Henkel 401(k) and Defined Contribution Plan

Notes to Financial Statements

December 31, 2019 and 2018

1. Description of Plan

The following description of the Henkel 401(k) and Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Henkel of America (the Company or Henkel). The Henkel of America, Inc. Benefits Administrative Committee (the Committee), and the plan administrator control and manage the operation and administration of the Plan. Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan. The Plan is subject to various regulations, particularly those under Internal Revenue Code (IRC) Section 401(k) and the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective January 1, 2019 to 1) reflect the merger of the Pravana International, LLC 401(k) Plan and 2) document the transfer to the Plan of a portion of the assets of the Shiseido Americas Group Retirement Plan, and the GCP Applied Technologies Inc. Savings & Investment Plan. The merger resulted in a transfer in of \$103,574,083, which is reflected in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2018. \$101,954,908 was transferred in from the Shiseido Americas Group Retirement Plan, and the GCP Applied Technologies Inc. Savings & Investment Plan. \$1,619,175 was transferred in from Pravana International, LLC 401(k) Plan and Trust in 2019 and was recorded as a transfer in and a receivable to the Plan as of December 31, 2018 as reflected on the Statements of Changes in Net Assets Available for Benefits and the Statements of Net Assets Available for Benefits. In 2019 Shiseido Americas Group Retirement Plan made a final transfer, relating to the 2018 transaction, to the Plan in the amount of \$410,092 as reflected in the Statements of Changes in Net Assets Available for Benefits.

Contributions

Each year, participants may contribute up to 50 percent of pretax compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Roth contributions for nonunion participants are also permitted. The Company's matching contribution is 100 percent of the participants' contribution up to 4 percent of eligible compensation. Certain participants, in accordance with the plan document, receive a nonelective matching contribution of 2 percent of eligible compensation each pay period. The Plan includes a true up provision for the Company's matching contribution, as defined in the plan document. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Notes to Financial Statements

December 31, 2019 and 2018

In addition, the Company makes a nonelective contribution payable to eligible participants as defined in the plan document in accordance with the following schedule, which is required to be made each year. The Company may also make discretionary contributions as determined by their Board of Directors. No discretionary contributions were made for the 2019 and 2018 plan years.

Years of Service	Contributions as a Percentage of Recognized Compensation, as Defined
Less than 2 years	4 %
2 years but less than 4 years	5
4 years but less than 6 years	6
6 years but less than 8 years	7
8 years but less than 10 years	8
10 years but less than 12 years	9
12 or more years	10

Participant Accounts

Each participant's account is credited with the participant's contributions, and the Company's contributions as well as the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2007, participants are fully vested immediately in the Company's matching contribution plus actual earnings thereon, except Buffalo Union participants, who become fully vested after 3 years of service. Vesting in the Company's nonelective and discretionary contributions are based on years of credited service on a graded vesting schedule with 100 percent vesting after 5 years of credited service.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 10.00 percent at December 31, 2019, which are commensurate with local prevailing rates at the inception of the loans as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

Upon termination of service for any reason, a participant is eligible to receive the vested interest in their account in a lump sum or an annuity payment. The annuity option is available only if the vested interest exceeds \$5,000. A participant may elect a hardship distribution in certain circumstances as defined in the plan document.

Forfeited Accounts

As of December 31, 2019 and 2018, available forfeited nonvested accounts totaled \$376,365 and \$1,423,296, respectively. These accounts may be used to pay administrative expenses and reduce future Company contributions. During 2019 and 2018, forfeitures of \$2,356,167 and \$1,355,976, respectively, were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, *Fair Value Measurement*. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the FASB finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Notes to Financial Statements

December 31, 2019 and 2018

Subsequent Events

The Plan has evaluated subsequent events for the recognition or disclosure through October 9, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was enacted and signed into law. The Plan opted into the provisions of the CARES Act that allows participants to take penalty free withdrawals with a limit of \$100,000 through December 2020, loan limit increases to \$100,000 and the suspension of required minimum distributions for 2020.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund is valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

December 31, 2019 and 2018

The Fidelity Stable Value fund consist of one underlying collective trust at December 31, 2019 and 2018, the Fidelity Managed Income Portfolio II. The collective trust is valued at the NAV of units of the bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner.

The brokerage link account consists of Level 1 and Level 2 investments which include a money market fund (valued as previously stated), mutual funds (valued as previously stated), common stocks which are valued at quoted market prices in an active market, on which the securities are traded and other investments with values derived from or corroborated by observable market data by correlation or other means.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

4. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner in accordance with plan provisions.

6. Tax Status

The IRS has determined and informed the Company by a letter dated May 30, 2012, indicating that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been restated and amended since receiving this determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan held no investments that exceeded 10 percent of net assets available for benefits.

8. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2019 and 2018. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019 and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2019 and 2018.

9. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

10. Delinquent Participant Contributions

For the years ended December 31, 2019 and 2018, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions totaled \$20,103, of which \$17,481 were related to 2018 and corrected in 2019 and \$2,622 relate to 2019, which will be corrected in 2020. Additionally, the Company compensated participants for lost earnings resulting from the delay in 2018 contributions and will compensate participants for lost earnings resulting from the delay in 2019 contributions.
