Each employee is eligible to participate immediately after the attainment of age 18 and the completion of 90 days of service. Upon the participant's eligibility, the participant is automatically enrolled in the Plan with an automatic deferral set at 3% of compensation unless the participant makes a contrary election. Those who are automatically enrolled will have their deferral rate increased by 1% each year until it reaches a maximum of 10% of compensation.

Contributions

Each year, participants may contribute up to 60% of their pre-tax annual compensation, as defined by the Plan, in an amount not in excess of the maximum allowed by the Internal Revenue Code ("IRC"). Participants who have reached age 50 as of the end of the Plan year are eligible to make catch-up contributions as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes a matching contribution equal to 100% of the first 5% of a participant's eligible deferred compensation. This matching contribution is reduced to 50% of the first 5% of eligible deferred compensation for highly compensated participants. In November 2019, the Plan was amended to change the employer matching contribution to be equal to 100% of the first 5% of a participant's eligible deferred compensation for all employees, including highly compensated employees, effective January 1, 2020. In addition, the Company may, at the directive of its board of directors or its stockholder, make a discretionary contribution annually. Eligible participants who are employed on the last day of the Plan year share in the discretionary contribution. The plan sponsor's discretionary contributions to the Plan are allocated to each participant's account in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. The Company did not make a discretionary contribution for the year ended December 31, 2019.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, an allocation of the Company's contribution and investment earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their separate accounts into various investment options offered by the Plan. The Plan currently offers several investment options for participants.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans to participants are collateralized by the participant's vested account balance and are subject to interest charges. Loan terms range from one to five years, except for loans used for the purchase of a primary residence, which range from one to ten years. Interest rates applicable to participant loans are determined by the plan administrator. Loans outstanding at December 31, 2019 bear interest at rates ranging from 4.25% to 6.50% and mature through August 2028. Loans outstanding at December 31, 2018 bore interest at rates ranging from 4.25% to 8.50%. Principal and interest are paid through payroll deductions.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on continuous years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Years of service includes all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan. The value of the participant's account becomes fully vested upon the earlier of the participant's 65th birthday or death, provided the participant is an employee as of such date. In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant (or beneficiary) may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account or a distribution under a systematic withdrawal plan. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

Forfeited accounts

Non-vested Company contributions forfeited by participants upon termination are used to pay Plan expenses or reduce Company contributions. The remaining forfeitures are allocated to remaining participant accounts in the ratio of the participant's eligible annual compensation to the total eligible annual compensation paid to all eligible participants. During the year ended December 31, 2019, $87,896 of forfeitures were allocated to participant accounts. Unallocated forfeitures at December 31, 2019 and 2018 amounted to $90,469 and $87,897, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative U.S. GAAP.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

The majority of costs and expenses of administering the Plan are allocated and charged to participant accounts. The Plan permits the payment of Plan expenses to be made from the Plan’s assets. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, which is a party-in-interest. These expenses would not be reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA.

Excess contributions payable

Excess contributions payable as of December 31, 2019 and 2018 represent amounts due to the Company for excess employer matching contributions made during the Plan year to certain highly compensated participants.

NOTE 3 - INVESTMENTS

The Plan assets are held by Reliance Trust Company, the Trustee of the Plan, pursuant to the trustee agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation in the fair value of investments of $2,614,723, which consists of realized gains or losses and unrealized market value changes of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures* are described as follows:

Inputs are classified into the following hierarchy based on the level of judgment used to measure their fair value:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund (collective trust): The stable value fund (collective trust) as of December 31, 2019 and December 31, 2018 consists of the Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053. The fair value of the Plan's interest in the stable value fund is based upon the NAV of such fund reflecting all investments at fair value, including interests in fully benefit-responsive contracts, as reported by the trustee of the funds.

The Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 is a collective trust fund that seeks to preserve principal and to provide interest income reasonably obtained under prevailing market conditions and rates. The Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25053 was formed for the purpose of allowing participating Plan Sponsors to invest in MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000 (collectively, the "Contracts") issued by Metropolitan Life Insurance Company to Reliance Trust Company. The Contracts are guaranteed investment contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,434,243	$ -	$ -	$ 19,434,243
Self-directed brokerage accounts	25,558	-	-	25,558
Total investments in fair value hierarchy	19,459,801	-	-	19,459,801
Stable value fund (collective trust)	-	-	-	5,628,559
Total investments at fair value	$ 19,459,801	$ -	$ -	$ 25,088,360

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,801,877	$ -	$ -	$ 13,801,877
Self-directed brokerage accounts	16,827	-	-	16,827
Total investments in fair value hierarchy	13,818,704	-	-	13,818,704
Stable value fund (collective trust)	-	-	-	5,326,074
Total investments at fair value	$ 13,818,704	$ -	$ -	$ 19,144,778

The stable value fund (collective trust) measured at fair value using the NAV per share (or its equivalent) as a practical expedient has not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the Statements of Net Assets Available for Benefits. The stable value fund (collective trust) has no redemption restrictions or unfunded commitments and redemptions of these investments may occur each business day.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee of the Plan's assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments and notes receivable from participants in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;

- Net appreciation in fair value of investments, dividends, and interest for the year ended December 31, 2019 included in the Statement of Changes in Net Assets Available for Benefits; and

- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2019.

NOTE 6 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account.

NOTE 7 - TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are managed by the Trustee. Transactions with the Trustee qualify as exempt party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. The administrative fees paid by the Plan include account fees which are charged to participants, and third-party fees for Plan administration.

The Plan's investment advisor is a related individual. Transactions with the investment advisor qualify as party-in-interest transactions. Advisory fees amounting to $39,767 were paid by the Plan for the year ended December 31, 2019.

NOTE 11 - SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization recognized the spread of the coronavirus disease 2019 (COVID-19) as a pandemic. The impacts of the COVID-19 pandemic have been pervasive across the economy and created substantial volatility in financial markets. The situation continues to develop rapidly and considerable uncertainty remains with respect to potential outcomes.

NOTE 11 - SUBSEQUENT EVENTS (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act became law. The CARES Act contains various provisions impacting qualified retirement plans and their participants. Plans are permitted to implement these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. During 2020, the Plan implemented the following provisions, as summarized, under the CARES Act:

- Distributions provision - This provision allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan and includes relief from the 10% withdrawal penalty for participants under the age of 59.5 years.
- Required minimum distributions provision - This provision allows for the waiver and suspension of the required minimum distributions that were to be made to qualified Plan participants during the year ended December 31, 2020.
- Participant loans provision - This provision allows for higher limits on new loans issued during a certain period in 2020. The higher limit is for a maximum loan amount equal to the lesser of $100,000 or 100% of the participant's vested account balance.
- Temporary loan repayment deferral provision - This provision allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated by the Plan through October 7, 2020, which is the date the financial statements were available to be issued.
