Together with Independent Auditors' Report**

Independent Auditors' Report

To the Plan Administrator of the
Fluor Puerto Rico Salaried Employees Retirement Plan:

We have audited the accompanying financial statements of Fluor Puerto Rico Salaried Employees Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes, as of and for the year ended December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Fluor Puerto Rico Salaried Employees Retirement Plan

Notes to Financial Statements December 31, 2019

1. Plan Description:

The following description of the Fluor Puerto Rico Salaried Employees Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a qualified defined contribution plan covering substantially all employees of Fluor Daniel Caribbean, Inc. and participating subsidiaries (the Company).

The Plan became effective on December 1, 2010. The Plan was established for the purpose of providing retirement benefits to employees and to encourage and assist employees in adopting a regular savings program by means of payroll deductions through a plan that qualifies under the applicable laws of the Commonwealth of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2013, the Plan Administrative Committee appointed Company representatives to assume the trustee function previously shared with a financial institution.

Since February 2012, Fidelity Investments is the custodian and broker-dealer of the Plan's assets. Pension Administrators Group, Inc. is the record keeper of the Plan.

The Plan was amended and restated to conform it to the requirements of the 2011 Internal Revenue Code for a New Puerto Rico (2011 IRCPR), as amended.

Eligibility

An employee is eligible to become a member of the Plan after attainment of age 18.

Contributions

Participants of the Plan may authorize the Company to make contributions to the Plan from payroll deductions of their weekly or biweekly compensation. At no time may participant pre-tax contributions exceed \$15,000 from 2013 and beyond, as this is the limit imposed per Section 1081.01(d) of the 2011 Internal Revenue Code for a New Puerto Rico, as amended.

With the approval of the Plan's Administrator, Participants may also contribute amounts representing rollovers from other qualified defined benefit or contribution plans. Additionally, the Company may make discretionary contributions to eligible Participants in such amount as it is determined by the Global Benefits Committee. Supplemental discretionary contributions amounted to \$118,881 and \$113,231 for the years ended December 31, 2019 and 2018, respectively.

After completing one year of service, the Company matches Participants' pre-tax contributions based on predetermined matching contribution percentages. Currently, the employer matching is \$1: \$1 up to the first 5% of eligible compensation.

Participants' Accounts

Individual accounts are maintained for each Plan Participant. Each Participant's account is credited with the Participant's applicable pre-tax and/or rollover contributions and allocations of (a) the Company's matching and supplemental contributions, and (b) plan earnings. Allocations are based on Participant's share of the Plan's income (losses) and any related expenses. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account. The change in the value of the Plan's invested assets is posted to the Participant's account on a daily basis.

Investment Alternatives

Upon enrollment in the Plan, a Participant may direct his/her contributions, along with the Company's matching contribution, (a) entirely in any one of the available funds; or (b) divided between any two or more of such investment funds in increments of 1%.

In the event that a Participant does not have an investment election on file, his/her contributions, Company's matching contributions, and Company's discretionary contributions will be directed to an age appropriate LifePath fund as the default investment alternative. Participants may change their investment allocation at any time.

Vesting

Participant contributions and employer matching contributions are vested at all times and shall not be subject to forfeitures for any reason. The Company's discretionary contributions are vested upon three years of service.

Payment of Benefits and Withdrawals

Distribution of Participant accounts may be made in: (a) one lump-sum cash payment, or (b) cash installments over a certain period. In the case of a Participant termination because of death or disability, the entire account balance amount is paid to the person or persons legally entitled thereto regardless of the years of service.

If, at the time of termination, the value of a Participant's vested benefit is \$1,000 or less, the Plan administrator will immediately distribute such benefit without the Participant's consent. However, a Participant's vested benefit may not be paid without written consent if the value exceeds \$1,000.

Notes Receivable from Participants

Notes receivable from participants should not exceed 50% of the participant's vested account balance. In no event will the amount of any loan disbursed to a Participant exceed \$50,000 or be less than \$500. General purpose loans to Participants under the Plan are amortized based on a period of no less than six months or more than 60 months.

Primary residence loans are amortized based on a period of no less than 60 months and no more than 180 months. All notes are secured by the balance in the Participant's account and will bear an interest rate as determined by the Plan administrator. Principal and interest are repaid to the Participant's account ratably through payroll deductions or manual loan repayments. Only one loan is permitted to be outstanding at a time.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants shall be fully vested and nonforfeitable in their accrued benefits as of the date of termination or discontinuance.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Investments and Notes Receivable from Participants Valuation

The Plan's investments are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments, which represent the net asset value of units held by the Plan at year-end. Notes receivable from participants are valued at their outstanding principal amount, plus accrued but unpaid interest. Refer to Note 3 for fair value measurements.

Purchases and sales of investment units are reflected on a trade date basis. Income is recorded as earned on an accrual basis.

In accordance with the policy of stating investments at fair market value, net unrealized appreciation (depreciation) on investments for the year is reflected in the statement of changes in net assets available for benefits. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and certain operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make repayments and the Plan administrator considers the participant to be in default, the balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Notes are considered in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment. Outstanding notes receivable at December 31, 2019 have final maturities ranging from January 2020 to November 2024, for general purpose loans, and March 2029 for principal residence acquisition loans and carry an interest rate of 4.25%.

Contributions

Participant contributions and employer matching contributions are recorded in the period in which the Company makes the payroll deductions from the Participant's compensation. Discretionary contributions are posted to Participant accounts annually.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All administrative expenses are paid from the assets of the Participants' accounts.

New Accounting Pronouncements Yet to be Adopted

In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, Codification Improvements, which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value (NAV) per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with ASC 820, Fair Value Measurement. The guidance is effective for fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this ASU, but does not expect the ASU to have a significant impact on the Plan's financial statements.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820) – Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which amends certain disclosure requirements of ASC 820. The ASU removes the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modifies the disclosure for investments in certain entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The guidance is effective for fiscal years beginning after December 15, 2019. Plan management is currently evaluating the impact of this ASU, but does not expect the ASU to have a significant impact on the Plan's financial statements.

3. Fair Value Measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Valuation techniques used by the Plan are based upon observable and unobservable inputs.

Observable or market inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's assumptions about market participant assumptions based on the best information available.

Assets and liabilities are classified in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 – Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liabilities.
- Level 3 – Unobservable inputs for the asset or liability.

The fair value hierarchy gives the highest priority to observable inputs and lowest priority to unobservable inputs.

The following is a description of the valuation methodologies used for assets and liabilities:

- Mutual funds: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The following are the major categories of assets measured at fair value on a recurring basis:

2019				
<i>Description</i>	<i>Total</i>	<i>Level 1: Quoted Prices in Active Markets for Identical Assets</i>	<i>Level 2: Significant Other Observable Inputs</i>	<i>Level 3: Significant Unobservable Inputs</i>
Mutual Funds	\$36,291,613	\$36,291,613	-	-
Cash and Cash Equivalents	3,438,211	3,438,211	-	-
Total	<u>\$39,729,824</u>	<u>\$39,729,824</u>	<u>\$ -</u>	<u>\$ -</u>
2018				
Mutual Funds	\$28,162,492	\$28,162,492	-	-
Cash and Cash Equivalents	4,342,376	4,342,376	-	-
Total	<u>\$32,504,868</u>	<u>\$32,504,868</u>	<u>\$ -</u>	<u>\$ -</u>

4. Tax Status:

The Plan has obtained its latest determination letter on March 3, 2015, wherein the Puerto Rico Treasury Department concluded that the Plan, as designed, was exempt under the provisions of Section 1081.01 (d) of the 2011 Internal Revenue Code for a New Puerto Rico (2011 IRCPR), as amended. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's legal counsel believe that the Plan, as currently being operated, is in compliance with the applicable requirements of the 2011 IRCPR, as amended.

U.S. GAAP requires the Plan to evaluate uncertain tax positions. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the tax authorities. The Plan has concluded that as of December 31, 2019 and 2018, there were no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions and regulators; however, there are currently no audits for any tax periods in progress.

5. Subsequent Events:

In January 2020, Puerto Rico was struck by several earthquakes for which an emergency declaration was issued by the Governor of Puerto Rico (Earthquakes). On January 16, 2020, the President of the United States issued a disaster declaration for several Municipalities of Puerto Rico because of the destruction resulting from the Earthquakes. The Plan Administrative Committee authorized declared disaster distributions, whether as an in-service withdrawal or total distribution in cash, from the Plan, known as "Special Disaster Distributions" to participants, beneficiaries or alternative payees, as applicable, affected by a disaster for which the Governor of Puerto Rico has issued a disaster declaration, including the Earthquakes, in accordance with Section 1081.01(b)(1)(D) of the 2011 IRCPR, as described by guidance issued by the Puerto Rico Treasury Department Internal Revenue Circular Letter No. 20-09 of February 19, 2020, and subject to the rules and procedures established by the Plan's Administrator.

In late 2019, a novel strain of coronavirus SARS-CoV-2 (commonly known as "COVID-19," which is the name of the disease) was identified. In March 2020, COVID-19 was declared a pandemic by the World Health Organization. Immediately thereafter, the Governor of Puerto Rico issued an emergency declaration to address the imminent threat of COVID-19 to Puerto Rico and a general lockdown and curfew was implemented. On March 27, 2020, the President of the United States issued a major disaster declaration for Puerto Rico because of COVID-19. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the fair value of the Plan assets. The extent and duration of the COVID-19 impact is difficult to assess and cannot be predicted.

In conformity with the Puerto Rico Internal Revenue Circular Letter No. 20-23 of March 29, 2020, as amended, the Plan Administrative Committee allowed Special Disaster Distributions from the Plan, whether as an in-service withdrawal or total distribution in cash, effective from April 6, 2020 through December 31, 2020, to participants, beneficiaries or alternate payees, as applicable, affected by the COVID-19 emergency, subject to the rules and procedures established by the Plan's Administrator.

The Plan administrator has evaluated subsequent events through October 7, 2020, the date the accompanying financial statements were available to be issued.
