Report of Independent Auditors

The Investment and Compensation Committee
Autoliv ASP, Inc. Employee Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Autoliv ASP, Inc. Employee Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2019 and 2018, and for the year ended December 31, 2019, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Savings and Investment Plan
Notes to Financial Statements

December 31, 2019

1. Description of Plan

The following description of the Autoliv ASP, Inc. Employee Savings and Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide eligible employees with an incentive to make systematic savings for retirement from current income through payroll deductions. The Investment and Compensation Committee (the Committee) is responsible for the general administration of the Plan. The Plan is subject to the provisions of the Internal Revenue Code (the Code), section 401(a) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Substantially all domestic employees of Autoliv ASP, Inc. (the Company) are eligible to participate in the Plan. Employees become eligible participants upon their date of hire, without satisfying any age or service requirements.

Contributions

Participation in the Plan is voluntary. Participants make contributions to the Plan of any whole percentage up to a maximum of 50% of base pay, not to exceed the Code's limit. Participants can elect to treat their contributions on a before and/or after-tax basis. The Plan also allows for Roth 401(k) contributions. The Company contributes an amount equal to 100% of the first 3% of the participants' compensation contributed to the Plan and 50% of the next 2% of participants' compensation contributed to the Plan. This determination is made on a cumulative, annual basis.

Employee and employer contributions are allocated among any of the Plan's investment fund options in accordance with participants' elections. Participants may transfer amounts from one investment fund to another.

Unless the Plan's record keeper, Empower, is otherwise notified, all employees are automatically enrolled into an age appropriate target maturity strategy mutual fund at a contribution rate of 5% of base pay. The initial automatic deferral increases annually in 1% increments to a maximum of 10%, absent an alternate election made by the participant.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) the Plan's earnings, and is charged with an allocation of certain administrative expenses not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employee and employer contributions and earnings, if any, thereon.

Participant Loans

Active participants may obtain loans from the Plan. The maximum loan amount is subject to certain restrictions of the Code and the Plan's provisions, and each loan is secured by the participant's account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The interest rate on loans is the prime rate, as defined, plus 1%. Loan interest rates are reviewed monthly and adjusted prospectively. Principal and interest are paid through payroll deductions. If a participant terminates employment with the Company, the entire unpaid balance, including principal and interest, becomes due and payable. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 90 days.

Benefit Payments

On termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account, or upon death, disability, or retirement elect to receive annual installments over a ten-year period. Benefits are recorded when paid. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS). The Company early adopted the changes contained within the Bipartisan Budget Act of 2018 for the 2019 plan year—eliminating certain restrictions on hardship withdrawals—such as, (1) elimination of 6-month suspension of contributions, (2) elimination of requirement to first take plan loans, (3) expansion of amounts eligible for hardship distributions, among other changes made by the IRS.

1. Description of Plan (continued)

Plan Record-Keeper and Trustee

As of December 31, 2019 and 2018 the record-keeper of the Plan is Empower Retirement and the trustee/custodian is Great West Trust Company.

Administrative Expenses

All administrative and general expenses of the Plan are paid by the participants of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate, amend, modify, or suspend the Plan at any time. In the event the Plan is terminated, the entire value of the investment funds shall be applied for the exclusive benefit of participants, and no part of the funds will revert to the Company. Upon termination of the Plan, the Company will have no obligation to continue making contributions to the Plan.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

2. Significant Accounting Policies (continued)

Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. The contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through participation in the New York Life Separate Account, a traditional guaranteed investment contract fund.

Investment Valuation and Income Recognition

All of the Plan's investments are held in trust at Great West Trust Company. Great West Trust Company acts as the Plan's trustee and custodian.

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires the Plan's management to make estimates that affect the amounts reported in the financial statements and accompanying notes and the supplemental schedule. Actual results could differ from those estimates.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and the net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Great West Trust Company, the trustee of the Plan. In addition, the contract value of the New York Life Separate Account Guaranteed Investment Contract was certified as complete and accurate by the Great West Trust Company.

Notes to Financial Statements (continued)

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based the lowest level input that is significant to the fair value measure in its entirety. Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Shares of mutual funds are valued at quoted market prices, which represent the net asset values (NAV) of shares held by the Plan at year-end. The fair values of participation units in common

Autoliv ASP, Inc.
Employee Savings and Investment Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

and collective trust funds are based on NAV and have readily determinable fair values as they are traded daily and the NAV is readily available. Short-term investment fund units are purchased daily for any uninvested cash. These units are valued at par, which is equal to the redemption value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Company's own assumptions are set to reflect those that it believes market participants would use in pricing the asset or liability at the measurement date. The Company uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, information about the Plan's investments measured at fair value (in thousands):

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

There are no future commitments or redemption restrictions associated with the common and collective trust funds.

5. Separate Account Guaranteed Investment Contract

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract (GIC). The issuer maintains the contributions in a separate account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 4%. Pursuant to an agreement effective August 1, 2014 the Plan retains .25% of the total GIC value in an ERISA expense account which is used to cover expenses of the Plan. At the Company's discretion, unused earnings may be credited back to participants who hold, or have held, positions in the GIC during the period.

Contract value represents the contributions under the contract plus reinvested income at the crediting rate less any withdrawals and expenses. Contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The crediting interest rate for the investment contract is reset annually by the issuer based on market performance and cannot be less than zero.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The separate account guaranteed investment contract does not permit the issuer to terminate the agreement prior to the scheduled maturity date.

Autoliv ASP, Inc.
Employee Savings and Investment Plan
Notes to Financial Statements (continued)

5. Separate Account Guaranteed Investment Contract (continued)

The average yields earned by the Plan for the fully benefit-responsive investment contract for the year ended December 31 are:

	<u>2019</u>	<u>2018</u>
Average yields:		
Based on actual earnings	4.00%	4.00%
Based on interest rate credited to participants	4.00	4.00

6. Income Tax Status

The Plan has received a determination letter from the IRS dated June 27, 2014, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Autoliv ASP, Inc.
Employee Savings and Investment Plan
Notes to Financial Statements (continued)

8. Subsequent Events

Subsequent to December 31, 2019, the global pandemic related to the coronavirus outbreak has caused significant disruption to businesses resulting in a global economic slowdown with governments around the world taking actions to curtail the spread of the disease. Global equity and fixed income markets have experienced significant uncertainty and volatility. The duration and magnitude of the impact of the outbreak and the impact on the economy are not known at this time. The financial effect on the Plan is not included in the financial statements as of and for the year ended December 31, 2019.

The Company has evaluated subsequent events that have occurred through October 8, 2020, the date the financial statements were available to be issued and noted that there were no reportable events.
