The following description of Time Equities Inc. 401(k) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a 401(k) plan covering employees who choose to participate, are twenty-one years of age and have completed 90 days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

- | | |
|--------------|---|
| Participants | <ul style="list-style-type: none">- At participant's discretion- Maximum \$19,000- Maximum Catch-Up \$6,000 |
| Limits | <ul style="list-style-type: none">- Maximum percent of compensation – 100%- Maximum dollar amount - \$56,000- Maximum deductible employer contribution is 25% of total considered compensation- Maximum compensation - \$280,000 |

C. Participants' Accounts

Each participant establishes his or her own separate investment account solely for that individual's contributions. Each participant's account is credited with the actual investment performance realized by the investments of his or her investment account.

D. Vesting

Vesting starts after the second year, then 20% per year. Service is calculated using all years of service. The amount contributed/deferred by the participants is owned 100% by that participant at all times.

E. Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant or his beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount.

Distribution of benefits will also begin when a participant reaches the age of 70½.

1. Description of Plan - (Continued)

F. Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. Currently, interest charges on outstanding loans range from 4.25% to 6.25%.

G. Forfeitures

Forfeitures of Employer matching contributions of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan or used to reduce Employer contributions. During 2019 and 2018 no forfeitures were used to pay administrative fees. Forfeitures as of December 31, 2019 and 2018, were \$38,805 and \$45,166, respectively, and are included in the Key Guaranteed Portfolio Fund.

2. Summary of Significant Accounting Policies

A. Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies – (Continued)

C. Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the assets or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Common stocks: Valued at the closing price reported on the active market in which the individual securities are traded.

TIME EQUITIES INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

3. Fair Value Measurements – (Continued)

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following table sets forth by level, within the fair market value hierarchy, the Plan's assets at fair value as of December 2019 and 2018:

	Assets at Fair Value as of December 31, 2019

5. Employees Not Covered By The Plan

The following individuals are not eligible for participation in the plan:

1. Members of a collective bargaining unit where retirement benefits were the subject of good faith bargaining;
2. Non-resident aliens with no U.S. source income; and
3. Employees listed in payroll under Sub Plan 0003 and Union employees under Sub Plan 0002.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Administrative Expenses/Related Party Transactions

The Sponsor pays administrative expenses associated with the management of and professional services for the Plan. Certain administrative fees, including fees for hardship withdrawals, are paid by the participants.

TIME EQUITIES INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Subsequent Events

The Company has adopted ASC855 "Subsequent Events", and evaluated events and transactions that occurred through October 9, 2020 which is the date of the financial statements, for possible disclosure and recognition in the financial statements.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, and therefore affecting the value of the investments in the Plan. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
