1. Description of Plan:

The following description of Aris Horticulture, Inc. Third Amended and Restated Tax Deferred Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – Aris Horticulture, Inc. (the “Company”) established the Plan effective January 1, 1984 and has been amended on various dates. The Plan is a contributory tax deferred plan established under Section 401(k) of the Internal Revenue Code. Any employee of the Company is eligible to become a member of the Plan if he or she has attained the age of 21 and is not a member of a union with which the Company has a collective bargaining agreement. The Company administers the Plan, and Merrill Lynch is the trustee of the Plan’s investment assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The participating employees make contributions to the Plan according to their written wage reduction agreement with the Company, not to exceed 75% of annual compensation. New participants may enroll in the Plan on the first day of any month after fulfilling the eligibility requirements. Participant contribution rates may be changed at any time. The Company, at its discretion, may make contributions on the participants’ behalf to the Plan at a predetermined rate based on the age of the participant as of December 31 of that calendar year. The Company withholds and remits to the trustee semi-monthly contributions in an amount equal to the participant’s eligible earnings multiplied by the contribution rate applicable to each participant and the company’s contribution.

Participants’ Accounts – Each participant’s account is credited with the participant’s contributions, the company’s contribution, if any and earnings thereon. The total amount contributed annually by each participant cannot exceed the amount specified under Section 401(k) of the Internal Revenue Code.

Vesting – Participants are immediately vested in their voluntary contributions, as well as the Company’s contributions, if any, and related earnings.

Withdrawals – Withdrawals are not permitted before age 59½ except in the event of death, disability, termination of employment, or reasons of proven financial hardship.

1. Description of Plan, Continued:

Payment of Benefits – Upon termination of service due to death, disability, and retirement or other reasons, participants with a vested interest in their accounts of \$5,000 or more may elect to receive a lump-sum distribution, roll over the amount into another qualified plan or leave the funds invested as is. Participants with a vested interest in their accounts of less than \$5,000 automatically receive lump-sum distributions.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event the Plan is terminated, the Trustee shall distribute account balances to participants in accordance with the Plan.

2. Significant Accounting Policies of the Plan:

The significant accounting policies followed by the Plan are summarized below.

Method of Accounting – The Plan’s policy is to prepare its financial statements on the accrual basis of accounting. Specifically, benefits are recorded when incurred, and contributions are recorded when withheld from payroll or when declared for Company contributions.

Investment Valuation – Marketable securities are stated at fair value. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Administrative Costs – Trustee and audit fees are generally paid by the Plan, while the Company pays other costs of administering the Plan. Certain administrative and clerical functions are performed by Company employees at no charge to the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, the plan administrator does not expect those differences to be significant to the financial statements.

2. Significant Accounting Policies of the Plan, Continued:

Risks and Uncertainties – The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Reclassifications – Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

3. Trustee Certification:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 5,637,434	\$ 5,242,197
Interest and dividend income	351,457	481,180
Net appreciation (depreciation) in fair value of investments	796,896	-
		(832,068)

4. Party-In-Interest Transactions:

The third-party administrator receives fees for various administrative services provided during the year. Fees paid using Plan assets during the years ended December 31, 2019 and 2018 for these services totaled \$878 and \$692, respectively. These fees were based on customary and reasonable rates for such services.

During the year ended December 31, 2019, the Company provided certain administrative services to the Plan for which it received no compensation.

5. Tax Status:

The Internal Revenue Service has determined and informed the Company by letter dated June 4, 2002 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2017.

6. Fair Value Measurements:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

6. Fair Value Measurements, Continued:

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following table set forth by level, within the fair value hierarchy, the Plans assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019:

	Total	(Level 1)	(Level 2)	(Level 3)
Mutual Funds	\$ 5,336,977	\$5,336,977	-	\$ -
Common Collective Trust	<u>300,457</u>	<u>-</u>	<u>300,457</u>	<u>-</u>
Total	\$ <u>5,637,434</u>	\$ <u>5,336,977</u>	\$ <u>300,457</u>	\$ <u>-</u>

Assets at Fair Value as of December 31, 2018:

	Total	(Level 1)	(Level 2)	(Level 3)
Mutual Funds	\$ 4,891,436	\$4,891,436	\$ -	\$ -
Common Collective Trust	<u>350,761</u>	<u>-</u>	<u>350,761</u>	<u>-</u>
Total	\$ <u>5,242,197</u>	\$ <u>4,891,436</u>	\$ <u>350,761</u>	\$ <u>-</u>

7. Investment Contract:

The Plan has entered into an investment contract with Federated Investors Trust Company who maintains the contributions in the collective trust fund (“the Fund”). The Fund is credited with earnings on the underlying investments and charged for the Plan withdrawals and transaction fees charged by Federated Investors Trust Company. Net investment income is distributed monthly and is reinvested to purchase additional units.

The Fund seeks a stable constant value per unit utilizing investments primarily in money market funds and guaranteed investment contracts. Valuation procedures are such that contract value is expected to approximate fair value. Therefore, the Fund is presented at fair value as described in Note 6.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

7. Investment Contract, Continued:

There are no reserves against contract value for credit risk of the contract value or otherwise. The fair value of the investment contract at December 31, 2019 and 2018 was \$300,457 and \$350,761, respectively.

Certain events limit the ability of the Plan to transact a contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Federated Investors Trust Company may terminate the contract on the last day of the month specified in a written notice to the contract owner for a reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets held or participants covered less than the amount or number required by the state of Pennsylvania, Plan disqualification, and if the contract owner is charged such that the Plan Sponsor would no longer be considered an eligible sponsoring organization for this type of contract.

8. Subsequent Events:

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on customers, employees and vendors all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact the Plan's financial condition or results of operations is uncertain.

Management has evaluated subsequent events through October 9, 2020, the date on which the financial statements were available to be issued. No additional events occurred that would require adjustments to, or disclosures in the financial statements.
