Note 1 – Summary of Significant Accounting Policies

A summary of the McKinney Vehicle Services, Inc. 401(K) Profit Sharing Plan & Trust's ("the Plan") significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Investments: The Plan carries its investments at fair value. The Plan's custodian provides fair value based on quotations from national exchanges, if available. For investments that have no quoted market price, fair value is determined based on yield equivalents for such securities or for securities of comparable maturity, quality, and types as obtained from market makers. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments that consists of realized gains or losses and unrealized appreciation and depreciation of those investments.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Note 2 – Description of Plan and Contributions

A description of the Plan and contributions is as follows:

General: The Plan is a defined contribution and profit sharing plan covering all eligible employees of McKinney Vehicle Services, Inc. (the "Company"). The Plan, subject to the provisions of the Employee Retirement Income Security Act of 1974, became effective on January 1, 1998. The Plan was amended in April 2015 to adopt an automatic data processing prototype 401(K) and profit sharing plan under its recordkeeper, ADP.

Eligibility: Employees may participate in the Plan the first day of the following month after completing three months of eligible service and attaining age 21.

Participant Contributions: Participants may voluntarily contribute to the Plan an amount from 1% to 86% of eligible earnings, subject to limitations of the Internal Revenue Code, as defined by the Plan agreement.

Note 2 – Description of Plan and Contributions (Continued)

Employer Contributions: The Company makes a matching contribution equal to 100% on the first 90% of the participant's compensation which is deferred as an elective deferral, not to exceed $1,500. For the year ended December 31, 2019, the Company made contributions totaling $223,927.

Investment Direction: Each participant directs the investment of all assets attributable to their respective account.

Vesting: The participants are 100% vested with respect to their own contributions upon entering the Plan. The vesting percentages for the employer matching contributions based on years of service are as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become 100% vested if they become disabled, or upon death while employed.

Notes Receivable from Participants: The Plan allows loans to participants up to 50% of their vested account balance, up to a maximum of $50,000. The minimum loan amount is $500. Loan repayments are made through payroll deductions and must generally be repaid within five years. Loans to acquire a principal residence may be repaid in excess of five years but no more than thirty years. Loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates (prime plus 2%).

Forfeitures: Forfeitures shall be applied to offset employer's contributions in accordance with the Plan.

Note 3 – Income Tax Status

The IRS has determined and the Plan trustee has been informed by a letter dated July 8, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of the Plan's termination, participants in the Plan will become fully vested in their account balance.

Note 5 – Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest on notes receivable from participants and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, and, accordingly, was unaudited as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations.

Note 6 – Fair Value Measurements

Assets and liabilities recorded at fair value are categorized based upon the level of judgment associated with the inputs used to measure the fair value. Level inputs, as defined by ASC 820, are as follows:

Level 1 – quoted prices in active markets for identical assets or liabilities
Level 2 – other significant observable inputs for the assets or liabilities through corroboration with market data at the measurement date
Level 3 – significant unobservable inputs that reflect management's best estimate of what market participants would use to price the assets or liabilities at the measurement date

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 4,552,499	$ -	$ -	$ 4,552,499
Total investments at fair value	$ 4,552,499	$ -	$ -	$ 4,552,499

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 3,129,479	$ -	$ -	$ 3,129,479
Total investments at fair value	$ 3,129,479	$ -	$ -	$ 3,129,479

The valuation techniques used to measure fair value of the investments are included in Note 1.

See independent auditors' report.

Note 7 – Exempt Party-In-Interest and Related Party Transactions

Certain plan investment options are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the balance in the participant's account. Such transactions are also considered related party transactions. For the year ended December 31, 2019, total principal amounts of $94,420 of loans were issued to participants.

Note 8 – Notes Receivable from Participants

Notes receivable from participants bear interest at a range of 6.00% - 7.50% and are receivable in monthly installments over a period of one to five years. Loan balances range from $146 to $27,083 at December 31, 2019.

Note 9 – Excess Contributions Refundable

During a Plan year, various participants may over-contribute to the Plan. The participants' excess contributions are returned to the participants.

Note 10 – Risks and Uncertainties

The Plan provides for various investment options in funds which participants can invest in. Investments are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.
