INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
of AmaWaterways, LLC

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of AmaWaterways, LLC (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2019, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Emphasis of Matter

As discussed in Note B.8 Subsequent Events, the spread of a novel strain of coronavirus ("COVID-19") in 2020 has caused significant volatility in the United States marketplace. There is significant uncertainty around the breadth and duration of business disruptions related to COVID-19, as well as its impact on the U.S. economy. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, and the impact on plan's investments, plan participants and vendors, all of which are uncertain and cannot be determined at this time. The financial statements have not been adjusted as a result of this uncertainty.

AMAWATERWAYS, LLC
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A - DESCRIPTION OF THE PLAN

The following description of AmaWaterways, LLC (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective June 1, 2006, AmaWaterways, LLC (the "Company" or "Employer") adopted the AmaWaterways, LLC Plan for the benefit of all eligible employees. The Plan is 401(k) prototype plan under Section 401(a) and 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974.

2. Operational Error

The Plan detected an error in the calculation of compensation that should be utilized in determining participant contributions. The Plan submitted an application through the Internal Revenue Service ("IRS") Voluntary Correction Program ("VCP"). In June 2019, the Plan received a compliance statement indicating that the Plan's correction methodologies were accepted by the IRS. The Qualified Nonelective Contribution was recorded as of December 31, 2018.

3. Eligibility

All employees are immediately eligible to participate in the Plan with no minimum service or age requirement.

4. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to the maximum deferral limit per Section 402(g)(1) of the IRC. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

For the Plan year ended December 31, 2019, the Employer made safe harbor matching contributions in an amount equal to 100% of the first 4% of participants' gross annual compensation, subject to established annual compensation limits.

At the option of the Company, additional employer contributions can be made. No additional contributions were made for the Plan year ended December 31, 2019.

5. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of investment options held by Reliance Trust Company as chosen by the Company.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

6. Participant Accounts

Each participant's account is credited with the participant's contribution, employee rollovers, safe harbor matching contributions and employer nonelective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

7. Vesting

Each participant is 100% vested in all contributions made to the Plan.

8. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. In addition, participants may receive distributions upon attaining age 59 ½ or for financial hardship, if certain criteria are met.

9. Plan Termination

While the Company has not expressed any intent to terminate the Plan, the Company reserves the right to terminate the Plan at any time. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

10. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may only have one loan outstanding at any time. Generally, loans have a five-year term, except in the case where the loan is used to acquire the principal residence of the participant, in which case the loan must be repaid within a period not to exceed thirty years. The loans are secured by the balance in the participant's account and must bear a reasonable interest rate, currently prime rate plus 2%. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Company is the Plan Sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under The Employee Retirement Income Security Act of 1974 ("ERISA").

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Administrative Expenses

Administrative expenses incurred by the trustee in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Plan Sponsor. Investment related expenses are included in net appreciation of fair value of investments.

5. Payment of Benefits

Benefits are recorded when paid.

6. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Subsequent Events

Plan management has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio may be adversely impacted. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report and therefore, the losses that will be recognized in subsequent periods, if any, cannot be determined.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted relief provisions related to hardship withdrawals and loans included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

NOTE C - INVESTMENTS AND CERTIFICATION BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors, not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee, as complete and accurate to the best of their knowledge, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

- Investments held and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018
- Net investment income and interest income on notes receivable from participants reflected in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019
- Investments reflected in the schedule of assets (held at end of year)

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at quoted net asset value ("NAV") of shares held by the Plan at year end. These funds are required to publish their daily net asset value and transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

Common collective trust funds: Valued at the NAV of units of a collective trust, the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 5,590,562	$ -	$ -	$ 5,590,562
Investments at fair value	$ 5,590,562	$ -	$ -	5,590,562
Investments measured at net asset value [(a)]				5,478,283
				$ 11,068,845

Assets at Fair Value as of December 31, 2018:

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 3,754,667	$ -	$ -	$ 3,754,667
Investments at fair value	$ 3,754,667	$ -	$ -	3,754,667
Investments measured at net asset value [(a)]				4,031,040
				$ 7,785,707

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively.

2019	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 5,478,283	N/A	Daily [(b)]	None [(b)]

2018	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common collective trusts	$ 4,031,040	N/A	Daily [(b)]	None [(b)]

(b) Although participant transactions may generally occur daily, participant withdrawals from the trusts may limit redemptions from the portfolio. Limitations on redemptions may be imposed in response to market factors or actual anticipated redemption activity. Investors may not receive prior notice of such limitations. Certain trusts require a 15 day notice for plan-directed redemptions if the operator of the trust, in its sole discretion, determines transactions to be considered significant in size.

NOTE E - TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the IRS on July 8, 2014, which stated that the volume submitter plan, as then designed, was in compliance with applicable sections of the IRC. The Plan has been amended since receiving most recent opinion letter, however, with the exception of the operational error discussed at Note A.2, the plan administrator and the Plan's advisors believe that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2016.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

The trustee is a party-in-interest with respect to the Plan. All investments are held with the trustee. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.
