Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the *401(k) Retirement and Savings Plan for the Associates of Atlas Industries, Inc.* (the "Plan"), which comprise the statements of net assets available for benefits as of December 19, 2019 and December 31, 2018, the related statements of changes in net assets available for benefits for the period January 1, 2019 to December 19, 2019 and the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the period January 1, 2019 to December 19, 2019 and the year ended December 31, 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *401(k) Retirement and Savings Plan for the Associates of Atlas Industries, Inc.* (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

The Plan was a defined contribution plan established under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan covered all employees of *Atlas Industries, Inc.* (the "Company") who had completed one year of service and were represented by a collective bargaining unit. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On September 6, 2019 the Company ceased all operations. As a result, a decision to terminate and liquidate the Plan was approved. The termination, which was effective December 19, 2019, included lump-sum distributions totaling \$5,350,038 of the account balances of the remaining participants at the termination date.

Contributions

Participants could contribute up to 100% of their annual compensation, as defined in the Plan agreement, on a pre-tax basis or through a Roth contribution on a post-tax basis. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were allowed to make rollover contributions from other qualified retirement plans. The Plan agreement includes an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to contribute to the Plan. Automatically enrolled participants had their deferral rate set at 6% of pre-tax compensation and their contributions invested in the Principal LifeTime Pooled Separate Account lifecycle retirement fund which corresponds most closely with their normal retirement date. All automatically enrolled participants were automatically increased each January by 1%, up to a maximum of 10%, unless otherwise elected.

The Plan provided for discretionary employer matching contributions equal to an approved percentage of the participants' deferral contributions up to 7% of each participant's compensation. The Company, at its discretion, made profit sharing contributions. Employees were eligible for Company contributions if they were actively employed at December 31, or retired, became disabled, or died during the Plan year. There were no discretionary matching or profit sharing contributions made in 2019 or 2018. Participants could direct the investment of contributions into various investment options offered by the Plan. The Plan offered pooled separate accounts, a stable value common collective trust and a guaranteed interest insurance company investment contract as investment options for participants, under a group annuity contract offered by Principal Life Insurance Company ("Principal"), the custodian of the Plan's assets. Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's matching contributions (when made), and allocations of profit sharing contributions (when made), and was charged for administrative expenses. Allocations were based on participant compensation, account balances or specific participant transactions, as defined in the agreement. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their 401(k) voluntary contributions and rollover accounts plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contributions were based on years of continuous service. All participants became fully vested upon termination of the Plan.

Notes Receivable from Participants

Participants could borrow from their vested accounts a minimum of \$1,000 up to a maximum of the lesser of (1) \$50,000 reduced by the highest outstanding balance of the participant's notes receivable from the Plan during the one-year period ending the day before such loan is made, or (2) 50% of the participant's vested balances under the Plan reduced by any outstanding balance of the participant's notes receivable. The terms of the notes could not exceed five years unless they were used to acquire the participant's principal residence. All notes receivable bore interest at a rate commensurate with local prevailing rates, and principal and interest was collected ratably through payroll deductions. Participants could be approved for up to five loans in any 12-month period, but could only have up to two notes receivable outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant was able to elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or annuity payments resulting from the purchase of an annuity contract, as defined by the Plan agreement. If a participant's vested balance was \$1,000 or less, payment was made in a lump-sum without the participant's consent. If the balance was between \$1,000 and \$5,000 it was be rolled directly into an individual retirement account at the custodian, or such other provider as the Company designated in accordance with Department of Labor ("DOL") guidelines, unless the participant requested a different disposition of their account balance within the applicable election period.

Four in-service withdrawals of vested balances per 12-month period could be elected by participants who had reached 59½ years of age. The Plan also permitted withdrawals from all vested accounts in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts

Upon termination of employment, a participant's nonvested portion of Company contributions and related earnings or losses is forfeited immediately to the extent a distribution of vested benefits is made to the participant. All other forfeitures occur when a participant sustains a five-year break in service. If the participant resumed employment within five years following the date on which termination occurred, and repaid to the Plan the full amount of any distribution, the participant's account was restored to its balance on the date of distribution.

Forfeited nonvested accounts were used first to pay Plan expenses then to reduce employer cash contributions. At December 19, 2019 there were no forfeited nonvested accounts. At December 31, 2018, forfeited nonvested accounts totaled \$12. Plan expenses were reduced by \$12 and \$3,416 from forfeited nonvested accounts during 2019 and 2018, respectively.

Administrative Expenses

The Plan's administrative expenses, including audit and legal fees and salaries related to the administration of the Plan, were paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that were paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services were paid by the Plan. Participants were charged directly for loan fees and fees related to benefit payments.

Plan Trustee

Brandon Clark, shareholder and officer of the Company, is the Plan trustee.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determined the Plan's valuation policies utilizing information provided by the investment advisor or custodian. See Note 3 for discussion of fair value measurements.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceased making loan repayments and the Plan Administrator deemed the note receivable to be in default, the participant note receivable is reduced and a benefit payment was recorded.

Contributions

Participant contributions are recorded when withheld from their compensation. Employer discretionary contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 19, 2019, the most recent statement of net assets available for benefits presented herein, through October 7, 2020, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 19, 2019 and December 31, 2018, (2) the changes in fair value of the Plan's Level 3 asset in Note 3, and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during the period from January 1, 2019 to December 19, 2019 and the year ended December 31, 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified.

401(k) RETIREMENT AND SAVINGS PLAN FOR THE ASSOCIATES OF ATLAS INDUSTRIES, INC.

NOTES TO FINANCIAL STATEMENTS

Pooled separate accounts: These investments are valued using the net asset value ("NAV") of units held by the Plan at year-end as provided by Principal and are not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the account net of investment management fees. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than the reported NAV.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the collective trust and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Investment contract with insurance company: This investment is reported at fair value as determined by Principal and is classified at Level 3. Fair value is the amount participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The value is based on significant unobservable inputs. The investment contract consists of investments in a guaranteed interest account, backed by the general account of Principal. No investments in Principal's general account are attributable to a particular plan, nor do plans have any undivided ownership interest in these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2018:

	Level 1	Level 2	Level 3	Other (1)	Total

NOTES TO FINANCIAL STATEMENTS

(1) Certain investments are measured at NAV per share (or its equivalent) on an inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 asset for the:

	Investment Contract with Insurance Company	
	Period from January 1, 2019 to December 19, 2019	Year Ended December 31, 2018
Balance, beginning of year	\$ 602,968	\$ 954,352
Sales	(622,091)	(369,126)
Net appreciation in fair value included in changes in net assets available for benefits	14,700	10,215
Interest credited	4,423	7,527
Balance, end of year	\$ -	\$ 602,968

The following table sets forth the Plan's Level 3 financial instrument, the valuation techniques used to measure the fair value of the financial instrument, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2018:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Weighted Average and/or Range of Significant Input Values
Investment contract with insurance company	\$ 602,968	Market value adjustment	Composite Guaranteed Rate	0.64% - 1.64%
			Fair Market Rate on December 31, 2018	2.96% - 3.10%

NOTES TO FINANCIAL STATEMENTS

In estimating fair value of the investments in Level 3, Plan management utilized values provided by the custodian. In substantiating the reasonableness of the pricing data provided by the custodian, Plan management evaluated a variety of factors including review of methods and assumptions used by the custodian, recently executed transactions, existing contracts, economic conditions, industry and market developments, and overall credit ratings.

The following table sets forth additional disclosures for the fair value measurement of investments that calculate net asset value per share (or its equivalent) as of December 31, 2018:

Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 9,072,277	\$ -	Daily	Daily
Stable value common collective trust	1,278,961	-	Daily	12 months

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were managed by Principal. Principal was the custodian of the Plan's assets and, therefore, the Plan's investment transactions qualify as party-in-interest. Fees paid by the Plan for custodial and record keeping services amounted to \$15,885 in 2019 and \$14,364 in 2018. Fees paid by the Plan for investment management services are included as a reduction of net appreciation or an addition to net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

5. TAX STATUS

The Company's Board of Directors adopted the Principal Financial Group Prototype for Savings Plans document. The Plan document received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan was required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan was being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan was qualified and the related trust was tax-exempt. As disclosed in Note 1, the Plan was terminated effective December 19, 2019.
