G. Payment of Benefits

A Participant's Elective Deferrals, Qualified Nonelective Contributions, and earnings attributable to these contributions shall be distributed on account of the Participant's severance from employment. A Participant who has not incurred a Severance from Employment is entitled to request an in-service withdrawal from the Plan of that portion of the Participant's Individual Account attributable to Elective Deferrals, Qualified Nonelective Contributions, and Qualified Matching Contributions if the participant has attained age 59½. In-service distributions will be available from Pre-Tax and/or Roth Elective Deferrals.

H. Forfeited Accounts

At December 31, 2019, there were no forfeited nonvested accounts.

I. Tax Status

The Plan is defined contribution Plan that qualifies under Internal Revenue Code (IRC), which stated that the Plan then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended later, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan Administrator intends to apply for a determination letter on the Plan.

The Plan management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax position that requires disclosure or adjustment to the financial statements. Therefore, no provision for Income tax has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting. Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONT'D)

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Payment of Benefits

Benefits are recorded when paid.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Operating Expenses

Certain expenses of maintaining the Plan are paid by the Employer. A portion of the administrative cost is distributed amongst participants.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid-Atlantic Trust company and therefore, those transactions qualify as exempt party-in-interest transactions.

NOTE 4 - INVESTMENTS

The Plan's investments are held in a mutual fund by the Mid-Atlantic Trust company. During 2019, the Plan's investments (including investments bought, sold, and held during the year) depreciated appreciated in value by $172,409.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-3539 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS - (CONT'D)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and are classified as level 1 investments in the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2019 and 2018:

	Investment Asset at Fair Value as of December 31, 2019			
Category	Level 1	Level 2	Level 3	Total

Total	$ 993,072	$ -	$ -	$ 993,072

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the risk associated with investment securities that changes in near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statement	$ 1,416,754	$ 997,400
Net assets available for benefits per the Form 5500	$ 1,416,754	$ 997,400

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

	2019
Change in net assets available for benefits per the accompanying financial statements	$ 419,354
Change in net assets available for benefits per the Form 5500	$ 419,354

NOTE 9 - SUBSEQUENT EVENTS

The management has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued. On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In response to the COVID-19 outbreak, the CARES Act was signed into law March 27, 2020. The CARES Act includes mandatory provisions including the delay of loan repayments of up to one year for participants who elect to do so and the waiving of minimum required distributions for 2020. It also includes optional provisions which the Plan has elected to apply including allowing participants to take loans of up to $100,000 and 100% of their account balance from April through September 2020 and allowing participants to take a CARES Act distribution of up to $100,000 if they have experienced adverse financial impacts due to COVID-19.

INDEPENDENT AUDITOR'S REPORT

To the Plan administrator and trustee
Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust
San Diego, California

Report on the Financial Statements

We have audited the accompanying financial statements of Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019, referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 - DESCRIPTION OF PLAN

The Plan adopted by Sysintelli, Inc. is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The following description of the Sysintelli, Inc. 401(K) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Sysintelli, Inc. Employees aged 21 and older are eligible to participate in the Plan. 500 Hours of Service shall be required to constitute a year of eligibility service. The Plan was originally effective on January 1, 2007. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

B. Plan Administration

The Employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Third party Administrator and recordkeeping services are provided by the Paychex.

Certain administrative expenses of the Plan including recordkeeping were paid directly by the Employer for the year ended December 31, 2019. Investment fees which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

C. Contributions

Each year participants may contribute up to 96% of annual compensation in an increment of 1% as defined in the Plan. The law limits the amount of 401(k) elective deferral contributions in any tax year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Sysintelli, Inc. contributes additional profit-sharing amounts at the option of the board of directors. Contributions are subject to certain limitations. The limits include:

	2019	2018
Dollar Limit on IRC Sec. 401(k) pre-tax contributions	$ 19,000	$ 18,500
Dollar Limit on IRC Sec. 414(v) catch-up contributions	$ 6,000	$ 6,000
Maximum covered compensation [IRC 401(a)(17)]	$ 280,000	$ 275,000

D. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer Profit Sharing Contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested in the range of 20%-100% progressively on completing two years of service. A participant is 100 percent vested after six years of credited service. 1000 Hours of Service shall be required to constitute a Year of Vesting Service.

NOTE 1 - DESCRIPTION OF PLAN - CONT'D

F. Participant Loans

Loans shall be made available to all Participants on a reasonably equivalent basis. Loans must be adequately secured and bear a reasonable interest rate. No Participant loan shall exceed the Present Value of the Vested portion of a Participant's Individual Account. If the Participant's Individual Account contains both Pre-Tax Elective Deferrals and Roth Elective Deferrals, the specific rules governing the loan program may also designate the extent to which Pre-Tax Elective Deferrals, Roth Elective Deferrals, or a combination of both will 1) be used to calculate the maximum amount available for a loan, or 2) be available as a source from which loan proceeds may be taken or which may be used as security for a loan. To the extent permitted by law and related regulations, these rules established by the Plan Sponsor may specify the ordering rules to be applied in the event of defaulted loan.

G. Payment of Benefits

A Participant's Elective Deferrals, Qualified Nonelective Contributions, and earnings attributable to these contributions shall be distributed on account of the Participant's severance from employment. A Participant who has not incurred a Severance from Employment is entitled to request an in-service withdrawal from the Plan of that portion of the Participant's Individual Account attributable to Elective Deferrals, Qualified Nonelective Contributions, and Qualified Matching Contributions if the participant has attained age 59½. In-service distributions will be available from Pre-Tax and/or Roth Elective Deferrals.

H. Forfeited Accounts

At December 31, 2019, there were no forfeited nonvested accounts.

I. Tax Status

The Plan is defined contribution Plan that qualifies under Internal Revenue Code (IRC), which stated that the Plan then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended later, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. The Plan Administrator intends to apply for a determination letter on the Plan.

The Plan management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax position that requires disclosure or adjustment to the financial statements. Therefore, no provision for Income tax has been included in the Plan's financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting. Investment contracts held by a defined-contribution Plan are required to be reported at fair value. However, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONT'D)

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

C. Payment of Benefits

Benefits are recorded when paid.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

E. Operating Expenses

Certain expenses of maintaining the Plan are paid by the Employer. A portion of the administrative cost is distributed amongst participants.

NOTE 3 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid-Atlantic Trust company and therefore, those transactions qualify as exempt party-in-interest transactions.

NOTE 4 - INVESTMENTS

The Plan's investments are held in a mutual fund by the Mid-Atlantic Trust company. During 2019, the Plan's investments (including investments bought, sold, and held during the year) depreciated appreciated in value by $172,409.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-3539 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 - FAIR VALUE MEASUREMENTS - (CONT'D)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and are classified as level 1 investments in the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets as of December 31, 2019 and 2018:

	Investment Asset at Fair Value as of December 31, 2019			
Category	Level 1	Level 2	Level 3	Total

Total	$ 1,375,329	$ -	$ -	$ 1,375,329

NOTE 5 - FAIR VALUE MEASUREMENTS - (CONT'D)

Balanced Fund	251,237	-	-	251,237
Total	$ 993,072	$ -	$ -	$ 993,072

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the risk associated with investment securities that changes in near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statement	$ 1,416,754	$ 997,400
Net assets available for benefits per the Form 5500	$ 1,416,754	$ 997,400

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

	2019
Change in net assets available for benefits per the accompanying financial statements	$ 419,354
Change in net assets available for benefits per the Form 5500	$ 419,354

NOTE 9 - SUBSEQUENT EVENTS

The management has evaluated subsequent events through September 28, 2020, the date the financial statements were available to be issued. On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In response to the COVID-19 outbreak, the CARES Act was signed into law March 27, 2020. The CARES Act includes mandatory provisions including the delay of loan repayments of up to one year for participants who elect to do so and the waiving of minimum required distributions for 2020. It also includes optional provisions which the Plan has elected to apply including allowing participants to take loans of up to $100,000 and 100% of their account balance from April through September 2020 and allowing participants to take a CARES Act distribution of up to $100,000 if they have experienced adverse financial impacts due to COVID-19.
