Tierra Lease Service, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2019

1. Significant Accounting Policies

The following is a description of significant accounting policies followed by the Tierra Lease Service, LLC 401(k) Plan (the "Plan") in the preparation of its financial statements:

Basis of Accounting

The accounting records of the Plan and the Form 5500 prepared by Fidelity Management Trust Company are maintained and presented on the cash basis. The accompanying financial statements are presented on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Administrative fees incurred by the Plan in 2019 include recordkeeping fees of $1,138. All other expenses of maintaining the Plan are paid by the Employer or participants.

Date of Management's Review
The Plan has evaluated subsequent events through September 11, 2020, the date the financial statements were available to be issued.

2. Description of the Plan

The following description of the Tierra Lease Service, LLC 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Tierra Lease Service, LLC (the "Company") who have completed six months of service and attained age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ('ERISA').

Contributions
Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, or the lesser of the maximum contribution limits as defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company's matching contributions are calculated at 100 percent of the first 3 percent and 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan. Additional amounts may be contributed at the option of the Company's board of directors. All contributions are invested in investment options directed by the participant. Contributions are subject to certain limitations.

Participant Accounts
The participant's contributions, the Company's matching contributions, and investment earnings increase each participant's account. Each participant's account is reduced by investment losses and participant's distributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions and Employer profit sharing contributions plus actual earnings thereon.

Notes Receivable From Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the Participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing interest rate charged on similar commercial loans under the same circumstances by persons in business of lending money. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's accounts or choose an installment plan. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
Participants terminating from the Plan forfeit the balances in their employer accounts to the extent they have not become vested in such amounts. Forfeitures may be used to reduce the Plan's administrative expenses and to reduce the Employer's discretionary contributions. At December 31, 2019, there were no unallocated forfeiture amounts. During 2019, there were no forfeitures applied to reduce the Plan's expenses or the Employer's contributions.

3. Income Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust as amended are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan was amended effective October 31, 2011, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

4. Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("FMTC"), the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,		**2019**		**2018**
Cash	**$**	**98,296**	$	583
Mutual funds	**$**	**1,736,253**	$	1,207,316
Notes receivable from participants	**$**	**71,071**	$	31,937

Year Ended December 31,		**2019**
Net appreciation in fair value of investments	**$**	**213,368**
Interest and dividends	**$**	**96,933**

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2019 has also been certified as complete and accurate by FMTC.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

A number of investments of the Plan are shares of mutual funds managed by the Plan's custodian, and therefore, these transactions qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available per the financial statements as of December 31, 2019 and 2018 to Form 5500:

		2019		2018
Net assets available for benefits per the financial statements	**$**	**1,917,898**	$	1,252,237
Contributions receivable		**(12,278)**		(12,401)
Net assets available for benefits per Form 5500	**$**	**1,905,620**	$	1,239,836

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2019, to Form 5500:

Contributions per the financial statements	**$**	**415,762**
Add: Prior year receivable		**12,401**
Less: Current year receivable		**(12,278)**
Contributions per Form 5500	**$**	**415,885**

9. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the quoted net asset values of the shares held by the Plan at year end.

The following tables present the Plan's investments measured at fair value on a recurring basis as of December 31, 2019 and 2018:

10. Subsequent Events

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.
