Report on the Financial Statements

We have audited the accompanying financial statements of the Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits of the Plan for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2019, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan

On October 3, 2017, Red Barn Holdings, Inc. acquired 100% of the issued and outstanding shares of the Bettcher Industries, Inc. Employee Stock Ownership Plan (the “Plan”) and Bettcher Industries, Inc. and Subsidiaries. The Plan was amended and restated as of October 1, 2017, to reflect this change in ownership. The below description provides only general information. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of Bettcher Industries, Inc. (through October 3, 2017) and Red Barn Holdings, Inc. (effective October 3, 2017) (the “Company”). The Plan’s inception date was January 1, 2011. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975 (e)(7) and the regulations of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Trustee.

On March 22, 2019, the Company acquired the assets of Cantrell Innovative Solutions, LLC (“Cantrell”) as part of an Asset Purchase Agreement. The Plan was amended to allow Cantrell employees eligibility to participate in the Plan effective April 1, 2019, with prior service with Cantrell counted for both purposes of vesting and eligibility.

On September 13, 2019, the Company acquired 100% of the outstanding shares of Tarheel Distributors, Inc. (“Tarheel”) as part of a Stock Purchase Agreement. The Plan was amended to allow Tarheel employees eligibility to participate in the Plan effective October 1, 2019, with prior service with Tarheel counted for both purposes of vesting and eligibility.

Eligibility:

All employees of the Company age twenty-one and older, until January 1, 2020 when the age requirement was changed to eighteen and older, and who have completed one year of Eligibility Service, are eligible to participate in the Plan.

Effective January 1, 2019, eligible participants may join the Plan on January 1, April 1, July 1, or October 1 coinciding with or immediately following meeting the age and service requirements. With respect to Matching Contributions, participants are eligible the first day of the month coinciding with or immediately following meeting the age and three month service requirements.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan, Continued

Contributions:

Contributions are made by the Company on a discretionary basis. A participant must have worked 1,000 hours during the Plan year and be employed on the last day of the Plan year to be eligible to receive a contribution.

The Company's contributions, if any, may be made in cash or common stock of the Company, or both. For the Plan years ending December 31, 2019 and 2018, the Company's contributions were made in cash.

For the Plan years ending December 31, 2019 and 2018, the contributions were allocated based on the ratio of the employees' compensation during the contribution period to the total compensation of all employees during that period.

Effective January 1, 2019, the Company may make a discretionary Matching Contribution based on a percentage of the participants' elective deferrals under the Bettcher Industries, Inc. 401(k) Retirement Savings Plan. The Company matched 50% of the first 6% of participant's 401(k) elective deferral for the plan year ended December 31, 2019.

Participants' Account:

Each participant's account is credited with the participant's allocation of (a) the Company's contribution and (b) the Plan's earnings and losses. Allocations of Company contributions were based on a specified allocation schedule, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account. The Plan's earnings and losses are allocated based on the ratio of the balance of the portion of such account in the Trust as of the preceding valuation date.

Vesting:

Vesting in the Participant's account balance is based on years of service based on the following:

<u>Years of Service</u>	<u>Vested %</u>
1	0
2	20%
3	40%
4	60%
5	80%
6	100%

Vesting in Matching Contributions made by the Company are 100% vested at the time the Company makes the contribution.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc. Employee Stock Ownership Plan and Trust

1 Description of Plan, Continued

Forfeitures:

Forfeited amounts will be used to pay administrative expenses on the Plan or used to re-credit any accounts for participants who have been re-employed by the Company. Effective January 1, 2019, forfeited amounts will be first used to offset any contributions made by the Company. Any remaining forfeitures are to be allocated to participant accounts in the same manner as the employer contribution. Total forfeitures utilized were \$309,990 (2019) and \$7,918 (2018).

Payment of Benefits:

Upon termination of service due to retirement, death or disability, the participant may elect to receive an amount equal to the value of the vested balance in shares of stock or cash as soon as the annual valuation is completed. If the participant leaves for other situations and the account balance is less than \$5,000, the balance can be paid in a lump sum. If the participant leaves for other situations and the account balance is greater than \$5,000, the balance will be paid after a five-year waiting period to be paid in annual installments.

Diversification:

Participants who are at least age 55 with at least ten years of vested service may elect to transfer 25% to 50% of the value of the total number of shares represented by the Employer Stock Fund account to the Bettcher Industries 401(k) Savings Plan. There were no diversifications for plan years ending in 2019 or 2018.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in disclosures related to fair value measurement.

Investment Valuation

The Plan's investments are stated at fair value. Company common stock is valued by an independent third-party appraiser.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTES TO FINANCIAL STATEMENTS

Bettcher Industries, Inc.
Employee Stock Ownership Plan and Trust

2 Summary of Significant Accounting Policies, Continued

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Reasonable expenses incident to the operation of the Plan, including trustee fees are paid by the Plan and are recorded as incurred. Certain administration fees are paid by the Company.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan's investments include Company stock. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for Plan benefits.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 9, 2020, which is the date the financial statements were available to be issued.

3 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Interest Bearing Cash:

The Plan holds cash in an interest-bearing account. The investment is classified as a Level 1 investment.

Common Stock:

The fair value of the employer's common stock is based on a valuation determined by an independent appraiser. These instruments are classified within Level 3 of the valuation hierarchy.

3 Fair Value Measurements, Continued

Common Stock, Continued:

The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparability, and fair value of Company assets and liabilities. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. The valuation process involves plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

3 Fair Value Measurements, Continued

For the year ended December 31, 2019, the Plan had purchases and sales of assets using significant unobservable inputs (Level 3) of \$-0- and \$1,636,883 respectively.

For the year ended December 31, 2018, the Plan had no purchases and sales of assets using significant unobservable inputs (Level 3).

4 Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated May 4, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

5 Related Party and Party-in-Interest Transactions

The Plan invests in Company common stock, and certain professional fees for the administration and audit of the Plan were paid by the Company, which is a related party.

The Principal Financial Group is the recordkeeper as defined by the Plan, and therefore, these investments qualify as party-in-interest investments. In addition, the Plan has arrangements with various service providers and these arrangements qualify as in party interest transactions, as well.

6 Administration of Plan Assets

The Plan's assets consist of Company common shares and cash, which are held by the Trustee and Wells Fargo as of December 31, 2019 and 2018.

The contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The Trustee also administers the payment of interest and principal on the loan, which is reimbursed to the Trustee through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.
