Nimlok Company 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1: Description of the Plan

The following brief description of the Nimlok Company 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined contribution plan covering all full-time employees of Nimlok Company and subsidiaries, Exsel Exhibits, Inc. and Orbus, Inc. (collectively, the Company), who have completed three months of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

As of December 31, 2019 and 2018, and for the period from October 1, 2018 to December 31, 2019, Reliance Trust Company was the trustee of the Plan under a contractual agreement with the Company and manages all investments. Prior to October 1, 2018, Ascensus Trust Company was the trustee. As December 31, 2019 and 2018, and from October 1, 2018 to December 31, 2019, ADP Retirement Services, a division of ADP, LLC, was the recordkeeper. Prior to October 1, 2018, Ascensus Inc. was the recordkeeper. The recordkeeping agreement provides that the recordkeeper shall keep account of all receipts and disbursements, benefit payments and other transactions, and shall provide annually a report setting forth such transactions and the status of the fund at the end of the period.

Contributions

Subject to Internal Revenue Service limitations, each year participants may contribute a percentage of compensation, as defined in the Plan. In addition, all active participants who are eligible to make pre-tax contributions and who have attained the age of 50 before the close of the year shall be eligible to make employee catch-up contributions of up to $6,000 in both 2019 and 2018. A participant's account may include after-tax contributions made to another plan and transferred to the Plan as part of a rollover contribution. The Company will match 100% of the first 2% of salary deferral amounts that a participant contributes to the Plan. In addition, the Company will contribute, as a safe harbor, 3% of the compensation of each participant. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the Company's 3% safe harbor contribution plus actual earnings thereon. Vesting in the Company's matching contribution plus actual earnings thereon is based on years of continuous service. A participant vests 20% beginning after the second year of service and an additional 20% after each additional year of service and is 100% vested in matching contributions after six years of credited service. In the event of death, disability or retirement at designated ages, participants become fully vested.

Notes Receivable From Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years except for those loans utilized for the purchase of a primary residence, which could exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.00% at December 31, 2019, which are commensurate with local prevailing rates as determined by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through weekly payroll deductions so there is no allowance for credit losses.

Payment of Benefits

Upon termination of employment or attainment of normal retirement age, the participant, or in the case of death, the surviving spouse, can elect to receive the participant's account balance in a single lump sum or in various installment annuities.

If a participant terminates prior to retirement, death or disability, the vested benefit will be distributed as soon as administratively feasible if it totals less than $5,000. If the benefits are greater than $5,000, the participant may elect a lump-sum distribution directly after their termination or may defer payment until their normal retirement date.

Hardship Withdrawals

Participants may elect to withdraw all or a portion of their elective or employer contribution accounts in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts available for use totaled $101,614 and $80,292, respectively. Such forfeitures may be used to reduce administrative expenses and employer contributions. Forfeitures used during the plan years ended December 31, 2019 and 2018, were $0 and $29,278, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. The Plan's investments in shares of registered investment companies are valued at quoted market prices. The money market fund is valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses incurred in administering the Plan are paid by the Company and not reimbursed by the Plan. Administrative expenses paid by the Plan are recognized as paid. Certain investment fees are netted in the net appreciation (depreciation) in fair value of investments.

Note 3: Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements

must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The money market fund is valued at amortized cost, which approximates fair value (Level 1).

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at Reporting Date Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2019				
Money market fund	$ 720,666	$ 720,666	$ -	$ -
Registered investment companies	29,597,141	29,597,141	-	-
Total	$ 30,317,807	$ 30,317,807	$ -	$ -

	Fair Value	Fair Value Measurements at Reporting Date Using: Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Money market fund	$ 665,331	$ 665,331	$ -	$ -
Registered investment companies	22,074,769	22,074,769	-	-
Total	$ 22,740,100	$ 22,740,100	$ -	$ -

Note 4: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 5: Information Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Reliance Trust Company held the Plan's investment assets and notes receivable from participants as of December 31, 2019 and 2018, and executed transactions related to these assets for the period October 1, 2018 to December 31, 2019. Ascensus executed transactions related to these assets for the period January 1, 2018 to September 30, 2018. Reliance Trust Company and Ascensus, as agent for Ascensus Trust Company, the trustees of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief for 2019 and 2018 for Reliance Trust Company and complete and accurate for 2018 for Ascensus:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018
- Interest and dividend income, interest from participant notes receivable and net appreciation (depreciation) in fair value of investments, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018

- The information included in the supplemental schedule of assets (held at end of year) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7: Tax Status

Effective October 1, 2018, the Plan operates under a nonstandardized adoption agreement in connection with a prototype profit sharing plan and trust sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated July 8, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC) and the related trust was tax exempt as of the financial statement date. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Prior to October 1, 2018, the Plan operated under a standardized adoption agreement in connection with a prototype 401(k) profit sharing plan and trust sponsored by Ascensus Inc. This prototype plan document has been filed with the appropriate agency and the prototype sponsor has obtained an opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Note 8: Party-in-Interest Transactions

Expenses paid by the plan sponsor and the Plan for services rendered by the trustee and other parties-in-interest were for services required by the Plan. Expenses of $72,236 and $48,910 were paid by the Plan during 2019 and 2018, respectively, for professional services rendered by parties-in-interest. The Company provides certain administrative services at no cost to the Plan.

Note 10: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

In April 2020, the Plan implemented changes related to the *Coronavirus Aid, Relief and Economic Security Act* (CARES Act), which provides relief to individuals impacted by the COVID-19 crisis. New features available to plan participants (subject to certain restrictions):

- Coronavirus-related distributions up to $100,000, with no mandatory 20% federal tax withholding and the 10% early withdrawal penalty is waived. The participant can repay the amount of the distribution as a rollover within three years and can pay taxes pro-rata over a three-year period.
- Increased loan limits and repayments may be deferred for one year, up to $100,000, or the participant's eligible account balance.
- Required minimum distributions are waived for 2020.

During the period January 1, 2020 through September 25, 2020, the Company terminated approximately 65% (55% laid off and 10% furloughed) of employees due to COVID-19 coronavirus. As a result, plan management determined a partial termination of the Plan had occurred. Plan management is working with the third-party administrator to fully vest the terminated employees and refund any amounts that were previously forfeited by these employees.

Effective May 1, 2020, all Company contributions were suspended.

Subsequent events have been evaluated through October 7, 2020, which is the date the financial statements were available to be issued.
