CENTRAL VALLEY MEAT CO.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN:

The following description of the Central Valley Meat Co. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Central Valley Meat Company, Inc., Triple C Trucking, Inc., Harris Ranch Beef Company, Harris Feeding Company, and CLW Foods, LLC (together hereafter referred to as the Employer) who have completed one year of service with at least 1,000 hours worked and are age 21 or older. The Plan offered a one-time waiver of the eligibility requirements for the Harris Ranch Beef Company and Harris Feeding Company employees effective July 1, 2019. The Plan was established effective January 1, 2017 as a participant-directed plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustees are responsible for the oversight of the Plan and the appropriateness of the Plan's investment offerings. The Plan participants are responsible for monitoring the performance of investments in which they choose to allocate Plan contributions.

Contributions: Each year, participants may contribute up to the maximum amount allowable under Internal Revenue Service limits, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. The Employer contributes a matching contribution of 50% of the first 6% of the participant's salary reduction contributions for the Plan year. The Employer may also contribute an amount designated as a discretionary contribution. Contributions are subject to certain limitations. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

An individual account is maintained for each participant, which includes the following components:

1. Employee contributions
2. Employer contributions
3. The participant's pro rata share of net investment income
4. Deductions for benefits paid to participants

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service. Vesting service includes all years of service completed after January 1, 2017.

Notes receivable from participants: The Plan does not permit loans to participants. Loan rollovers from a qualified plan by Plan participants are allowed. The loans are secured by the balance in the participant's account and bear interest from 5.25% to 7.5% at December 31, 2019 for the term of the loan, not to exceed 5 years. There were no outstanding loans at December 31, 2018. Principal and interest is paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN, Continued:

Payment of benefits: On termination of service due to death, disability, retirement at the normal retirement age of 65, or the participant's fifth anniversary of the first day of the Plan year participation, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a period of not more than his or her assumed life-expectancy (or the assumed life expectancy of his or her beneficiary), with respect to lifetime minimum required distributions. However, if the participant's vested balance does not exceed $5,000 at the time of termination of service due to death, disability, or retirement, the participant's vested balance can only be distributed to him or her in a single lump-sum payment.

A participant whose service is terminated for reasons other than death, disability or retirement and has a vested account balance in excess of $5,000 may elect to have his or her vested account balance distributed to him or her as soon as administratively feasible in only a lump-sum payment. However, if the value of his or her vested account balance does not exceed $5,000, then a distribution will be made to the participant regardless of whether he or she consents to receive it.

If a mandatory payment is being made to a participant because his or her vested interest in the Plan exceeds $200 but is less than $5,000, then the Plan will roll over the distribution to an IRA if the participant does not make an affirmative election to either receive a rollover or distribution. The Plan administrator will notify the employee if the automatic rollover provisions apply to the distribution. After receiving this notice, the employee will have an opportunity to decide whether they wish to receive an automatic payment directly in cash or have it rolled into an eligible retirement plan or IRA. The automatic rollover will be invested in an investment product designed to preserve principal and provide a reasonable rate of return and liquidity, whether or not such return is guaranteed, consistent with liquidity.

In-service distributions and hardship withdrawals are not allowed according to Plan provisions.

Forfeited accounts: At December 31, 2019 and 2018, forfeited nonvested accounts totaled $32,549 and $9,521, respectively. Forfeited non-vested accounts can be used to pay administrative expenses or reduce future employer contributions. There were no forfeitures used to reduce administrative expenses or employer contributions for the year ended December 31, 2019. For the year ended December 31, 2018, $17,978 was used to reduce plan expense and the employer matching contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as income to the Plan. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. In the opinion of the Plan administrator, all notes receivable are fully collectible and no allowance for loan losses has been recorded at December 31, 2019 and 2018.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Certain fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in the fair value of investments. There were no such expenses paid for by the Plan sponsor during the years ended December 31, 2019 and 2018.

Subsequent events: The Plan administrator has evaluated subsequent events through October 8, 2020, the date which the financials were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company, the custodian of the Plan:

	2019	2018
Cash	$ 32,549	$ 9,521
Investments at fair value	8,562,610	470,669
Investment income:		
Net appreciation (depreciation) in fair value of investments	$ 587,602	$ (31,900)
Interest	21,776	-

NOTE 4 – INVESTMENTS:

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by John Hancock Life Insurance Company and as directed by each participant. Participants may change their investment options as desired.

NOTE 5 – FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Cash and cash equivalents: The carrying amounts reported in the Statements of Net Assets Available for Benefits for cash and cash equivalents approximate those assets' fair values.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

NOTE 5 – FAIR VALUE MEASUREMENTS, Continued:

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables lists assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Cash	$ 32,549	$ -	$ -	$ 32,549
Mutual funds	8,562,610	-	-	8,562,610
Total assets at fair value	$ 8,595,159	$ -	$ -	$ 8,595,159

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Cash	$ 9,521	$ -	$ -	$ 9,521
Mutual funds	470,669	-	-	470,669
Total assets at fair value	$ 480,190	$ -	$ -	$ 480,190

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

The trustee of the Plan, who is also an owner of the Plan sponsor and a relative employed by the Plan sponsor, are participants in the Plan and, therefore, qualify as parties-in-interest.

The Third-Party Administrator of the Plan and the Trust holding plan assets provide various services to the Plan and receive compensation and other fees for these services and, therefore, qualify as parties-in-interest. For the years ended December 31, 2019 and 2018, total fees and commissions paid to these parties-in-interest totaled $18,532 and $4,052, respectively.

There were no transactions with any parties-in-interest that would be considered prohibited transactions by DOL regulations.

NOTE 7 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their employer contributions. Participant accounts will be distributed as soon as administratively practicable after the Plan is terminated.

NOTE 8 – TAX STATUS:

The Internal Revenue Service has provided a favorable determination in a letter dated March 31, 2014 that the form of the plan provided by the volume submitter is designed in accordance with applicable sections of the Internal Revenue Code (IRC). This plan format was subsequently adopted by the Plan and related trust upon its establishment on January 1, 2017. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As the Plan was established in 2017, all years are still subject to income tax examinations.

NOTE 9 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – CONTINGENCIES:

Coronavirus Pandemic: Management has determined the events regarding the novel coronavirus require disclosure in accordance with accounting standards. On March 4, 2020, Governor Newsom issued an emergency proclamation declaring a State of emergency in California due to the novel coronavirus (COVID-19). The COVID-19 outbreak is ongoing, and the ultimate geographic spread of the virus, the duration and severity of the outbreak and the economic and other actions that may be taken by governmental authorities to contain the outbreak or to treat its impact are uncertain. The ultimate impact of COVID-19 on the Plan is unknown.

NOTE 11 – MERGERS:

In July 2019, the 401(k) retirement plan accounts of the Harris Ranch Beef Company and Harris Feeding Company were acquired by the Plan sponsor. The acquisition included $5,818,240 in traditional 401(k) accounts, $172,020 in Roth 401(k) accounts, and $792,829 in participant loans. The acquisition and related rollover of the acquired retirement plan assets is included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
