I COAT COMPANY LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS (LIQUIDATION BASIS) JANUARY 31, 2019 AND DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN

The following description of the I Coat Company LLC 401(K) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of the I Coat Company (the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). To be eligible to participate in the Plan, employees must have reached the age of twenty-one, and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on June 1, 2000.

Contributions

Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company makes "safe harbor" contributions in an amount equaling 4% of the participant's eligible compensation. The Company can make discretionary contribution in an amount as determined by the Company. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's own contributions and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested.

Vesting

Participants are always fully vested in their own contributions, the Company's "safe harbor" contributions, and all earnings thereon. Participants vest in Company's discretionary contributions at the rate of 20% for each year of service until fully vested, beginning on the second anniversary of date of hire. Participants are fully vested in Company contributions after six years of credited service.

I COAT COMPANY LLC 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS (LIQUIDATION BASIS) JANUARY 31, 2019 AND DECEMBER 31, 2018

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service for any reason, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow a minimum of \$1,000, up to one half of the vested balance of their Plan account, up to a maximum of \$50,000. Loans must be repaid over no more than a five-year period with the exception of a loan for the participants' principal residence that may have a repayment period beyond five years. Principal and interest are paid ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

Plan Termination

Effective January 24, 2019, the Company announced the termination of the plan and the intention to transfer existing account balances into a successor plan. The company has adopted amendments to the Plan discontinuing all contributions as of January 24, 2019 and terminated the Plan as of that date. Remaining net assets were directly transferred into Essilor of America Retirement Saving Plan as of January 31, 2019.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements has been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Certain prior period disclosures have been revised to conform to current year's presentation. Effective January 24, 2019, the Plan committee adopted a resolution to terminate the Plan. As a result, the Plan's financial statements as of January 31, 2019 and for the period from January 1, 2019 through January 31, 2019 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are sated at their estimate net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of January 31, 2019 would be fair value. There were no material changes to the 2019 financial statements as a result of the change under the liquidation basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS (LIQUIDATION BASIS) JANUARY 31, 2019 AND DECEMBER 31, 2018

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified as being complete and accurate the following information as of January 31, 2019 and December 31, 2018 and for the period from January 1, 2019 to January 31, 2019.

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits
- Investments reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- | | |
|----------|--|
| Level 1) | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2) | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3) | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2019 and December 31, 2018.

Common/collective trust: Valued at the NAV units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market accounts: Valued at the daily closing price as reported by the fund.

NOTES TO THE FINANCIAL STATEMENTS (LIQUIDATION BASIS) JANUARY 31, 2019 AND DECEMBER 31, 2018

NOTE 4: **FAIR VALUE MEASUREMENTS (CONTINUED)**

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net appreciation in fair value of investments includes net unrealized and net realized gains and losses on investments during the year and is presented net of investment expenses. Investment income is allocated to individual participant accounts based upon the participant's share of the investment fund.

There were no assets in the plan at January 31, 2019.

As of December 31, 2018, assets in the plan, as defined by ASC Topic 820, were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common/collective trusts	\$ 913,921	\$ -	\$ -	\$ 913,921
Money market accounts	130,191	-	-	130,191
Registered investment companies	3,555,564	-	-	3,555,564
Total investments, at fair value	\$ 1,044,112	\$ -	\$ -	\$ 4,599,676

NOTE 5: **PLAN TERMINATION**

On January 24, 2019, the Plan sponsor, approved the termination of the Plan. Subsequent to January 24, 2019, no contributions were allowed in to the Plan. Shortly after the termination approval date, the Plan began the process of transferring participant balances. Participant balances were transferred to Essilor of America Retirement Saving Plan as of January 31, 2019.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: TAX STATUS

On July 8, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments include mutual funds managed by Reliance Trust Company. Reliance Trust Company is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Any purchase and sales of investments in the custodian are open market transactions at fair market value. Fees incurred by the Plan for investment management services included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to Reliance Trust Company, other investment custodians and investment advisors. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Re: Form 5500 for short year & final year 2019 (01/01/2019-01/31/2019)
Request for Penalty Abatement Under Reasonable Cause
FEIN 80-0073977

Dear Sir/Madam:

I am writing to request an abatement of penalties possibly will be assessed of Form 5500 for short year and final year 2019 (01/01/2019-01/31/2019).

Form 5500 for the short year and final year was prepared timely and Auditor Report was also performed and finished timely.

I acknowledge and deeply apologize for my late filing. The reason was due to miscommunication between our plan administrator and record keeper and filing of the return was not discovered until now. We were never late filing in the past 20 years. This is the short year and final tax return 5500 and we were not familiar with the new filing deadline and miss the deadline.

I appreciate if any possible assessment of penalties will be waived in advance. If you have any questions, please call me at 562-941-9989.

Sincerely,

Frances Y. Peck, CPA, MBT
