NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Mr. Bult's, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which was established in January 1993 under the provisions of the Internal Revenue Code Section 401(k). The Plan provides employees eligible to participate an opportunity to accumulate funds for retirement, death and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility to Participate - Generally, each employee of the Company that reaches the age of 21 can enter the Plan after two months of service from date of hire. Certain union employees are ineligible to participate because of a collective bargaining agreement.

Contributions - Individual participants may elect to contribute a percentage of their total compensation for the Plan year, not to exceed IRS limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. To the extent net profits are available, the Company will make discretionary contributions at the sole discretion of its Board of Directors. The Board elected not to make a profit-sharing contribution for plan years 2019 and 2018. The Company match is $0.50 per $1.00 contributed by the participant up to 8%, not to exceed 4% of the participant's wages.

Vesting of Accrued Benefits - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service. In addition, 100% vesting occurs upon the normal retirement, death, or disability of a participant.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the company's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period based on the beneficiary's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Notes Receivable from Participants - The Plan does not permit notes receivable from participants.

Forfeited accounts - The Plan contains a forfeiture balance account that includes employer contributions that are forfeited when a participant leaves the plan before they are 100% vested. The forfeiture amounts can be used to pay fees or the Company match portion of the contributions. In 2019 and 2018, the Company used $51,582 and $23,217 of the forfeitures for Company contributions, respectively. At December 31, 2019 and 2018, the forfeiture account had a balance of $124,804 and $56,763, respectively.

Plan Amendment - The Company has the right to amend the Plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits - Benefits are recorded when paid.

Administrative Costs - Certain administrative costs of the Plan are paid by the Company and are not included in these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Plan Amendment - The Company has the right to amend the plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant unless such amendment is required by the Internal Revenue Code.

Subsequent Events - In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through October 9, 2020, the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact the future fair value of investments. Any financial impact is unknown at this time.

NOTE 3 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company, (the trustee of the Plan), as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This certificate applies to the investment assets, transactions, income and a schedule of investments. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2019	2018
Investments, at fair value	$ 14,993,279	$ 11,898,489
Net appreciation (depreciation) in fair value of investments	1,936,625	(1,497,470)
Dividends and interest	583,105	655,251

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or labilities in active markets that the Plan has the ability to access.

NOTE 4 - FAIR VALUE MEASUREMENTS - (Continued)

Level 2 - Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds and money market funds - Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2019, the Plan's investments measured at fair value on a recurring basis were as follows:

	Level 1	Level2	Level 3
Mutual funds	$ 14,993,279	$ 0	$ 0

As of December 31, 2018, the Plan's investments measured at fair value on a recurring basis were as follows:

	Level 1	Level2	Level 3
Mutual funds	$ 11,898,489	$ 0	$ 0

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.
Transactions during 2019 and 2018 with parties-in-interest included payment of trustee fees for the Plan.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2017.

NOTE 7 - SEPERATED PARTICIPANTS

As of December 31, 2019 and 2018 the plan did not have any assets allocated to participants who have elected to withdraw from the plan but have not yet been paid, respectively.

NOTE 8 - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account.
