Report of Independent Auditors

The Plan Administrator
Retirement Plan for Hourly Paid Employees of
Specialty Granules LLC

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Retirement Plan for Hourly Paid Employees of Specialty Granules LLC, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2019 and 2018, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedules

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2019, and reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Retirement Plan for Hourly Paid Employees of Specialty Granules LLC

Notes to Financial Statements

December 31, 2019

1. Description of the Plan

The following description of the Retirement Plan for Hourly Paid Employees of Specialty Granules LLC (the Plan) is provided for general purposes only. Participants should refer to the Plan document for more detailed and complete information of the Plan's provisions. The Plan was established January 1, 2011, and was most recently amended and restated effective January 1, 2015.

General

The Plan is sponsored by Specialty Granules LLC (the Company). The Plan is a frozen, noncontributory defined benefit plan covering the eligible hourly employees of the Company. All participants are fully vested. The Plan was established on January 1, 2011 and was most recently amended and restated effective January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

State Street Bank and Trust Company (the Former Trustee) was the Plan's trustee as of and for the year ending December 31, 2018 and from January 1, 2019 through April 30, 2019. On May 1, 2019, the Plan's assets were transferred to Wilmington Trust (the Trustee) who was the trustee of the Plan as of December 31, 2019 and for the period May 1, 2019 through December 31, 2019.

Pension Benefits

Normal retirement age is 65. The retirement benefit represents the applicable benefit rate, as defined, multiplied by the participant's years of credited service, as defined.

Generally, early retirement age is 55, provided the participant has accrued 10 years of credited service, and retirement due to disability requires 15 years of vesting service. Benefits are paid to the retirees in the form of a monthly annuity payment. If the actuarial present value of a participant's monthly benefit does not exceed \$1,000, the participant's entire interest in the Plan will be paid to them in a single lump sum.

1. Description of the Plan (continued)

Plan Termination

While it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the net assets of the Plan shall be used and applied first for the benefit of retired employees and employees who have reached their normal retirement date and second for the benefit of all other employees based on their accrued retirement benefits at the date of termination of the Plan in amounts proportionate to the actuarially determined present value of their retirement benefits at the date of termination of the Plan. Any balance remaining after satisfaction of all liabilities of the Plan shall be returned to the Company. If the Plan is terminated, certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivors' pensions.

The PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, relating to the maximum amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

Cash and cash equivalents consist of cash and other assets which are highly liquid, have an original maturity of 90 days or less, have high credit quality and are diversified. Cash equivalents represent an investment in the BIF Money Fund. The fair value of this investment is based on net asset value (NAV) which reflects the value of the underlying assets owned by the BIF Money Fund, minus liabilities, and then divided by the number of shares outstanding.

Investment Valuation and Income Recognition

The mutual funds held are Merrill Lynch, Pierce, Fenner & Smith (Merrill Lynch) publicly listed investment funds. The fair value is based upon each fund's net asset value (NAV) and is quoted in a market that is active. These investments included both equity and commingled funds securities and may incorporate the use of options, futures, and other financial instruments. There are no restrictions on redemption of these assets.

All investment transactions, including cash equivalents, are recorded by the Trustee and the Former Trustee on a trade-date basis. Realized gains and losses on the sale of investments are determined for accounting purposes on a moving average cost basis. Net appreciation and depreciation of investments include both realized and unrealized gains and losses on investments. Purchases and sales transactions are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Tax Status

The Plan is relying on the determination letter from the Internal Revenue Service (the IRS) dated January 4, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan has been amended. The plan administrator has indicated that they will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Retirement Plan for Hourly Paid Employees of Specialty Granules LLC

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Funding Policy

The Company makes contributions to the Plan sufficient to meet the actuarially determined funding requirements of ERISA and the Pension Protection Act of 2006. The Plan has met such requirements for 2019 and 2018.

The Highway and Transportation Funding Act (HATFA) was enacted on August 8, 2014, potentially lowering the minimum funding requirements for defined benefit plans. In September 2014, the Company used the HATFA segmented interest rates for benefit restriction and minimum funding calculations for the plan year beginning January 1, 2014. The Plan continues to use HATFA rates in 2019 and 2018.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements, and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Retirement Plan for Hourly Paid Employees of Specialty Granules LLC

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Administrative Expenses

As provided by the Plan, expenses of the Plan are paid by either the Plan or the Company. In 2019 and 2018, expenses were paid by both the Plan and the Company. Expenses paid directly by the Company are not included in the Statement of Changes in Net Assets for Benefits of the Plan.

Fair Value Measurements

The accounting guidance on fair value measurements and disclosures establishes a valuation hierarchy that prioritizes the inputs used to measure fair value based on three defined levels or criteria. The hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the reporting entity's market assumptions. The three levels of inputs that may be used to measure fair value are as follows:

- **Level 1** – Quoted prices for identical instruments in active markets;
- **Level 2** – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable; and
- **Level 3** – Instruments whose significant inputs are unobservable and for which estimates of fair value are determined using related market data.

Retirement Plan for Hourly Paid Employees of Specialty Granules LLC

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018, as described above (see Investment Valuation and Income Recognition).

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2019, and 2018, the Plan held no investments classified as Level 2 or Level 3.

The following table provides the fair value hierarchy of the Plan's investments as of December 31, 2019:

	<u>Level 1</u>
Mutual funds:	
Equity funds	\$ 4,745,816
Commingled funds	<u>1,310,751</u>
Total investments in the fair value hierarchy	6,056,567
Cash equivalents, at NAV	<u>328,261</u>
Total investments	<u><u>\$ 6,384,828</u></u>

The following table provides the fair value hierarchy of the Plan's investments as of December 31, 2018:

	<u>Level 1</u>
Mutual funds:	
Equity funds	\$ 4,088,434
Commingled funds	<u>1,190,563</u>

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with Accounting Standards Codification 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. Management is currently determining the effect on the Plan of adopting ASU 2018-09. ASU 2018-09 is effective for entities for fiscal years beginning after December 15, 2019, with retrospective application to all periods presented.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments calculated based upon the provisions of the Plan. Benefits payable under all circumstances are included to the extent that they are deemed attributable to employee services rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) current employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by Milliman, Inc., a consulting actuarial firm, by applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the date as of which the benefit information is computed and the expected date of payment.

Notes to Financial Statements (continued)

3. Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits for the Company as of December 31, 2018, and the changes therein for the year then ended, are as follows:

	December 31, 2018
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 3,869,940
Other participants	1,943,717
Total vested benefits	5,813,657
Non-vested benefits	31,209
Total accumulated plan benefits	<u>\$ 5,844,866</u>
	Year Ended December 31, 2018
Changes in the actuarial present value of accumulated plan benefits:	
Actuarial present value of accumulated plan benefits at beginning of year	\$ 5,991,714
Increase (decrease) during the period attributable to:	
Benefits paid to participants	(419,574)
Interest	347,099
Changes in actuarial assumptions (mortality improvement)	(96,381)
Additional benefits accumulated, including gains and losses	22,008
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 5,844,866</u>

The value at December 31, 2018 is based on an actuarial valuation as of January 1, 2019. Had the valuation been performed on December 31, 2018, there would be no material differences. The significant actuarial assumptions used in the valuation as of January 1, 2019, were (a) the life expectancy was determined using the Pri-2012 Blue Collar Mortality Table and the Buck 2019 Mortality Improvement Scale for males and females (b) retirement age assumptions (the assumed average retirement age is 62), and (c) a liability discount rate of 6%. For the plan year ended December 31, 2018, life expectancy was determined using the RP 2014 Mortality Table with blue collar adjustment with the MP 2018 Mortality Improvement Table for males and females.

Notes to Financial Statements (continued)

3. Actuarial Present Value of Accumulated Plan Benefits (continued)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

4. Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments for the Plan disclosed in the accompanying financial statements and supplemental schedules including investments held at December 31, 2019 and net appreciation in fair value of investments, and dividend income for the period May 1, 2019 through December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee. Investments held at December 31, 2018 and net appreciation (depreciation) in fair value of investments, and dividend income for the year ended December 31, 2018 and for the period January 1, 2019 through April 30, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Former Trustee.

5. Reconciliation of Financial Statements to Form 5500

On April 15, 2020 and July 15, 2020, the Company contributed a total of \$184,266 to the Plan towards the Plan's 2020 minimum funding requirement. These contributions have been included in the Form 5500. U.S. generally accepted accounting principles precludes including these amounts in the Statement of Net Assets Available for Benefits or the Statements of Changes in Net Assets Available for Benefits.

6. Subsequent Events

Management evaluated subsequent events for the Plan through October 5, 2020, the date the financial statements were available to be issued.

6. Subsequent Events (continued)

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 outbreak in the United States has resulted in government mandated closures of nonessential businesses, directives aimed at restricting movement for residents of many states, and related financial market disruptions. The Plan administrator is unable to quantify the potential effects of the pandemic on the financial status of the Plan.

Appendix A – Summary of Actuarial Methods

The ultimate cost of a pension plan is the excess of actual benefits and administrative expenses paid over actual net investment return on plan assets during the plan's existence until the last payment has been made to the last participant. A plan's "actuarial cost method" determines the expected incidence of actuarial costs by allocating portions of the ultimate cost to each plan year. The cost method is thus a budgeting tool to help ensure that a plan will be adequately and systematically funded and accounted for. Annual contributions and accounting expense are also affected by a plan's "asset valuation method" (as well as plan provisions, actuarial assumptions, and actual plan demographic and investment experience each year).

Actuarial Cost Method

The actuarial cost method used for determining the Plan's ERISA funding requirements and the FASB ASC Topic 960 values is the Unit Credit method. Under this method, an accrued benefit is determined at each active participant's assumed retirement age based on compensation and service at both the beginning and the end of the current year. The Plan's normal cost is the sum of the present value of the excess of each active participant's accrued benefit at the end of the current year over that at the beginning of the current year. The Plan's accrued liability is the sum of (a) the present value of each active participant's accrued benefit at the beginning of the current year plus (b) the present value of each inactive participant's benefits.

Asset Valuation Method

The Actuarial Value of Assets used for determining the Plan's ERISA funding requirements is equal to the Adjusted Market Value of Assets.

Changes in Actuarial Methods Since Prior Valuation

None.

EIN/PN: 22-3807370 / 003**

Appendix B – Summary of Actuarial Assumptions

ECONOMIC ASSUMPTIONS

Interest Rates

The current funding interest rates are as follows. The funding interest rates are prescribed under IRS regulations based on the Plan Sponsor's interest rate election.

	Minimum Funding	Maximum Deductible
Segment 1 (0-5 years)	3.74%	2.28%
Segment 2 (5-20 years)	5.35%	3.81%
Segment 3 (20+ years)	6.11%	4.46%
Effective Interest Rate	5.39%	3.89%

ERISA minimum funding: 24-month average segment rates, using a four-month lookback period (adopted January 1, 2008), adjusted to reflect the applicable segment rate stabilization corridor.

This assumption is a prescribed assumption, set by the Internal Revenue Code Section 430. The sponsor has elected to utilize a 4-month look-back, with rates averaged over a 24-month period, limited to applicable minimum and maximum values in accordance with MAP-21 and HATFA. These rates are utilized for purposes of calculating the Plan's Funding Target and Target Normal Cost for minimum funding purposes under ERISA and related tax codes.

Maximum Deductible Contribution: 24-month average segment rates, using a four-month lookback period, but not adjusted to reflect segment rate stabilization.

This assumption is a prescribed assumption, set by the Internal Revenue Code Section 430. The sponsor has elected to utilize a 4-month look-back, with rates averaged over a 24-month period. These rates are utilized for purposes of calculating the Plan's Maximum Deductible Contribution.

FASB ASC Topic 960: Expected Return on Assets of 6.00%, compounded annually.

Rationale: Chosen by Plan Sponsor

Administrative Expenses

An allowance of \$196,000 for administrative expenses has been included in the Target Normal Cost, reflecting actual administrative expenses paid from the Plan's trust during the previous year, rounded to the next \$1,000.

Rationale: The expense assumption represents an estimate of future experience based on the prior year's actual expenses. We believe the expense assumption selected is reasonable for the contingency it is measuring and is not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

**Retirement Plan for Hourly Paid Employees of Specialty Granules Inc.
2019 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 22-3807370 / 003**

DEMOGRAPHIC ASSUMPTIONS

We believe the demographic assumptions shown below are reasonable for the contingencies they are measuring and are not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

Mortality

ERISA minimum funding and Maximum Deductible Contribution: Statutory Static tables applicable for 2019.

Rationale: This assumption is based on statutory tables.

FASB ASC Topic 960: RP-2014 Blue Collar Mortality Tables adjusted backward to 2006 with Scale MP-2014 and projected forward with Scale MP-2018.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above-mentioned published mortality table in which credible mortality experience was analyzed.

Retirement

Rates for active and terminated vested participants are as follows:

Age	Rate
55 – 61	5%
62 – 63	25%
64	10%
65 – 69	50%
70	100%

Vested terminated participants are assumed to elect to start receiving benefits at age 55 or current age, if later.

Multiplying each age by the overall probability of retiring at that age, and summing the products, results in a weighted average retirement age of 62.

Rationale: This assumption was developed based on the plan's historical experience. In addition, we have considered sponsor input, eligibility criteria for the benefits, our experience with similar populations and industries, eligibility criteria for social insurance programs, and economic conditions that might have influenced prior experience or may impact future experience.

**Retirement Plan for Hourly Paid Employees of Specialty Granules Inc.
2019 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 22-3807370 / 003**

Termination

Sample rates are illustrated below:

Age	Rate
25	9.5%
40	4.5%
50	3.5%
55	0.0%

No withdrawal rates apply to vested participants. The rates above are increased by the following select withdrawal rates for participants with less than three years of service:

Service	Rate
0	25.0%
1	15.0%
2	10.0%
3	0.0%

Rationale: This assumption was developed based on industry standard termination rates as well as the plan's historical experience.

Disability

Sample rates are illustrated below:

Age	Male Rate	Female Rate
25	0.1634%	0.0888%
40	0.4350%	0.3924%
50	1.0944%	0.9414%
55	1.9062%	1.5656%

Rationale: This assumption was developed based on industry standard termination rates as well as the plan's historical experience.

Marital Characteristics

For participants not in pay status: We have assumed 80% of participants are married with spouses of opposite gender and males three years older than females. This assumption represents an estimate of future experience.

**Retirement Plan for Hourly Paid Employees of Specialty Granules Inc.
2019 Schedule SB, Part V – Statement of Actuarial Assumptions/Methods
EIN/PN: 22-3807370 / 003**

For participants in pay status: Actual birth dates of spouses are included in the census data, where relevant.

Rationale: This assumption was developed based on the plan's historical experience that the most participants are married at retirement.

Election of Optional Form of Benefit

100% of participants are assumed to elect the Single Life Annuity form of benefit at retirement.

Rationale: This assumption was developed based on the fact that all optional forms are actuarially equivalent.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

EIN/PN: 22-3807370/003.

Plan Year: January 1 – December 31

Eligibility

All hourly-paid employees employed by the Company, except leased employees, and employees who are active participants of other qualified retirement plans sponsored by the Company. New employees may not participate. See the notes following the Current Plan Provisions by Location.

Benefit (Credited) Service

One month of service is credited for each 133 hours worked during the Plan Year, not to exceed 12 months of Credited Service in any Plan Year.

Vesting Service

A year of Vesting Service is earned for each Plan Year in which a participant completes 1,000 hours of service.

Employee Contribution

None. Plan is funded entirely by employer contributions.

Benefit Formulas and Eligibilities

Normal Retirement

Normal Retirement Date: Age 65.

Normal Retirement Benefit: A monthly benefit for each year of Credited Service equal to a dollar multiplier effective as of the participant's termination date, times the participant's Credited Service at termination. See the Current Plan Provisions by Location for dollar multipliers for each location. This amount is offset by an annuity purchase benefit issued by John Hancock Mutual Life Insurance Company.

Benefits are frozen for all participants.

Deferred Retirement

Deferred Retirement Date: 5 years of Vesting Service.

Deferred Retirement Benefit: Calculated in the same manner as described in Normal Retirement above.

Retirement Plan for Hourly Paid Employees of Specialty Granules Inc.
2019 Schedule SB, Part V – Summary of Plan Provisions
EIN/PN: 22-3807370 / 003

Early Retirement

Early Retirement Date: See the Current Plan Provisions by Location for early retirement eligibility provisions.

Early Retirement Benefit: Same as for normal retirement, but reduced for early commencement. See the Current Plan Provisions by Location for early retirement reductions.

Disability Retirement

Disability Retirement Date: See the Current Plan Provisions by Location for disability eligibility provisions.

Disability Retirement Benefit: An immediate benefit equal to the normal retirement benefit, reduced as shown in the Current Plan Provisions by Location.

Vested Termination

Vested Termination Date: 5 Years of Vesting Service.

Termination Benefit: A benefit amount deferred to normal retirement age, equal to the vested accrued benefit and reduced as in early retirement if paid prior to the normal retirement age.

Preretirement Surviving Spouse Coverage

Preretirement Surviving Spouse Benefit Eligibility: 5 years of Vesting Service, or age 65.

Preretirement Surviving Spouse Benefit: Upon the death of an active or terminated participant who was eligible for early retirement, 100% of the benefit he would have received had he retired with a Qualified Joint and Survivor Annuity the day preceding his death.

Upon the death of an active or terminated participant with vested rights who was not yet eligible for early retirement, 100% of the benefit he would have received had he terminated the day preceding his death, lived to early retirement age, and retired with a Qualified Joint and Survivor Annuity.

Forms of Payment

Normal Forms: Life Annuity for unmarried participants; actuarially reduced Qualified Joint and Survivor Annuity for married participants (unless the participant and spouse elect otherwise).

Qualified Joint and Survivor Annuity: An actuarially reduced 100% joint and survivor annuity.

Optional Forms: A participant may elect an optional form of benefit if the value of the vested benefit is \$5,000 or more. Life annuity; Life annuity with period certain of 5, 10, 15, or 20 years; Social Security equalization; 50% or 100% joint and survivor.

Optional Form Conversion: Actuarial equivalent form based upon the following:

- **Interest:** The annual interest rate on 30 year Treasury Constant Maturities as published in the Internal Revenue Bulletin for the first full calendar month preceding the first day of the Plan Year (3.10% for 2019).
- **Mortality:** The applicable Mortality Table as prescribed by the Commissioner. ("2019 Applicable Mortality Table" as specified in IRS Revenue Ruling 2007-67 for 2019).
