The following description of the Elgin Power and Separation Solutions, LLC Master Savings & Profit Sharing Plan (Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

General

Elgin Power and Separation Solutions, LLC (Company), formerly known as Elgin Equipment Group, LLC and Elgin National Industries, Inc., implemented the Plan as of January 1, 1989. The Plan was amended on April 25, 2019, and the Plan changed its name from the Elgin Equipment Group, LLC Master Savings and Profit Sharing Plan to the Elgin Power and Separation Solutions, LLC Master Savings & Profit Sharing Plan. The Plan is a combined defined contribution 401(k) savings and profit sharing plan covering all eligible nonunion employees of the Company, its divisions and subsidiaries which adopted the Plan, who have 90 days of service. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as subsequently amended.

Contributions

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated LifePath fund until changed by the participant. The automatic deferral feature also provides for 1% annual increases in the percentage deferred and is ultimately capped at 6% after five years.

The Company may make discretionary profit sharing contributions to the Plan. This contribution is allocated to participant accounts as of the last day of each plan year. The amount of the nonelective contribution, if any, is determined each plan year and announced to all participants. The Company did not make any discretionary profit sharing contributions for the year ended December 31, 2019.

The Company may make additional matching contributions each month for all participants who elect to make salary deferral contributions to the Plan. The amount of the matching contribution, if any, will be determined each plan year and announced to all participants. For the year ended December 31, 2019, the Company contributed \$552,043.

Investment Options

Participants may direct all their contributions into a variety of investment funds. Participants may change their investment options and transfer among funds at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, including appreciation or depreciation of the fair value of investments, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's safe harbor nonelective, matching and profit sharing contributions becomes vested based on years of service. A participant is 100% vested after two years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50% at December 31, 2019, which is commensurate with local prevailing rates as determined by the plan administrator. The term of the loan may not exceed 5 years or 25 years if the loan proceeds will be used to acquire the principal residence of the participant. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time or a direct rollover distribution. Participants also may withdraw pre-tax elective deferral or rollover contributions in the event of hardship due to an immediate and heavy financial need, as defined by the Internal Revenue Service.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Forfeitures

As of December 31, 2019 and 2018, there were unused forfeitures of \$67,706 and \$16,589, respectively. These amounts are first used to reinstate participant accounts (due to re-employment, subject to certain limitations) and are then used to reduce future employer contributions. For the year ended December 31, 2019, no forfeitures were used to reduce employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in mutual funds are valued at quoted market prices of shares held by the Plan at year end. The common or collective trust funds are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Interest-bearing cash is valued at deposit account balances at year end.

Purchases and sales of securities are reflected on a trade-date basis. The realized gains or losses on the sale of securities are based on average cost. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayment of principal and interest are received through payroll deductions. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Revenue Sharing

The Plan recognizes income from revenue-sharing agreements when received. Amounts received are utilized to pay qualified plan expenses.

Transamerica Retirement Solutions Corporation (Transamerica) provides certain administrative services to the Plan. Transamerica receives revenue from mutual funds and common and collective trust fund service providers for services provided to the funds. This revenue is utilized to offset certain qualified plan expenses. If the amount received by Transamerica from revenue sharing exceeds the amount owed under the agreement, Transamerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. At December 31, 2018, there was \$2,590 of excess that was used to offset 2019 expenses. The Plan or Company may make payments to Transamerica for administrative expenses not covered by revenue sharing.

Note 3: Information Certified by the Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Accordingly, State Street Bank and Trust Company, a trustee of the Plan, has certified the completeness and accuracy of the reports or documentation prepared by Transamerica. State Street Bank and Trust Company has also certified that the following information included in the accompanying financial statements as of December 31, 2018, and for the period from January 1, 2019 to April 30, 2019, is complete and accurate to the best of their knowledge and belief. Great-West Trust Company, LLC (Great-West), a trustee of the Plan, has certified the completeness and accuracy of the reports or documentation prepared by Empower Retirement. Great-West has also certified that the following information included in the accompanying financial statements and supplemental schedule as of December 31, 2019, and for the period from April 30, 2019 to December 31, 2019, is complete and accurate.

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Interest and dividend income and net appreciation in fair value of investments, and interest from participant notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019

Note 4: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Interest-bearing cash is valued at deposit account balances (Level 1). Mutual funds are valued at quoted prices from nationally recognized securities exchanges (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Tax Status

Effective with the amendment of the Plan on April 25, 2019, the Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Great-West. This prototype plan document has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

Note 8: Party-in-Interest Transactions

Certain plan investments and the notes receivable from participants are managed by Great-West and State Street Bank and Trust Company, the trustees, or Empower Retirement or Transamerica; therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for services rendered by parties-in-interest amounted to \$19,180 for 2019.

Certain administrative fees have been paid through a revenue sharing agreement with Transamerica Retirement Solutions Corporation rather than direct payments (see Note 2). Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. These transactions qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services, at no cost, to the Plan.

Note 9: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent events have been evaluated through October 8, 2020, which is the date the financial statements were available to be issued.
