Note 1 Description of Plan

The following description of the Warren-Anderson Ford dba Fritts Ford 401(k) Plan (the "Plan") provides for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was established to provide retirement benefits for employees of Warren-Anderson Ford dba Fritts Ford (the "Company"). Employees become eligible to participate in the Plan following 6 months of continuous service, are 21 years of age or older, as defined in the plan document. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees, which is made up of key officers of the Company, is responsible for oversight of the Plan.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document and subject to limitations by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Employer matching and additional profit-sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2019, no employer amounts were contributed to the Plan.

Participant Accounts and Vesting - Each participant's account is adjusted by the participant's contributions, employer matching contributions (if any) and allocations of (a) the employer profit sharing contributions (if any), (b) plan earnings (losses) and, (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contributions portion of their accounts, if any, is based on years of continuous service. A participant is 100% vested after 6 years of credited services.

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participant notes are carried at fair value and are generally repaid through payroll reductions. Interest is earned on loans at a rate of 4.25% - 6.50%. The loans must be repaid within 5 years or 15 years for the purchase of a principal residence.

Note 1 **Description of Plan** (continued)

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures - The non-vested portions of participants' employer-derived account balance are treated as forfeitures. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2 and $2, respectively. These accounts can be used to offset plan expenses or may be used to reduce the employer matching contributions, if any.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes there-in, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Note 2 **Summary of Significant Accounting Policies** (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Date of Management's Review - The Plan has evaluated subsequent events through September 29, 2020, the date the financial statements were available to be issued.

Note 3 **Party-in-Interest Transactions**

Certain plan investments consist of investments managed by Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transaction by the United States Department of Labor's ("DOL") Rules and Regulations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 4 **Investments Certified by Trustee**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC, the plan trustee, except for comparing such information certified by Great-West Trust Company, LLC to information included in the Plan's financial statements and supplemental schedule.

Note 4 **Investments Certified by Trustee** (continued)

The plan trustee has certified as to the completeness and accuracy of all investment balances and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, all of the investment activity and interest income from notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2019, and all investment information in the supplemental schedule.

Note 5 **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable input (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

LEVEL 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 **Fair Value Measurements** (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of a bank common trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 559,892	$	$	$ 559,892
	$ 559,892	$	$	559,892
Investments at NAV*				2,709,620
Investments at fair value				$ 3,269,512

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 434,328	$	$	$ 434,328
	$ 434,328	$	$	434,328
Investments at NAV*				2,220,034
Investments at fair value				$ 2,654,362

Note 5 **Fair Value Measurements** (continued)

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 6 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 7 **Tax Status**

The Company has adopted a Prototype 401(k) plan and related trust. The Internal Revenue Service ("IRS"), by a letter dated March 31, 2014, has determined that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016.

NOTES TO FINANCIAL STATEMENTS
December 31, 2019

Note 8 Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 3,314,012	$ 2,729,861
Employee contributions receivable	(6,725)	(5,823)
Excess contributions payable	31,272	
Net assets available for benefits per Schedule H to the Form 5500	$ 3,338,559	$ 2,724,038

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019, to Schedule H of Form 5500:

Net increase per the statement of changes in net assets available for benefits	$ 584,151
Add: 2019 excess contributions paid in 2020	31,272
Add: 2018 employee contribution receivable	5,823
Less: Current year employee contribution receivable	(6,725)
Net income per Schedule H of Form 5500	$ 614,521

Employee contribution amounts allocated to participants are recorded on the Schedule H Form 5500 for employee contributions that have been received and processed prior to December 31, 2019.

Note 10 Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact the Plan's results. The outbreak of the virus in the United States has caused high uncertainty and increased risk in the stock market. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the negative impact. The related financial impact and duration cannot be reasonably estimated at this time.
