Note A - Description of the Plan

The following brief description of the Hussmann Corporation Employee Savings Plan for Bargained Employees (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 2012, as a defined contribution plan sponsored by Hussmann Corporation ("Company"). The Plan assets were transferred into this plan from its former parent company plan on April 1, 2012. As of April 1, 2016, Hussmann became a wholly owned subsidiary of Panasonic Corporation of North America. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

For deferral contributions, employees must have completed one year of service including at least 1,000 hours. Employees are eligible on the first day of the month after meeting the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of eligible pretax annual compensation as defined in the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (the "IRC"). Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions, subject to the maximum limit imposed by the IRC. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company matches 100% of participant contributions up to 3% of the participant's eligible compensation. Only participants who were hired after December 23, 2018 will be eligible for the matching contributions.

Participant Accounts

Each participant's account is credited with the participant's elective and, if applicable, rollover contributions, transfers to the Plan, and allocations of Plan earnings (losses), and is charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their contributions and the Company's contributions plus actual earnings thereon.

Note A - Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The Plan allows participants to borrow funds from the Plan based on certain conditions. Noted terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years as determined by the Plan Administrator. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account. Upon termination of service, death, disability, or retirement, the participant may elect to receive a distribution for the value of the interest in their vested account in the form of a lump-sum distribution. The Plan allows for in-service and hardship distributions, subject to the Plan provisions.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with the generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of the investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Loan balances are secured by participant accounts.

Administrative Expenses

The administrative expenses are paid primarily by the Plan. The Company may choose to pay certain expenses on behalf of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Benefit Payments

Benefit payments are recorded when paid.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 12, 2020, the date the financial statements were available to be issued.

Note C - Certification of Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust, the trustee of the Plan, has certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019; and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Collective trust funds - Valued at the net asset value ("NAV") of the units of the individual bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note D - Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	Fair Value at December 31, 2019	Fair Value at December 31, 2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	$ 13,093,893	$ 11,347,751	$ -	Daily	Daily
Collective trust fund – Cash Series U.S. Government Fund G	$ 289,136	$ 309,484	$ -	Daily	Daily

Note E - Plan Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the volume submitter plan document adopted by the Plan, as then designed, qualified under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination as an applicable requirement of the IRC. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note F - Related Party Transactions

Certain Plan investments include units of collective trusts managed by State Street Bank and Trust. State Street Bank and Trust is the trustee as defined by the Plan and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note H - Risks and Uncertainties

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I - Subsequent Event

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among other, allow certain eligible individuals to receive coronavirus-related distributions, initiate larger loans, temporarily suspend repayment of outstanding loans, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted later in accordance with applicable law and IRS guidance.
